Sub: Diversion of 22.6664 hectare Forest land in favor of M/s Tangnu Romai Power Generation (P) Limited for the Construction of 22 KV D/C Transmission Line from Tangnu Romai-II HEP (6MW) Power House to Andhra Sub-Station of HPSEBL at Chirgaon, Distt-Shimla HP.

Ref: Your office endorsement no. 2315 dated 08.07.2015.

Dear Sir,

In context to the queries raised for our forest proposal the point wise reply is being furnished below: -

1. The detailed note of the project is being attached as Annexure-I along with this letter and also attached in the hard copy of the Proposal.
2. Detail of Forest Land Diverted for Tangnu Romai-II HEP (6MW) is as below: -

List of Proposal submitted in past							
S. No.	Proposal Status	Proposal No.	MoEF File no.	Area Proposed for Diversion (Ha.)	Area Diverted (Ha.)	Date of In Principal Approval	Date of Final Approval
1.	Diverted	---	9-HPB136/2008-CHA	1-55-44	1-55-44	19-06-2008	05-03-2009

3. Village wise breakup and Component wise breakup of total land required for the project is as below: -

Villages wise breakup of Land			
S. No.	Village	Forest Land (Ha.)	Non-Forest Land (Ha.)
1	Janglikh	00-21-21	00-36-90
2	Tangnu	00-10-79	00-58-87
3	Thaptwari	00-26-98	00-86-83
4	Bhatwari	02-09-46	00-83-35
5	Maila	00-22-25	Nil
6	Deudi	Nil	01-98-83
7	Ambot	01-78-59	00-57-74
8	Pekha	02-47-59	01-02-45
9	Barshil	00-01-43	00-02-06

Full Title of the Project: - Construction of 22 KV D/C Transmission Line from Tangnu Romai-II-I HEP's Power House to Andhra Power House Switchyard Bay at Chirgaon in district Shimla (HP).

CHECK LIST (S. No. -3)

DETAILED NOTE ON THE PROJECT

Project Includes: -

Construction of 22 KV D/C Tangnu Romai-II HEP's Power House to Andhra Power House at Chirgaon in district Shimla District (H.P.).

To evacuate the power from (3X2 MW) Tangnu Romai-II HEP, ^{the} proposed 20.6 Km line have to ^{be} constructed from Tangnu Romai-II HEP's Power House to Andhra Power House Bay at Chirgaon in district Shimla, Himachal Pradesh. Proposed transmission begins from Tangnu Romai-II Power House and traverse from village Janglik, Thetwadi, Tangnu, Maila, Bhatwari, Ambot, Pekha, Barshil, Jakhali, Denwari, Gajyani, Bosari, Sondhari, Khabal, Denwari, Chirgaon.

Supply generated by the Tangnu Romai (6MW) project will be evacuated by Samoli and Nogali feeders and will be utilized by State Electricity for distribution purpose vicinity area. Keeping in view of the above facts the case for diversion of forest land 22.6664 hectare from 22 KV D/C Tangnu Romai Power House to Andhra Power House Bay in distt. Shimla is essential. This will lead further socio economic development of Himachal Pradesh.

File No.: -

Proposal Date: -

CHECK LIST (S.No.-9)

JUSTIFICATION OF THE LOCATION OF PROJECT IN FOREST AREA

The Project, 22 KV D/C Transmission line shall start from Tangnu Romai-II HEP (6MW) Power House to 22/66 KV Andhra Sub-Station bay of HPSEBL at Chirgaon. The total length of the line will be 20.6 KM. This 22 KV D/C Transmission line will carry 6 MW of Power and inject in to HPSEBL system for further distribution of the same in the vicinity of the Chirgaon and Rohru and remaining power will be evacuated through 66 KV line from Andhra to Nogli and Nogli to Kotla for further distribution in HPSEBL system.

The transmission line is linear project and all possible steps are taken to avoid the route alignment through forests. In case it becomes unavoidable due to geography of the terrain, the alignment is made in such a way that the route through the forest is barest minimum, however the Forest and Private Land has been traversed through as required necessarily as there is no escape from passing the transmission line through forest area. Transmission Line projects are environmentally friendly and do not involve disposal of solid effluents and hazardous substances in land, air or water. Therefore the project is quite necessary and justified.

Three routes were explored for laying the transmission line and all routes have to necessarily pass through forest area as there is no escape from using the forest land for the construction of said Transmission line. Out of the three routes, Route no. 1 which involves overall minimum forest land/length and minimum number of trees as compared to the other routes has been finalized. It is further mentioned here that Route no. 2 and Route no. 3 have been explored but same having more involvement of forest land and technically not suitable, hence these routes were not considered during Joint inspection. So requirement submitted for diversion which is barest minimum and best suitable for the purpose as no other suitable route is available in the area. Therefore Route no.1 is finalized for Construction of Proposed Transmission line.

Particulars of the alternate routes are mentioned below: -

Sl.	Alternate Routes	Area involved	Length of line	No of Poles	EHV & HT Line Crossings	No of Forest Trees to be felled
1	Route No. 1	22.6664	20.6	264	13	193
2	Route No. 2	23.4006	22.2	279	15	-
3	Route No. 3	23.5656	23.5	298	14	-

CHECK LIST (S. No.-33) (a)

PARAMETERS FOR EVALUATION OF BENEFIT NOTWITHSTANDING
LOSS OF FORESTS

Sr. No.	Parameters	Nature of Proposal
		Construction of 22 KV D/C Transmission Line from Tangnu Romai HEP's Power House Andhra Power House in district Shimla, Himachal Pradesh.
1.	Increase in productivity attributed to the specific project	Available of the power in the Northern Grid will increase substantially and this will have a positive impact on the industrialization and agricultural activities.
2.	Benefit of economy	A
		To the country: -
		i) Better power available for industrial, commercial and domestic use.
		ii) Cleaner environment because of pollution free generation of power.
		B
		To the State of Himachal Pradesh
		It will be cater the power generated in Shimla District.
		Enhanced infrastructure through capital investment in infrastructure.
3.	Employment Potential	Approximately 300-400 people in various capacities will be employed during construction of this project a large numbers of engineers, technician and supporting field staff will be retained after construction for maintenance and related work. Beside a large no people running mechanical workshops, spare parts dealers etc. will gain business because of constriction of this line.
4.	Cost of acquisition of facility on non forest land wherever feasible.	We have proposed our project alignment while keeping in mind that the forest land requirement is at its barest minimum and proposed to use forest land only where is it inescapable. Nil in view of the above.
5.	Loss of (a) agricultural & (b) animal husbandry production due to diversion of forest land	No such agricultural or animal husbandry operations are being undertaken in the land coming in route of our proposed project. Nil in view of the above.
6.	Cost of rehabilitating the displaced persons as different from compensatory amounts given for displacement	Not Applicable

7.	Cost of supply of free fuel wood to workers residing in or near forest area during the period of construction	No worker will reside in forest area as this is not permissible under the Forest (Conservation) Act, 1980 and workers will provided with LPG connections in the mess/canteen to be set up in residential areas. Hence not applicable in view of the above.

CHECK LIST (S. No.-33) (b)

PARAMETERS FOR LOSS OF FORESTS

Sr. No.	Parameters	Nature of Proposal
	Loss of value of timber, fuel wood and minor forest produce on an annual basis, including loss of man hours per annum of people who derived livelihood and wages from the harvest of these commodities	Rs. <u>13,09,772.00</u>
1.	Loss of animal husbandry productivity, including loss of fodder.	There are no major animal husbandry operation exiting or proposed in the area under consideration Nil in view of the above.
3.	Cost of human resettlement	No human relocation is involved due to this line. Nil in view of the above.
4.	Loss of public facilities and administrative infrastructure (Roads, buildings, schools, dispensaries, electric line, railway etc.) on forest land if these facilities were diverted due to the project.	No public facilities and / or administrative infrastructure i.e. Roads buildings, schools, dispensaries, electric lines and railways etc. is coming in the alignment of the line. Hence there is no question of loss of facilities or there diversion to the forest land. Nil in view of the above.
5.	Environmental Losses: (Soil erosion affect on hydrological cycle, wild life habitat, microclimate upsetting of ecological balance)	Negligible.
6.	Suffering to oustees	Not applicable.

FORM-I
(for linear projects)
Government of H.P.
Office of the District Collector

No. SML-SR(57)/2014

329

Dated: 18/05/2015

TO WHOM SO EVER IT MAY CONCERN

In compliance of the Ministry of Environment and Forests (MoEF), Government of India's letter No. 11-9/98-FC(pt) dated 3rd August 2009 wherein the MoEF issued guidelines on submission of evidences for having initiated and completed the process of settlement of rights under the Scheduled Tribes and Other Traditional Forest Dweller (Recognition of Forest Rights) Act, 2006 (FRA for short) on the forest land proposed to be diverted for non-forest purposes read with MoEF's letter dated 5th February 2013 wherein MoEF issued certain relaxation in respect of linear projects, it is certified that 22-66-64 hectares of forest land proposed to be diverted in favour of the Sr. General Manager, Tangnu Romai Power Generation (P) Ltd., Sharma Niwas near HRTC Workshop Samala Rohru District Shimla for Construction of 22 KV D/C Transmission Line from Tangnu Romai-II HEP to HPSEBL at Chirgaon (purpose for diversion of forest land) in Shimla District falls within jurisdiction of Chirgaon in Tehsil.

It is further certified that:-

- (a) the complete process for identification and settlement of rights under the FRA has been carried out for the entire 22-66-64 hectares of forest area proposed for diversion. A copy of records of all consultations and meeting of the Forest Rights Committee (s) Gram Sabha(s), Sub Division Level Committee(s) and the District Level Committee are enclosed as annexure 1 to annexure 4.
- (b) the diversion of forest land for facilities managed by the Government as requested under section 3(2) of the FRA have been completed and the Gram Sabhas have given their consent to it.
- (c) the proposal does not involve recognised rights of Primitive Tribal Groups and Pre-agriculture communities.

The Sub Divisional Forest Rights Committee of Sub Division Rohru has recommended the cases on the report/ recommendation of the Village level Forest Right Committee for diversion of forest land for the construction of above road/ project. It has been recommended by the Sub Division Committee that No claim is pending under forest right for diversion of forest land involved in the above roads/project. Therefore, the District Level Committee also recommended the cases under the Scheduled Tribes & Other Traditional Forest Dwellers (Recognition of Forest Rights) Act, as there is No claim pending in respect of the above proposal for diversion of forest land in Tehsil Rohru, District Shimla, H.P.

Sub-Division Shimla-Rural

The following 07 cases have been received from the Sub-Divisional Committee Shimla-Rural and placed before the District level Forest Right Committee:-

1. C/o LIS Mandhrech Annu Ratia (Kandaula)
2. C/o IPH Rest house at Dharogra
3. C/o JE residence-cum- complaint cell at Jalog
4. C/o Animal Husbandry at Navi
5. C/o PHC Ghanatti
6. C/o Bus Stand at Sunni
7. C/o Link road to Village Chebri

The Sub Divisional Forest Rights Committee of Sub Division Shimla-Rural has recommended the cases on the report/ recommendation of the Village level Forest Right Committee for diversion of forest land for the construction of above road/ project. It has been recommended by the Sub Division Committee that No claim is pending under forest right for diversion of forest land involved in the above roads/project. Therefore, the District Level Committee also recommended the cases under the Scheduled Tribes & Other Traditional Forest Dwellers (Recognition of Forest Rights) Act, as there is No claim pending in respect of the above proposal for diversion of forest land in Tehsil Shimla-Rural, District Shimla.

Sub-Division Shimla-Urban

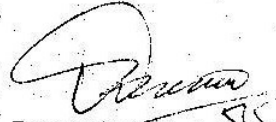

Only one case has been received from the Sub-Divisional Committee Shimla-Urban and placed before the District level Forest Right Committee:-

1. C/o Ambulance road from Aparthi Bhawan to Dev nagar

The Sub Divisional Forest Rights Committee of Sub Division Shimla-Urban has recommended the case on the report/ recommendation of the Village level Forest Right

Committee for diversion of forest land for the construction of above road/ project. It has been recommended by the Sub Division Committee that No claim is pending under forest right for diversion of forest land involved in the above roads/project. Therefore, the District Level Committee also recommended the case under the Scheduled Tribes & Other Traditional Forest Dwellers (Recognition of Forest Rights) Act.

The meeting ended with vote of thanks.

SITE INSPECTION REPORT NOT BELOW THE RANK OF DCF
(For the Forest land to be diverted under FCA)

A proposal has been received by this office from Sr. General Manager TRPGPL (P) Limited Rohnu Dist. Shimla Himachal Pradesh for diversion (under FCA-1980) of 22.6664 ha. Of forest land for non forestry purpose. The subject envisages the use of forest land for 22KV D/C for Transmission Line from Power House to Andhra Power House Bat Chirgaon Dist. Shimla (HP). The site inspection of the land involved in the proposal has been done by me on dated 14-03-2015

On inspection of the site, it is found that the land required by the user Agency is a forest measuring 22.6664 ha.

The requirement of forest land as proposed by the user agency in Col. 2 of part-I is unavoidable and is barest minimum required for the project.

Whether any rare/ endangered/ unique species of flora and fauna found in the area. If so, the details thereof. NO Please

Whether any protected archaeological/ heritage site/ defense establishment or any other important monument is located in the area. If so, the details thereof with NOC from competent authority, if required N/A

(a) The user agency has not violated the provisions of Forest (Conservation) Act, 1980 and no work have been started without proper sanction.

N/A. No Violation has been made by TRPGPL

(b) X It has been found that the user agency has violated the Forest Conservation) Act, 1980 provisions. A detailed report as per Para 1.9 of Chapter 1, Part C of Hand book of Forest (Conservation) Act, 1980 is attached). N/A

(Note: Whichever of the above is applicable should be shown in bold letters)

Since the construction of transmission Line is very important /necessary for the local people and for the benefit of the nations. Therefore proposal is recommended for approval.

SITE INSPECTION REPORT

Diversion of 22.6664 ha. Forest land for the construction of 22 KV D/C Transmission Line from Tangnu Romai-II HEP (6MW) Power House to Andhra Power House at Chirgaon with in jurisdiction of Rohru Forest Division.

Today on 22.04.2015, I have personally inspected the Site of the Proposed 22 KV D/C transmission line from Tangnu Romai-II HEP (6MW) Power House to Andhra Power House at Chirgaon in accordance of the GoI guidelines referred in para 4.10 (i) of Chapter 4 of Forest (Conservation) Act, 1980.

The Proposed Construction of 22 kV D/C transmission line from Tangnu Romai-II HEP will pool 6 MW Power at Andhra Power House of HPSEBL at Chirgaon. I have found that Tangnu Romai power Generation (P) Limited has made every possible steps to avoid the route of so proposed transmission Line (which is a Linear Project) through Forests and also found that the said alignment would be the best in terms of the criteria of Forest Land involved and number of trees to be felled due to geography of terrain. Thus it is inescapable that 193 trees (79 Kail + 1 Retinsh + 20 Kunich + 6 Popular + 1 Tesh + 2 Khirk + 23 Bashul + 52 Chir + 4 Rubinia + 2 Ailenthus) coming in the corridor of so proposed transmission line must be felled for its laying which is in accordance to latest guidelines circulated by MoEF vide U.No. 7-25/2012-FC dated 05th May, 2014. However the user agency will make every effort to avoid felling of trees wherever it will be possible.

Further, during inspection no violation like tree felling, land breaking etc. is observed in the area proposed for diversion.

Dated: - 25.04.2015

A.P. Nagar, IFS
Conservator of Forests,
Shimla Forest Circle.

Conservator of Forests,
Shimla Forest Circle Shimla

Recommendation of Proposal

Division of 22.6664 hac Forest Land for the Construction of 22 KV D/C Transmission Line from Tangnu Romai-II HEP (6MW) Power House to Andhra Sub-Station of HPSEBL at Chirgaon.

The project has been allotted to Tangnu Romai Power Generation (P) Limited for 40 years by Government of Himachal Pradesh. Since there is no alternate transmission line to evacuate the power of 6 MW from the project to Andhra Power House at Chirgaon, so construction of transmission line is mandatory.

It is recommended that the proposed proposal for diversion of 22.6664 hac of forest land for the Construction of 22 KV D/C Transmission Line from Tangnu Romai-II HEP (6MW) Power House to Andhra Sub-Station of HPSEBL at Chirgaon may kindly be approved.

Ashok Kumar Chauhan (D.S.)
Divisional Forest Officer, Rohru
Forest Division, Rohru

Full Title of the Project: Diversion of 22.6664 ha of Forest land in favour of Tangnu Romai Power Generation Private Limited for the construction of Tangnu Romai-II HEP (6MW) within the jurisdiction of Rohroo Forest Division, Distt. Shimla, Himachal Pradesh. **Proposal No. FP/HP/TRANS/9312/2015**

PART - III

(To be filled by the concerned Conservator of Forests)

14. Whether site, where the forestland involved in the Yes / No case is located has been inspected by the concerned Conservator of Forests? If yes, the date of inspection of observations made in the form of inspection note to be enclosed.	Yes, on dated 24.04.2015. Inspection report enclosed at page No. 100 (a).
15. Whether the concerned Conservator of Forests agrees with the information given in Part-B and the recommendations of the Deputy Conservator of Forests.	Yes, I agree with the recommendation of the concerned DFO.
16 Specific recommendations of the concerned Conservator of Forests for acceptance or otherwise of the proposal with detailed reasons.	Proposal is beneficial to the local people of the area and is in the interest of State. Hence, recommended for approval under FCA, 1980.
