As desired in the references 7th & 9th cited, the additional information from CCF / Conservator of Forests, Karimnagar / District Forest Officer, Peddapally was called for vide this office references 8th & 10th cited. Accordingly, the CCF / CF, Karimnagar vide reference 11th cited (copy enclosed) has submitted the information and the same is reproduced below:

Additional information sought		Information furnished
1.	The proposed pipeline and other structures are passing through RF along the Right of Way (RoW) of roads and canal, however, as per the kml file uploaded by the User Agency in the online application, it appears that the proposed pipeline appears to be crossing already existing roads, canal and a railway tract also. In that case, the proposal attracts Ministry's guidelines related to re-diversion and the User Agency shall obtain consent from the primary User Agency to whom approval under FCA, 1980 has already been accorded, as the case may be.	It is submitted that the User Agency has submitted that the primary User Agencies i.e., R&B Department, Railway Department and Irrigation Department have accorded permission for laying of pipeline and the consents of the various Departments for laying of pipelines from Yellampally to RFCL Ramagundam for the pipeline stretch falling in the forest area are enclosed herewith.

2.	An area of 1.345 ha of forest area for pipeline and other structures, however, breakup of the forest area required for pipeline and structures shall be furnished separately along with the DGPS co-ordinates of such points where structures are proposed.	It is submitted that no separate structure shall be constructed like Sumps, OHBRs, GLBRs etc., the pipeline will only be laid with some pipe supporting structures like Thrust Blocks, Pedestals, Anchor Blocks and Value Chambers which are part of the construction of pipeline only. The above blocks and valve chambers shall be constructed within the 2.50 m width of pipeline proposed (total area is within 1.345 Ha. only) and no additional area is required. The User Agency has submitted map showing DGPS co-ordinates (points 1 to 64) of the pipe supporting structures.
----	---	---

In view of the above it is requested to accord permission in principle (Stage-I) approval to the said project at an early date.

Encl: As Above

Yours faithfully,
Sd/- R.Sobha,
