1.	Not Complied	the Proposal is submitted for widening of existing road. But copy of earlier diversion proposal status has not been submitted yet in the proposal.	Because this road is constructed before 1980, so only widening proposal is submitted. In the attached GT sheet of the year 1968, the road is visible in the GT sheet.
2.	Partial Complied	UA submitted that the KML file based on revenue sheets as per uploaded KML file left side and right patch are uploaded but non forest area has not been shown in the KML and why the existing road is not taken in the proposal justification required.	This road is constructed before 1980, only widening proposal is taken in the KML file the existing road is non forest and also marked in revenue Map. This is a road widening proposal.
3.	Not Complied	Area in the forest not matched with department digital forest boundary.	Table of the Area statement is attached of the area for which the diversion is sought.
