Kancheepuram 631 501

To

The Chief Conservator of Forests,  
Chennai Circle,  
Chennai -6.

C.No.D/1283/2016 Dt.03.07.2019

Madam,

Sub: FORESTS - Kancheepuram District - Chengalpattu Division - Proposal for diversion of 0.64 Ha in Nallur Reserved Forests for widening the existing approach road leading to Sri Sairam Engineering College and other Educational Institutions managed by M/s.Sapthagiri Educational Trust - Report submitted - Regarding.

Ref: 1. Online application uploaded by the User Agency - Project Proponent Thiru.Sai Prakash Leo Muthu CEO of M/s.SriSai Ram Educational Trust, Sai Bhavan, No.318 Madley Road, T.Nagar, Chennai -17 Dt.26.02.2015 (Online Proposal No.FP/TN/Road/ 17771/2016)

2. The Principal Chief Conservator of Forests, (Head of Department) Chennai -15 Ref.No.TS3/6778/16 Dt.06.08.2018, 10.11.2018, 28.03.2019& 30.05.2019.

3. Chief Conservator of Forests, Chennai Circle, Chennai Ref.No.1728/16 D Dt.09.05.2019.

4. This office Ref.No.1283/16 D Dt.07.01.2019, 12.05.2019 & 20.05.2019.

-----

I submit below my report for the clarification called for in the Principal Chief Conservator of Forests 2<sup>nd</sup> cited as follows.

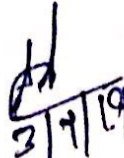

Sl. No	PCCF's Query	DFO's Reply
	Part II of Form A	
i.	In the CA scheme proposal replacement of casualty has been proposed at 20%, 15%, 10%, 5% & 5% for the maintenance during first five years. This	The provision for casualty replacement for the 1 <sup>st</sup> year maintenance will be at 10% and for 2 <sup>nd</sup> year maintenance and 3 <sup>rd</sup> year maintenance will be 10% only (with

	should be in line with the approved model estimates by PCCF.	permission from PCCF (HoD) ) in line with the CA guidelines. Accordingly the model estimates are corrected and submitted.
ii.	For the protection of CA plantation of 1.28 Ha one protection mazdoor has been provided. In the identified degraded forest area of Mannur RF, regular forest staff are employed. As per norms, for 40 ha area, one protection mazdoors is allowed. Hence provide justification.	Mannur RF is located in Sriperumbudur range which is experiencing rapid urbanization. The regular forest staff is involved in patrolling, vehicle checking and other protection measures both inside and outside RF areas. Since the CA land has been chosen in Mannur RF, it is proposed to raise CA plantation for double the extent of 1.28 Ha which is inside the RF and the protection mazdoor is necessary to guard the area and to look after the plantation exclusively.
iii.	Chain link fencing along the boundary of Nallur RF for 2000 RM and it Mannur RF for 2000 RM is not an essential item linked with this forest area diversion.	The said component is removed from the CA scheme in line with the CA guidelines.
iv.	The purpose of providing one watch tower in the CA area of 1.28 Ha needs to be justified otherwise this item should be excluded.	On detailed examination I submit that this proposed watch tower is not an essential item and hence this has been excluded in this proposal from the CA scheme in line with the CA guidelines.
v.	Demarcation and protection measure of chain link fencing along the diverted forest area (road along with its maintenance during the diversion period should be entrusted with the user agency as a condition. The DFO has to modify this item accordingly.	As indicated the condition will be imposed with the user agency to take up this work along with maintenance of chain link fencing for the diverted forest area (road and an undertaking in this regard has already been obtained from User Agency.
8	For the earlier forest area diversion, double the extent of non-forest area has been obtained from the user agency, even though forest area diversion is below one hectare at that time also. The District Forest Officer should inspect the CA land and furnish its site suitability certificate fit for afforestation.	District Forest Officer has inspected the area on 25.06.2019 and found that the area in Anjur RF is fit for afforestation. The Site Suitability Certificate has been attached.

Yours faithfully,

  
 District Forest Officer,  
 Chengalpattu Division,  
 Kancheepuram.

Encl: As stated above.

CF (HoD) (Ordinary)  
SITE INSPECTION REPORT FOR COMPENSATORY AFFORESTATION

LAND

Inspected land identified for Compensatory Afforestation. It is a patta land with S.No.218/2 - 1.28 Ha. This land is adjoining to Anjur RF of Chengalpattu Range.

It is an agricultural land and it is not cultivated at the time of inspection. Grass is available in this land, no trees found.

Inspection is carried out along with Forest Range Officer, Chengalpattu Range staff. This land is suitable for afforestation.
