On 30-11-2021 inspected the proposed forest land for up gradation and formation of BT road including construction of culverts from Edugurallapalli to Mallampeta of Chintur Mandal through Compt.No.154, 155 of E.D.Pally Beat, Kunavaram Range. The Forest Range Officer, Kunavaram along with his staff accompanied in the field inspection. The details of proposed Road length and width passing through the various Reserved Forest Blocks are mentioned below.

Sl. No.	Reserve Forest	Compt.No.	Length (in Mtrs)	Width (in Mtrs)	Area in Ha.
1	Edugurallapalli Reserve Forest	154 & 155	12800	7.50	9.60
2	Pega Reserve Forest	110 & 111			

The existing road was old Cart track and old bituminous road with a width 7.50 mts. and length 12800 mts. Right of way is allowed from pusigudem (Bastar) Chattisgarh state border to Edugurallapalli via mallampet. The density of the vegetation is 0.10 along the width of the road. The details of existing flora in the forest block are *Choloroxylon swietinia*, *Terminalia tomentosa*, *Anogeissus latifolia*, *Diaspyros melanoxylon*, *Pterocarpus marsupium* etc.,The forest type is Tropical dry deciduous forest.

This project is very useful for many remote villages. This project is very essential for all departments to extend the Government activities to all the tribal people to bring them in the main stream.

Further, the required R.F. area over 9.60 Ha. for this road is not falling in wildlife sanctuary/ National Park/ Eco Sensitive Zone. There are no endangered and unique Flora & Fauna found in the proposed area and there are no archeological sites of importance and no historical monuments in the proposed area. In the inspected area the User agency did not carry out any work in violation of the provisions of FC Act and other relevant acts. The required forest area is unavoidable for the project and due to this project there is no threat to the local flora, fauna.
