1. Opening remarks

The Member Secretary of the Expert Appraisal Committee (Infra-2), hereinafter referred to as EAC (Infra-2) or EAC or committee, welcomed the Chairman/Members and stated briefly the agenda items of the meeting. The Member Secretary also reiterated the decision of the Ministry that all the members are required to declare their conflict of interest and recuse from the meeting if required. In case, it is revealed later that in spite of the conflict of interest the Member had participated in the meeting the responsibility for the same shall lie with the concerned Member and it may lead to removal from the membership of EAC. In view of this, he requested all the participating members to inform if they have any conflict of interest with regard to any agenda items to be discussed in this meeting. All members accepted that they do not have any conflict of interest with respect to the agenda items to be discussed in this meeting. The Chairman thereafter requested the Member Secretary to initiate deliberations.

The Member Secretary has informed the committee that the Ministry has received a complaint regarding consideration of so many proposals by EAC in the present meeting even after the reconstitution of SEIAA, Maharashtra. Earlier, total 14 proposals listed as agenda item no. 128.3.24 to 128.3.37 for the present meeting, were earlier considered for appraisal during 123<sup>rd</sup> meeting of the EAC held on 24-25 April, 2024. However, those 14 proposals could not be deliberated due to paucity of time and EAC has decided to defer the proposals and consider them in its next meeting. Although EAC did not appraise the proposals, but ADS were automatically generated while deferring the proposals through PARIVASH portal, which were duly replied by the project proponents. Since, the proposals were lying the ADS replied bucket of the PARIVESH portal, these proposals were not transferred to the SEIAA Maharashtra after its constitution on 10.06.2024. Being ADS replied proposals, the proposals were included in the agenda of the present EAC meeting. However, the EAC has mentioned that these proposals have not been appraised earlier and decided to transfer the proposals to the SEIAA, Maharashtra. Accordingly, all the 14 proponents were informed that their proposals would not be considered by the EAC in this meeting so please do not attend the meeting next day, i.e., 27.06.2024.

The project proponent along with the consultant made a presentation of their proposal related to the above-mentioned Common Municipal Solid Waste Management Facility Project (Annexure-30). The project/activity is covered under category 'B' of item 7(i) 'Common Municipal Solid Waste Management Facility (CMSWMF)' of the Schedule to the EIA Notification, 2006 as amended requires appraisal at the State level. However, since the proposed area is located within 5 km of the International Boundary of the Nepal, thus, the proposal is required to be appraised by sectoral EAC at the Central level.

The committee noted that the total plot area is 8,000 sq. m, the sanitary landfill area is 2,260 sq. m and the proposed green belt area is 2,773 sq. m. Further, the project proponent has informed to the committee that the proposed area is a forest land and allotted by the Forest Department Dehradun, Uttarakhand. However, the project proponent has not obtained the stage 1 Forest Clearance letter from the State Forest Department. Also, the project proponent could not produce any document indicating that that particular land has been handed over to the project proponent for the aforesaid project. In view of this, the committee has decided to defer the proposal for want of Forest clearance from the State Forest Department.
