

**GOVERNMENT OF ANDHRA PRADESH
FOREST DEPARTMENT**

Rc.No.1885/2017-TO,
Dated:-11.11.2022.

Office of the Conservator of Forests,
Kurnool Circle, Kurnool.

**Sri P.Ramakrishna, IFS.,
Conservator of Forests

Sub:-APFD – F(C)Act, 1980 – Diversion of 11.03 Ha. of forest land for upgradation of NH 167B from Km 51/500 to Km 58/500 i.e., from Porumamilla to Chandrasekharapuram to two lanes with paved shoulders under NHDP-IV in the State of A.P in favour of EE (R&B) NH Division, Kadapa – Additional information called for – Reg.

Ref:- 1) PCCF, AP, Guntur Rc.No.EFS02-15034/24/2018-SEC-PCCF/FCA-1, Dt.02.11.2022.
2) CF, Kurnool Rc.No.1885/2017-TO, Dt.04.11.2022
3) DFO, Kadapa Rc.No.1155/2017-A14, Dt.09.11.2022

Immediate attention of the District Forest Officer, Kadapa is invited to the reference cited. In his reference 3rd cited, the report submitted by him in response to the Prl.Chief Conservator of Forests & HoFF, Andhra Pradesh, Guntur reference 1st cited is not fully convincing. As per the area statement submitted in reference 3rd cited, the average additional width (excluding existing width of 7.50mts) at left side of existing road from Km 51/000 to Km 58/500 is coming to 10.53 mts. The details are as follows.

S. No	Chainage		Net length in Km	Proposed average additional width in mts
	From (Km)	To (Km)		
1	51.000	51.450	0.45	4.44
2	52.100	52.950	0.85	10.24
3	52.250	55.520	0.27	10.00
4	55.920	56.320	0.40	11.50
5	57.000	58.500	1.50	16.47
		TOTAL	3.47	52.65/5 = 10.53 Mts

Similarly at right side of the existing road the average additional width (excluding existing width of 7.50 mts) from Km 51.000 to Km 57.230 is coming to 12.69 mts. The details are as follows.

S. No	Chainage		Net length in Km	Proposed average additional width in mts
	From (Km)	To (Km)		
1	51.000	52.300	1.30	11.00
2	53.000	55.300	2.30	14.48
3	55.450	55.900	0.45	12.00
4	56.130	57.230	1.10	13.27
		TOTAL	5.15	50.75/4 = 12.69 Mts

As said in District Forest Officer reference 3rd cited, the then Divisional Forest Officer, Proddatur (WL) in his report, it is mentioned that the existing road width is 7.00 mts and the proposed diversion area for upgradation of paved shoulders to a width of 5.00 mts on either sides over a length of 8.00 Kms. As such the area proposed for diversion may not exceeds 8.00 Ha. As such there is discrepancy in area statement. Therefore he is requested verify the measurements in the field physically and submit a detailed report after verifying the above additional average width as claimed by the user agency and also the existing road width to arrive the correct picture for submitting a area statement as desired by the Government within a couple of days without fail.

Please attend to this on top priority.

Sd/-P.Ramakrishna,
Conservator of Forests,
Kurnool Circle, Kurnool.

To
The District Forest Officer,
Kadapa.
