Memo:

Kindly refer to GoI letter No. 8B/HP/06/02/2020/FC/87 dated 11.02.2021 on the subject cited above.

2. The point-wise reply/information to the shortcomings as furnished by DFO Bilaspur is as under:-

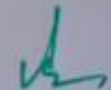

1. The village wise breakup has been corrected properly by user agency in Part-I, Para-B 2.3.
2. The area selected for CA is a waste/ degraded forest land classified as UPF.
3. The revised NPV & Penal NPV calculation sheet in consonance with MoEF &CC order dated 06.01.2022 are enclosed herewith in duplicate.
4. The site inspection was conducted by the then DFO Bilaspur for old proposed area of 5.5334 ha. Thereafter, as per directions contained in 57th REC meeting vide agenda item No. 5, the width of proposed alignment has been reduced according to the existing norms of PMGSY for hill roads due to which area is reduced from 5.5334 ha. to 3.9654 ha. Moreover, the length of the road is same as for old proposal. Only width is reduced, as such it seems that there is no need to revise the FRA certificates and site inspection report of DFO. However, recommendation, land suitability certificates etc. have been revised.
5. User agency has submitted certificate that small farmers are living in this area. Due to less private land with rural people, dumping site is given in the forest land.
6. The separate enumeration list of trees standing in 11 No. proposed dumping sites in enclosed herewith in duplicate.
7. The user agency has submitted proper muck management plan on the prescribed proforma which is enclosed herewith in duplicate.
8. The user agency has submitted Technical Sanction/ approval for the project which is enclosed herewith in duplicate.

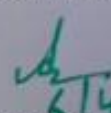

Encls: As above.
