Memo:

Kindly refer to GoI MoEF & CC Regional Office, Chandigarh letter No. 8B/HP/01/47/2020/FC dated 23.10.2023 on the subject cited above.

2. In this connection, it is intimated that initially the proposal was formulated for diversion of 1.0599 hac of forest land for all components of subject cited HEP excluding area of transmission line and 108 numbers of trees were involved. Later on the above proposal was revised for diversion of 12.988 ha of forest land including the area of transmission line by involving the same number of trees i. e. 108. Accordingly the proposal for diversion 12.988 hac of forest land was sent to GoI for obtaining approval of FCA 1980 and in the meanwhile GoI vide its letter No. 8B/HP/01/47/2020/505/FC dated 01.07.2020 under Sr No. 9 had raised the observations which is reproduce below :-

*“ It is observed that earlier the proposal was submitted for area 1.0599 ha which is revised for 12.988 hac but the enumeration is still 108, which needs to be reviewed and corrected if required”.*

To comply with the observations of GoI re-enumeration of trees was carried out in the alignment of transmission line/RoW and additional 61 trees were enumerated under the Transmission line/RoW. As a result of re -enumeration total 169 trees (108+61) were found standing in the final alignment of subject cited proposal. The document containing the detail of 108 numbers of trees falling in the final alignment was uploaded while the proposal for diversion of 1.0599 ha of forest land was submitted by user agency. Now the revised justification for locating the project in the forest land has been uploaded by the user agency at in the Part-I Sr No. D(i).

This is for favour of information and further necessary action at your end please.
