Self Contained Note

Subject:- Proposal for diversion of 0.6366 ha of forest land for construction of approach road due to height of Road over bridge (RoB) of Mouja-Garjeecherra in connection with Agartala-Sabroom in BG line project under District Forest Officer, Gomati.

The NF, Railways had initially submitted a proposal for construction of BG railway line between Agartala-Sabroom for diversion of 172.856 ha of forest land in the year 2013. It was approved by the Government of India in the year 2015. Later on they had initiated another proposal for an area of 0.6366 ha for construction of approach road due to height of Road over bridge (RoB) in Gomati District.

2. The State Government had sent the proposal for construction of approach road due to height of Road over bridge (RoB) to the MoEF & CC, Shillong on 2021. In the proposal it was mentioned that user agency has violated the Forest (Conservation) Act, 1980 as the user agency had constructed approach road due to height of Road over bridge (RoB). It is informed that they were ignorant about the prevailing various forest laws/ acts/rules. The user agency has also agreed to pay the penalty, if any.

3. Since the road was already constructed the Forest Department has taken some actions which are enclosed as Annexure-A1. A format for reporting of violation of FCA, 1980 is also enclosed as Annexure-B1.

4. The user agency had applied the proposal in the year 2017 for diversion of 0.6366 ha of forest land for the said purpose. It is to mention here that this approach road due to height of Road over bridge (RoB) was required to move the local people as this is the only road connecting two villages. The approval may be considered under FCA, 1980 as the area is less than one hectare. They may be asked to plant and maintenance 100 nos forest fruit bearing trees for birds & others wildlife as compensation around the Railway Station.
