No: C3/Goa Tamnar/Transmission/CR-32/2019-20

Date: 28/05/2020

To

The Chief Conservator of Forests
Dharwad Circle, Dharwad

Respected Sir,

Subject : Proposal for diversion of Forest Land for 440 KV Transmission Line
Ref : 1) CCF Dharwad Circle Dharwad Letter No A1/Land/FC/Trans/37754/ 2018/CR/2019-20/179 dated 15-05-2020
2) This office letter No C3/Goa-Tamnar/Transmission/CR-32/2019-20/20-21 dated 15-05-2020
3) Goa Tamnar Transmission Project Limited letter no STL/GRID5/GTTPL/20/167 dated 19-05-2020
4) Site inspection report of DCF Dharwad uploaded on Parivesh.nic.in

With reference to the above, it is to submit that in your letter vide reference No (1) and this office letter vide reference No (2), user agency was directed to find nearest alternative private land instead of forest land for the project.

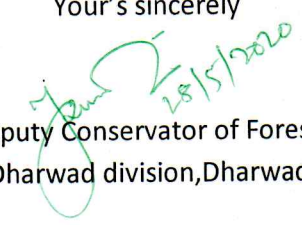

User agency in their letter vide reference No (3) have given some technical reason and stated that in all the three areas which were supposed to be diverted it is not technically feasible to realign the 400 KV Transmission line, requesting to process the proposal and recommend to state government at the earliest.

On basis of the above said reference (4) I recommend the diversion of above said Forest Areas for the purpose of Goa Tamnar Transmission line " LILO OF CKT OF NARENDRA (EXISTING-NARENDRA NEW) 400 KV DC QUAD TRANSMISSION LINE " project as per the Forest (Conservation) Act -1980.

The above said facts and recommendations are submitted for your kind perusal and further necessary action.

Thanking you

Your's sincerely

Deputy Conservator of Forests
Dharwad division, Dharwad
