It is informed that as per the proposal of the user agency the proposed road width to all along the road is 7.50 meters only. However on further verification of KML file of forest land proposed to be diverted it is seen that in some of the locations the width of the road found to be more than 7.50 meter (ex. 12°17'42.37"N 77°56'52.37"E). Therefore the District Forest Officer is requested to verify the KML file and upload the corrected KML file accordingly.
