The proposal was submitted vide letter no. F-69/14-2-2017-800(59)/2017 dated 01st August 2017 and an EDS was raised due to few shortcomings of the proposal vide letter no. 8B/UP/06/53/2017/FC/78 dated 16th August 2017. The reply of EDS is still awaited. The issues raised in EDS are mentioned below:

1. The proposal is a continuation of proposal submitted online FP/UP/ROAD/23576/2017 for widening of the same SH 18 and as per provisions contained in 2.2 (iii) of FCA Handbook integrated proposal shall be submitted not in piecemeal. The matter needs clarification.
2. The signature of person authorised to make application on behalf of User Agency has not been authenticated at part I A-3(xvii).
3. Geo referenced map uploaded at C-b (iv) in part I of the proposal is without geo coordinates of key points.
4. Benefit Cost Analysis provided at G(i)(a) in part I is incorrect.

21/12 ... 26/12/17

[illegible] regarding position of RoW on both sides of the centre line of the road, position of proposed widening on both sides and balance protected forest width.

(b) Difference in chainage length and net length has not been explained in the proposal.

6. Linear Strip plan uploaded with the proposal does not provide details of RoW, widening width required and balance width remaining.

7. (a) As per GIS DSS analysis area of proposed compensatory afforestation is 119 ha only whereas as per requirement of afforestation on double degraded forest land it should be 2x64.6 = 129.2 ha. The issue needs rectification.

(b) CA estimates are without incorporating cost escalation due to inflation.

(c) CA has been proposed on 12 patches, all located in flood plains & river bed of Ganga, the site suitability of such CA patches need reassessment on grounds of survival of plantations during floods.

8. NPV calculation uploaded online is based on incorrect rates.

9. Site Inspection report of CF (as the extent of diversion> 40 ha) is not on prescribed format.

10. Part V of the proposal has not been uploaded with the part II online.

11. District Magistrate has counter signed the certificate to be issued under FRA 2006. The certificate is without date and dispatch no. The content of certificate shall incorporate issues related to rights of primitive forest dwelling communities along with Scheduled Tribe population.

12. Various certificates/documents regarding Van Swaroop Land, non involvement of ESZ of PAs etc has not been uploaded with the proposal.

The compliance of proposal has been submitted from Special Secretary, Government of UP vide letter no. 2971/14-2-2017-800(59)/2017dated 20th December 2017. The issues on sl. No. 04, 08 and 11 of EDS have not been resolved as yet. Further, the felling permission for 10647 no. of trees sought by State Government vide letter dated 20th December 2017 is in variance with the information provided in hard copy of proposal (14,875 no. of poles + 11256 no. of trees).

Decision of REC-

REC deferred the proposal with a observation that replies of EDS shall be furnished on or before next REC.
