Sub: Proposal for diversion of 2.1532 ha of Forest land in favour of M/S Bushahr Laghu Udyog, VPO-Jhakri, Tehsil-Rampur Bsr (1.4612 for mining lease & safety zone, 0.3400 ha for approach road, and 0.3520 ha for staking of raw material) for already established stone crusher within the jurisdiction of Rampur Forest Division (Online proposal No. FP/HP/MIN/34194/2018).

Memo:-

Kindly refer to Gol letter No. 8B/HP/05/62/2019/FC Dated 7.11.2025 on the subject cited above.

With reference to the observations raised by the Advisory Committee in the meeting held on 27.10.2025, the reply is furnished as under:

Observation	Reply
<p>It is been reported that the User Agency has submitted a proposal FP/HP/IND/35171/2018 for diversion of 0.0934 ha of Protected Forest (0.062 ha) and Gair Mumkin Machine (0.0314 ha) for renewal of already established stone crusher. The instant proposal pertains to diversion for mining lease, safety zone, approach road and stacking of raw material. Therefore, the State Government is requested to clarify if these two proposals are interlinked and, if so, reason for applying separately may be submitted.</p>	<p>It is confirmed from DCF Rampur that both proposals are submitted by the same User Agency i. e. Smt. Kanegtu Devi M/s Bushahr Laghu Udyog.</p> <p>Proposal FP/HP/IND/35171/2018 is strictly for the renewal lease of the forest land (0.0934 ha) already operational stone crusher since 1980 & earlier approval accorded under proposal No. FP/HP/MIN/1611997 (proposal No. allotted to the proposal submitted upto 14.7.2014) vide Gol letter No. 9-HPB414/1997-CHA/3590-94 Dated 18.8.2006. As per the Van (Sanrakshan Evam Samvardhan) Rules, this renewal falls under Form-B.</p> <p>Proposal FP/HP/MIN/34194/2018 (Instant Case) is for the diversion of additional forest land (2.1532 ha) required for quarry to provide raw materials to the aforementioned stone crusher. As this involves a new area for mining, it requires processing under Form-A.</p> <p>The proposals were filed separately to comply with the specific procedural requirements (Form-A vs. Form-B) as dictated by the nature of the diversion (New Mining Area vs. Renewal of lease for already</p>

established stone crusher).
