संभागीय मुख्य वन संरक्षक

कोटा

विषय:- Proposal for diversion of 286.47ha of forest land in favor of executive engineer water resource division III Baran for Construction of Hathiyadeh medium Irrigation project in Baran District, Rajasthan State-reg.

संदर्भ:- भारत सरकार पर्यावरण वन एवं जलवायु परिवर्तन मंत्रालय क्षेत्रीय कार्यालय मध्य Online EDS दिनांक 11.12.2019 एवं प्रधान मुख्य वन संरक्षक राज.जयपुर के पत्रांक 194-95 दिनांक 15.1.2020 एवं आपका पत्रांक 1011 दिनांक 17.02.20 के क्रम में।

महोदय,

उपरोक्त विषयान्तर्गत संदर्भित पत्रों के क्रम में निवेदन है कि भारत सरकार पर्यावरण वन एवं जलवायु परिवर्तन मंत्रालय क्षेत्रीय कार्यालय (मध्य) कार्यालय द्वारा जारी दिनांक 11.12.2019 को Online EDS की युजर एजेन्सी द्वारा पूर्ति कर रिपोर्ट निम्नानुसार प्रेषित की है

S	Observations	Compliance
1.	The State Government /User Agency have not submitted a copy of approved Catchment Area Treatment (CAT) Plan with the estimated cost of the plan.	CAT plan preparation is going on and will be submitted with compliance of Ist stage. Undertaking by the user agency has already been enclosed earlier.
2.	The State Government/User Agency has not submitted a copy of approved R&R Plan duly approved by the competent authority.	R&R plan preparation is going on and will be submitted with compliance of Ist stage. Undertaking by the user agency has already been enclosed earlier.
3.	Examination of kml/shape file of land proposed for Compensatory Afforestation shows 17 ha. of land (out of total area) falling in River and same is also depicted through Googal earth imagery. The State Government may kindly provide the suitable (17ha.) CA land and submit the revised. kml/shape file of the total area proposed for CA.	17 ha area out of the total CA areas is not falling in the river, The area is near The river, during heavy rains some water passes through the ravines. So the plants which are suitable for ravines and can withstand water inundation for some time will be planted in that 17 ha area.
4.	Site suitability of proposed compensatory afforestation site viewing proximity with river and located in flood plains may also be ascertained.	Site selected for CA is in proximity with the river 17 ha area where there are chances of water during heavy rains, plants which are suitable like Acacia nilotica will be planted in that area.

अतः रिपोर्ट अग्रिम कार्यवाही हेतु प्रेषित है

Sub :- Proposal for diversion of 286.47 ha. of forest land in favor of Executive Engineer, Water Resource Division III, Baran for Construction of Hathiyadeh Medium Irrigation Project in Baran District, Rajasthan State-reg. FP/RJ/ Irrigation/ 27263/2017

Sir,

With respect to the above cited subject some observations were raised by the ministry of Environment, Forest and Climate Change, New Delhi vide-File No.8-34/2019-FC dated 11.12.19. Compliance of point wise observation is as follows:

S.N.	Observations	Compliance
1.	The State Government /User Agency have not submitted a copy of approved Catchment Area Treatment (CAT) Plan with the estimated cost of the plan.	CAT plan is preparing going on and will be submitted with compliance of 1st stage. Undertaking has already been is enclosed earlier.
2.	The State Government/User Agency has not submitted a copy of approved R&R Plan duly approved by the competent authority.	R&R plan is preparing going on and will be submitted with compliance of 1st stage. Undertaking has already been is enclosed earlier.
3.	Examination of kml/shape file of land proposed for Compensatory Afforestation shows 17 ha. of land (out of total area) falling in River and same is also depicted through Googal earth imagery. The State Government may kindly provide the suitable (17ha.) CA land and submit the revised. kml/shape file of the total area proposed for CA.	Some parts (17 ha.) of Proposed CA land falling inside the revenue land which is adjoining with the river. During monsoon season, the area was full of water for which plantation of this land is not possible. Hence The amount for balance plant (not planted on Proposed CA land) will be paid. Undertaking for this purpose is enclosed.
4.	Site suitability of proposed compensatory afforestation site viewing proximity with river and located in flood plains may also be ascertained.	Not related with User Agency
