Letter No. 495 / 6-12

Ramnagar, Dated : 11th September 2020

To,
Additional Principal Chief Conservator of Forest/Nodal Officer,
FCA, Uttarakhand,
Dehradun

Subject : Online Proposal No. FP/UK/Others/48385/2020

Reference : Ministry of EF&CC Letter No 8-12/2020-FC dated 11.09.2020

Sir,

With due reference, the proposal has been examined as per the observation mentioned in the above referenced letter and it is certified that the total built-up area in all the building construction activities put together in the establishment of above Tiger safari is about 4000 Square meter as per the details given in the table attached. The buildings serial number 1 to 6 will be open for tourists and rest buildings from 7 to 11 will be off-exhibit. Thus this activity in the establishment of the Tiger Safari is not a scheduled activity as per EIA notification, 2006 and so does not require environmental clearance. So, the project does not require clearance from Standing committee of NBWL in accordance with the Ministry's letter no. 6-60/2020 WL Part(1) dated 16.07.2020. This certificate has already been given by Chief Wildlife Warden, Uttarakhand and has been provided in Part -II of the proposal (online proposal No. FP/UK/Others/48385/2020).

Thanking You.

Yours faithfully,

Director,
Corbett Tiger Reserve,
Ramnagar (Nainital)

Letter No. 495 / 6-12 Above Dated:

Copy for kind Information and necessary action please to:

1. Deputy Inspection General of Forests(FC Division) , Ministry of Environment, Forests and Climate Change.

Project Title : Tiger Safari at Pakhro in the buffer of Corbett Tiger Reserve

File No. : FP/UK/Others/48385/2020

Certificate for non-applicability of Wildlife Clearance

It is certified that the establishment of Tiger Safari in the buffer zone of the Corbett Tiger Reserve is an approved activity under Tiger Conservation Plan of Corbett Tiger Reserve. The site specific plan for the establishment of tiger safari at Compartment no 3 & 8 of Pakhro Block, Kalagarh Tiger Reserve Division, which lies in buffer zone of Corbett Tiger Reserve, has got in-principle approval from National Tiger Conservation Authority(NTCA) and has been duly approved by Central Zoo Authority(CZA). As the proposed establishment is a part of Tiger Conservation Plan duly approved by NTCA under section 38(1)(O)(a) of Wildlife(Protection) Act,1972 as amended in 2006 and the site specific proposal has been approved by technical committee of NTCA, it does qualify to be an ecologically sustainable activity under section 38(1)(O)(b) and 38(1)(O)(g) of the said Act and neither it is a scheduled activity requiring environmental clearance under EIA Notification 2006. So, the proposal does not require prior clearance from the standing committee of the National Board of Wildlife as per the guidelines dated 16th July 2020 issued by Wildlife Division, Ministry of Environment, Forest and Climate Change, Government of India.
