To

Dy. Conservator of forests,

Jamnagar forest division,

Jamnagar.

Subject: Proposal of usage of forest land for non-forest use.

Area: 0.241 hectore

Village: Kalavad Simani

We Powerica limited, would like to start erecting of windmills in villages of Chudeshwar, Kalawad Simani and Charbara of Khambhaliya Taluka. We have been allotted Government waste on lease basis to commission the wind power project.. At present, we have to start work of the installation of windmills and for that the materials required to install windmills and related equipment/s has to be delivered on site, and after installation of wind power project from time to time we have to conduct maintenance related activities. The wings of windmills, the nacelle-hub (generator), the parts for the tower, etc., are very large and heavy, and for movement of equipment we need to have a wide and flat road to pass through these large vehicles. As far as we know, there is a road available in Kalavad Simani village, but this road is very narrow, so it is impossible for large vehicles to pass through this road.

Hence it was need of time to explore another alternative route to reach the wind mill locations, which is located in the forest department land next to village Kalavad Simani. With minimum use of forest land, we can approach the access road for such movements.

We kindly requested for diversion of forest land village Kalavad Simani of Khambhaliya Taluka, District Devbhumi Dwarka to construct approach access road.

Place : Khambhaliya

For, Powerica Limited.
