In inviting a reference to your memo cited above on the captioned subject, this is to inform you that, on scrutiny of the diversion proposal submitted by you, the following observations are noticed on CA Land identified & CA scheme submitted.

1. Studying the KML file of identified CA land of 17 ha in Kukia RF of Banki Range enclosed with the proposal under DSS of FSI portal it is seen that the area falls in Sambalpur District.(DSS report enclosed as **Sheet-1**)
2. Carving out the identified CA land using the GPS coordinates of the boundary pillars of the identified CA land furnished by you on the Topo sheet Map (Topo sheet no F45M13) of identified CA land using DSS of FSI portal , it is seen the land comprises of 12 ha of MDF & 5 Ha of Open Forest Forest.(DSS report enclosed as **Sheet-2**)
3. The CA scheme envisages planataion in ANR mode with 400 plants/ha over 17 ha , which is not compatible with the crop position as visualized from DSS report at sheet-2.

You are requested to ask DFO Rourkela to study the above aspect and report back this office on the observations made above after making field visit and revise the CA scheme as per factual field situation CA Scheme as well furnish correct KML file of the CA land.
