14.	Deputy conservator of forests remarks as to whether he agrees with the above details:		<p>Yes Agreed.</p> <p>The following remarks have been made as under.</p> <p>1. However, on verification of record of rights, it was noticed that the Survey No. 45 of Village Sonagaon Rithi & Survey No.70 & 71 of Village Kalandri Rithi recorded as Zudpi Jungle not handed over to State Forest Department. Therefore, fixing of responsibility on any of the officers/employees of the forest department does not arise. It is further submitted that this Zudpi Jungle land is in charge of Revenue Department, and Forest Department has nothing to do with it as it has no administrative control over it. Further, this Zudpi Jungle is not a Reserve Forests or a Protected Forests, and no provision of Indian Forest Act, 1927 is applied to it. Therefore, it is not possible to take any action for the violation of Forest (Conservation) Act, 1980 under the Indian Forest Act, 1927, as no forest-offense is committed.</p> <p>2. As the proposal is for construction of 220 KV D.C Transmission Line and there is no suitable alternative for the same and project authority has submitted the proposal for obtaining approval from Government of India. The proposal is recommended subject to agency shall pay penalty for violation equal to Net Present Value (NPV) of forest land per hector for each year of violation from date of actual diversion reported in violation report of MSETCL, with maximum upto 5 (five) times the NPV plus 12% simple interest till the deposit is made.</p> <p style="text-align: right;">  (Dr. Bharat Singh Hada) Dy. Violation Note

A Note regarding the circumstances under which the work has undertaken in violation of Forest (Conservation) Act 1980

The Proposed 220 KV Umred-Naghibid D/C transmission line is included in the scheme of MSETCL. The transmission line is approved vide MBR No. 116/11 Dt: 15.05.17 having total length of 51.255 Km. The Govt. of Maharashtra has approved the project vide letter no: I.E.L. Dn/2018/Case no 134/Energy-I Dt:12.01.2018.

- The forest clearance proposal under Forest Conservation Act 1980 is submitted for the approval of Central Government for diversion of forest land 3.06 Ha (0.066 Ha under Nagpur Division and 2.998 Ha under Brahmapuri Division). Considering the existing condition of the power generation units and the present power requirement in Maharashtra State, the related work is being taken up and MSETCL has decided to improve the supply of power requirement by constructing new power generation units at Koradi, Khaparkheda, Chandrapur, Paras & Parli in Maharashtra State.
- To maintain the uninterrupted and reliable power supply, it has been decided to interlink these power generation units by laying of 400 KV, 220 KV & 132 KV EHV Transmission Lines. The proposed scheme of 220 KV Umred-Naghibid D/C transmission line is also one of them. This work includes interlinking of transmission lines from Koradi (Nagpur) and Khaparkheda Power station and will be beneficial for strengthening the EHV Network in Nagpur, Bhandara and Chandrapur District. The forest area demanded is barest minimum requirement for the said transmission line project.
- Benefits of the project:
 - Strengthening of EHV network.
 - Reliability of supply.
 - To solve low voltage problem.
 - Uninterrupted power supply to all industries and farmers.
 - Saving in line losses.
 - The project is also expected to help in alleviating development constraints in agriculture, commerce, education, health, social, welfare, and public safety.

The part of this line is passing through Zudpi Jungle (Revenue Forest Land) at Village Sonegaon Rithi, Survey No.45 & at Village Kalandri Rithi, Survey no. 70 & 71 admeasuring 0.066 Ha under the Nagpur Dn. The proposed line requires total diversion of total 3.064 Ha. out of which 0.066 under Nagpur Forest Division & 2.998 Ha under Brahmapuri Forest Division). Therefore, the construction of this line requires forest clearance from Ministry of Environment Forest and Climate change (GOI).

The diversion of forest area is the barest minimum and avoiding forest area is not possible. Alternatives has been examined and found that no better option is available. There is involvement of Zudpi jungle (Revenue Forest Land) of 0.066 Ha where in No excavation, foundation & erection of tower is done. Only the conductor of route length of 12mtr in the survey no.45, Sonegaon (Rithi), Bhivapur & 06 mtr in the survey no. 70, Kalandri (Rithi), Bhivapur passing through the Zudpi Jungle (Revenue Forest Land) is done unknowingly by the contractor. However, the line is not charged therefore there is no electrification and danger to the wildlife animals. The line will be charged after getting all the statutory approvals from the competent authority i.e Forest, Railway, S.E Electrical etc. Also the work is carried out without doing any type of excavation and without felling any trees and without disturbing wildlife. Due to this unknowingly work in the forest area, the work order is suspended, and warning letter is issued to the agency and the Sub-Division Incharge by User Agency.

The 95% of the work of Transmission line in the Nagpur Jurisdiction is completed except at Zudpi Jungle Forest area at Vg. Sonegaon (Rithi) and Kalandri (Rithi). The conductor of line was lying outside the said forest area. Hence a

- theft prone area and dangerous to the public of Village Sonegaon (Rithi) and Kalndri (Rithi) as well as to the wildlife if any, it was necessary to lift the conductor and the conductor was lifted unknowingly being the forest area by the contractor to avoid theft and any undue incidence to public and wildlife without disturbing the forest land / Trees and wildlife.

- The project authority has given undertaking to bear the cost of Compensatory Afforestation as directed by Forest Department.

As the proposal is for construction of transmission line and there is no suitable alternative for the same and project authority has submitted the proposal for obtaining approval from Government of India. The proposal is recommended subject to agency shall pay penalty for violation equal to Net Present Value (NPV) of forest land per hectore for each year of violation from date of actual diversion reported in violation report of MSCTCL, with maximum upto 5 (five) times the NPV plus 12% simple interest till the deposit is made.

2. Letter from DCF, Nagpur no. 207/2023-24 Dt:25.04.2024 regarding violation in Zudpi Jungle (Received to T.O on dt: 14.05.2024)

Dear Sir,

In connection to above subject, the letter regarding work of stringing of conductor in Zudpi Jungle at survey no.45, Sonegaon (Rithi), Bhivapur & survey no. 70, Kalandri (Rithi), Bhivapur of Zudpi Jungle (Revenue Forest Land) is received to T.O vide letter under ref(1) & (2).

The said work of stringing of conductor in Zudpi Jungle at survey no.45, Sonegaon (Rithi), Bhivapur & survey no. 70, Kalandri (Rithi), Bhivapur of Zudpi Jungle (Revenue Forest Land) is carried out without the knowledge of this office. Therefore the Show cause letter is issued to the contractor and the S/DnIncharge. The copy of the same is enclosed herewith for your reference.

However, the line is not charged therefore there is no electrocution and danger to the wildlife. The line will be charged after getting all the required approvals from the competent authority i.e Forest, Railway, S.E Electrical etc. It is brought to the notice that the work of 18 mtr stringing of wire is carried out without doing any type of excavation and without felling of any Trees and without disturbing wildlife at the said area.

As the proposal is for construction of transmission line and there is no suitable alternative for the same and the project is for the Public at Large, the proposal be considered for further processing and requested to process the compliances already submitted by this office and arrange for submission to the competent authority so that the Stage-I approval may be granted at the earliest.

Submitted for further needful please.

14.	Deputy conservator of forests remarks as to whether he agrees with the above details:			<p>Yes Agreed.</p> <p>The following remarks have been made as under.</p> <p>1. However, on verification of record of rights, it was noticed that the Survey No. 45 of Village Sonagaon Rithi & Survey No.70 & 71 of Village Kalandri Rithi recorded as Zudpi Jungle not handed over to State Forest Department. Therefore, fixing of responsibility on any of the officers/employees of the forest department does not arise. It is further submitted that this Zudpi Jungle land is in charge of Revenue Department, and Forest Department has nothing to do with it as it has no administrative control over it. Further, this Zudpi Jungle is not a Reserve Forests or a Protected Forests, and no provision of Indian Forest Act, 1927 is applied to it. Therefore, it is not possible to take any action for the violation of Forest (Conservation) Act, 1980 under the Indian Forest Act, 1927, as no forest-offense is committed.</p> <p>2. As the proposal is for construction of 220 KV D C Transmission Line and there is no suitable alternative for the same and project authority has submitted the proposal for obtaining approval from Government of India. The proposal is recommended subject to agency shall pay penalty for violation equal to Net Present Value (NPV) of forest land per hector for each year of violation from date of actual diversion reported in violation report of MSETCL, with maximum upto 5 (five) times the NPV plus 12% simple interest till the deposit is made.</p> <p style="text-align: right;">  (Dr. Bharat Singh Hada) Dy. Violation Note

A Note regarding the circumstances under which the work has undertaken in violation of Forest (Conservation) Act 1980

The Proposed 220 KV Umred-Nagbhid D/C transmission line is included in the scheme of MSETCL. The transmission line is approved vide MBR No: 116/11 Dt: 15.05.17 having total length of 51.255 Km. The Govt of Maharashtra has approved the project vide letter no: L.E.L. Dn/2018/Case no 134/Energy-I Dt:12.04.2018.

- The forest clearance proposal under Forest Conservation Act 1980 is submitted for the approval of Central Government for diversion of forest land 3.06 Ha (0.066 Ha under Nagpur Division and 2.998 Ha under Brahmapuri Division). Considering the existing condition of the power generation units and the present power requirement in Maharashtra State, the related work is being taken up and MSETCL has decided to improve the supply of power requirement by constructing new power generation units at Koradi, Khaparkheda, Chandrapur, Paras & Parli in Maharashtra State.
- To maintain the uninterrupted and reliable power supply, it has been decided to interlink these power generation units by laying of 400 KV, 220 KV & 132 KV EHV Transmission Lines. The proposed scheme of 220 KV Umred-Nagbhid D/C transmission line is also one of them. This works includes interlinking of transmission lines from Koradi (Nagpur) and Khaparkheda Power station and will be beneficial for strengthening the EHV Network in Nagpur, Bhandara and Chandrapur District. The forest area demanded is barest minimum requirement for the said transmission line project.
- Benefits of the project:
 - Strengthening of EHV network.
 - Reliability of supply.
 - To solve low voltage problem.
 - Uninterrupted power supply to all industries and farmers.
 - Saving in line losses.
 - The project is also expected to help in alleviating development constraints in agriculture, commerce, education, health, social, welfare, and public safety.

The part of this line is passing through Zudpi Jungle (Revenue Forest Land) at Village Sonegaon Rithi, Survey No.45 & at Village Kalandri Rithi, Survey no. 70 & 71 admeasuring 0.066 Ha. under the Nagpur Dn. The proposed line requires total diversion of total 3.064 Ha. out of which 0.066 under Nagpur Forest Division & 2.998 Ha under Brahmapuri Forest Division). Therefore, the construction of this line requires forest clearance from Ministry of Environment Forest and Climate change (GOI).

The diversion of forest area is the barest minimum and avoiding forest area is not possible. Alternatives has been examined and found that no better option is available. There is involvement of Zudpi jungle (Revenue Forest Land) of 0.066 Ha where in No excavation, foundation & erection of tower is done. Only the conductor of route length of 12mtr in the survey no.45, Sonegaon (Rithi), Bhivapur & 06 mtr in the survey no. 70, Kalandri (Rithi), Bhivapur passing through the Zudpi Jungle (Revenue Forest Land) is done unknowingly by the contractor. However, the line is not charged therefore there is no electrification and danger to the wildlife animals. The line will be charged after getting all the statutory approvals from the competent authority i.e Forest, Railway, S.E Electrical etc. Also the work is carried out without doing any type of excavation and without felling any trees and without disturbing wildlife. Due to this unknowingly work in the forest area, the work order is suspended, and warning letter is issued to the agency and the Sub-Division Incharge by User Agency.

The 95% of the work of Transmission line in the Nagpur Jurisdiction is completed except at Zudpi Jungle Forest area at Vg. Sonegaon (Rithi) and Kalandri (Rithi). The conductor of line was lying outside the said forest area. Remd a

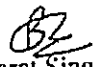

theft prone area and dangerous to the public of Village Sonegaon (Rithi) and Kalndri (Rithi) as well as to the wildlife if any, it was necessary to lift the conductor and the conductor was lifted unknowingly being the forest area by the contractor to avoid theft and any undue incidence to public and wildlife without disturbing the forest land / Trees and wildlife.

The project authority has given undertaking to bear the cost of Compensatory Afforestation as directed by Forest Department.

As the proposal is for construction of transmission line and there is no suitable alternative for the same and project authority has submitted the proposal for obtaining approval from Government of India. The proposal is recommended subject to agency shall pay penalty for violation equal to Net Present Value (NPV) of forest land per hectore for each year of violation from date of actual diversion reported in violation report of MSCTCL., with maximum upto 5 (five) times the NPV plus 12% simple interest till the deposit is made.

Dear Sir,

In connection to above subject, the letter regarding work of stringing of conductor in Zudpi Jungle at survey no.45, Sonegaon (Rithi), Bhivapur & survey no. 70, Kalandri (Rithi), Bhivapur of Zudpi Jungle (Revenue Forest Land) is received to T.O vide letter under ref(1) & (2).

The said work of stringing of conductor in Zudpi Jungle at survey no.45, Sonegaon (Rithi), Bhivapur & survey no. 70, Kalandri (Rithi), Bhivapur of Zudpi Jungle (Revenue Forest Land) is carried out without the knowledge of this office. Therefore the Show cause letter is issued to the contractor and the S/DnIncharge. The copy of the same is enclosed herewith for your reference.

However, the line is not charged therefore there is no electrocution and danger to the wildlife. The line will be charged after getting all the required approvals from the competent authority i.e Forest, Railway, S.E Electrical etc. It is to brought to the notice that the work of 18 mtr stringing of wire is carried out without doing any type of excavation and without felling of any Trees and without disturbing wildlife at the said area.

As the proposal is for construction of transmission line and there is no suitable alternative for the same and the project is for the Public at Large, the proposal be considered for further processing and requested to process the compliances already submitted by this office and arrange for submission to the competent authority so that the Stage-I approval may be granted at the earliest.

Submitted for further needful please.

Violation Note

A Note regarding the circumstances under which the work has undertaken in violation of Forest (Conservation) Act 1980

The Proposed 220 KV Umred-Nagbhid D/C transmission line is included in the scheme of MSETCL. The transmission line is approved vide MBR No: 116/11 Dt: 15.05.17 having total length of 51.255 Km. The Govt. of Maharashtra has approved the project vide letter no: I.E.L Dn/2018/Case no 134/Energy-4 Dt:12.04.18.

- The forest clearance proposal under Forest Conservation Act 1980 is submitted for the approval of Central Government for diversion of forest land 3.06 Ha (0.066 Ha under Nagpur Division and 2.998 Ha under Brahmapuri Division). Considering the existing condition of the power generation units and the present power requirement in Maharashtra State, the related work is being taken up and MSETCL has decided to improve the supply of power requirement by constructing new power generation units at Koradi, Khaparkheda, Chandrapur, Paras & Parli in Maharashtra State.
- To maintain the uninterrupted and reliable power supply, it has been decided to interlink these power generation units by laying of 400 KV, 220 KV & 132 KV EHV Transmission Lines. The proposed scheme of 220 KV Umred-Nagbhid D/C transmission line is also one of them. This works includes interlinking of transmission lines from Koradi (Nagpur) and Khaparkheda Power station and will be beneficial for strengthening the EHV Network in Nagpur, Bhandara and Chandrapur District. The forest area demanded is barest minimum requirement for the said transmission line project.
- Benefits of the project:
- Strengthening of EHV network.
- Reliability of supply.
- To solve low voltage problem.
- Uninterrupted power supply to all industries and farmers.
- Saving in line losses.
- The project is also expected to help in alleviating development constraints in agriculture, commerce, education, health, social, welfare, and public safety.

The part of this line is passing through Zudpi Jungle (Revenue Forest Land) at Vg. Sonegaon Rithi, Survey No.45 & at Vg. Kalandri Rithi, Survey no. 70 & 71 admeasuring 0.066 Ha. under the Nagpur Dn. The proposed line requires total diversion of total 3.064 Ha. out of which 0.066 under Nagpur Forest Division & 2.998 Ha under Brahmapuri Forest Division). Therefore, the construction

of this line requires forest clearance from Ministry of Environment Forest and Climate change (GOI).

The diversion of forest area is the barest minimum and avoiding forest area is not possible. Alternatives has been examined and found that no better option is available. There is involvement of Zudpi jungle (Revenue Forest Land) of 0.066 Ha where in No excavation, foundation & erection of tower is done. Only the conductor of route length of 12mtr. in the survey no.45, Sonegaon (Rithi), Bhivapur & 06 mtr in the survey no. 70, Kalandri (Rithi), Bhivapur passing through the Zudpi Jungle (Revenue Forest Land) is done unknowingly by the contractor. However, the line is not charged therefore there is no electrolocation and danger to the wildlife animals. The line will be charged after getting all the statutory approvals from the competent authority i.e Forest, Railway, S.E Electrical etc. Also the work is carried out without doing any type of excavation and without felling any Trees and without disturbing wildlife. Due to this unknowingly work in the forest area, the work order is suspended and warning letter is issued to the agency and the Sub-Division Incharge.

The 95% of the work of Transmission line in the Nagpur Jurisdiction is completed except at Zudpi Jungle Forest area at Vg. Sonegaon (Rithi) and Kalandri (Rithi). The conductor of line was lying outside the said forest area. Being a theft prone area and dangerous to the public of Village Sonegaon (Rithi) and Kalndri (Rithi) as well as to the wildlife if any, it was necessary to lift the conductor and the conductor was lifted unknowingly being the forest area by the contractor to avoid theft and any undue incidence to public and wildlife without disturbing the forest land / Trees and wildlife.

As the proposal is for construction of transmission line and there is no suitable alternative for the same and the project is for the Public at Large, the proposal be considered for further processing and requested to process the compliances already submitted by this office and arrange for submission to the competent authority so that the Stage-I approval may be granted at the earliest.

Submitted for further needful please.
