Government of Gujarat, Road & Building Department, sanctioning widening and strengthening of existing Deshalpar-Hajipir road Km. 16.00 to Km. 32.00. The existing B T surface is 3.75 meter and now it will be widening to 9.57 meter (B.T Surface + side solders) and . One end of this road is connecting to the Ghaduli- Shantalpur road and one end is connected to Bhuj-Lakhpur road. After the completion of this project traffic of this area could be controlled and also provide the economical boost to this remote area of Kutch District.

While starting the site survey of this work we came to know that the some part of length this road is passing through the forest land of Nara (Kutch West Forest Division, 6.4210 Ha) and Hajipir Village (Banni Grass land Forest Division, 3.1984 Ha). Because this route is already exist and we have to work with this same route so there is no any other alternative route is possible to avoid the forest land.

Here we are submitting the FCA proposal with all necessary Annexure six copies for the diversion of 3.1984 Ha forest land of Hajipir Village permission to Widening and Strengthening of Deshalpar-Hajipir Road.
