With reference to the above, we once again wish to bring the following facts for your kind consideration :-

Ours is a Plantation Company engaged in growing Mango Plantations having the agricultural land about 50 Acres in Survey No:61, 63, 64, 68, & 69 Situated at Somajipally Village of Bommalaramam Mandal of Nalgonda District which is adjacent to Moodu Chintalapally of R.R. Dist.

We have been engaged in this activity for the last 20 years and exporting the same there by contributing to our Country's Export Earnings where the Central Government is very keen on Export Income.

Ever since we bought the land, We & the Neighbouring Farmers have been using the existing way which is about 15 Mtrs Width and a length of 230 Mtrs since several Decades under inevitable circumstances as our land has been covered by TSFDC/HUDA Plantation three sides and other side by a Lake.
