

**Diversion of forest land measuring 0.7649 hac. for Construction of Small Hydro Project
0.40MW at Bithri Distt Mandi HP**

Following shortcomings may be attended by State Government:

1. The geo-referenced digital map for area proposed for diversion uploaded at Para-C (iv) of online Part-I is not found satisfactory as geo coordinates are not marked in the map. May upload GIS software generated geo referenced digital map of the area proposed for diversion providing geo coordinates at 200 to 300 m interval including all turning points for the linear components and at all corner points for non-linear components. Muck duping sites may also be shown in the map. Original hard copy of this map may be provided.
2. At para- C (ii) Part-I online, KML file for the area proposed for diversion is not found satisfactory. May uploaded revised KML file showing all the components of the project matching with the details in digital map to be provided in response to sr. No.1 above.
3. Detail of employment likely to be generated during the construction of project given at para-E Part-I online does not appear to be correct. May be reviewed.
4. Though names of Village Bithri has been mentioned in the village wise breakup uploaded at B 2.3 Part I online, the proceedings of the meeting of village level committee under FRA, 2006 have been provided in respect of village Kutahchi. May clarify.
5. Justification of the project locating in forest land is not authenticated by DFO. The State Govt. may upload the copy of justification at para D (i) Part-I online by concerned officer.
6. As per CA scheme uploaded at para-13 of Part-II online, the plantation of 190 trees is proposed and CA is not proposed by area. Hence the extent of CA area (0.58 ha) mentioned at para-13 (i) of Part-II online should be deleted.
7. Data filled at para M (ii) of Part-I online is not required hence may be deleted.
8. The case is shown as linear project at para A-1 (vi) which may be corrected.
9. Under component wise breakup at pg. 46, building is also shown which is not reflected at para-B 2.4 Part-I online. State Government may provide clarification or make necessary corrections if required.
