Ser No	Type of E.D.S.	विशेष विवरण
1.	The proposal should not be recommended because an alternate road is available to connect PAL Road, so this road is not required.	
2.	After construction of this road, the left out area is very less so cannot be managed and liable to encroachment.	
3.	It is seen from google image of the area that this is very good green cover in the heart of the city, which will be destroyed after construction of the road.
