Kind attention of the State Govt. is invited to the references cited.

The District Forest Officer, Kamareddy District in the reference 3^d cited has submitted replies to the EDS raised by the RO, MoEF&CC, GoI, Chennai vide reference 1st cited. **The Point-wise replies are as follows:**

IS
ple put up
10/10
16/10/25

Sl. No	Information regarding the EDS/Shortcomings raised	Replies furnished
1.	CA DFL kml file has not been uploaded in the portal and also not furnished through email to this Office.	The revised CA DFL area is identified in Dharmareddy Beat Compt.No.695 Tandoor R.F of Nagireddypet Section and Range. Accordingly the revised CA DFL Scheme, Map, Kml are uploaded in the portal.
2.	Numerical Mistakes are noticed in the calculations of final abstract of CA DFL Scheme signed by the District Forest Officer, FDO and FRO.	The CA DFL Scheme is submitted herewith duly revised . It is further submitted that the CA DFL area has been identified adjacent to the diversion Area. Further, in view of the location of the DFL area which is prone for encroachment & Biotic interference, Cattle Proof Trench and Bund stabilization is proposed

		around the area for effective protection of the plantation. Hence the Scheme is revised accordingly.
3.	Documentary proof for ownership of NFL has not been uploaded	The Undertaking from the District Collector, Kamareddy vide Lr.No.E1/118/2024-2, dated 25.09.2025 stating that the CA NFL land is allotted to an extent of 2.121 Ha in Sy No.419 situated within the limits of Demikalan(V), Tadwai(M), Kamareddy(D) will be transferred and mutated in the name of the Forest Department & will be handed over to the Forest Department on receipt of Stage-II approval under Forest Conservation Act 1980 for the said project. The Same is uploaded in PARIVESH portal.
4.	The CA NFL to an extent of 2.1213 Ha in Sy.No.419 of Demikalan village of Tadwai Mandal of Kamareddy District has been reported to be adjacent to Compt. No. 706 of Lingampally RF of Yellareddy Range of Kamareddy Forest Division and is contiguous to CA lands proposed to be given in lieu of diversion applied for other projects. The budget proposed in the CA Scheme for erection of Chain link fence is about 33.541 lakh for single patch. It is suggested that fencing of entire patch of CA NFL identified may be taken up instead of patch-wise chain-link fence for better manageability and protection.	<p>The NFL area allotted to this project is in Sy. No. 419 of Demikalan village. Total area of this Sy. No. is about A.c.210-17 Gts with a periphery of 16138 Rmts. For taking up chain link fence for this entire area about Rs 406.67 Lakhs is required.</p> <p>In this survey number, the land is being allotted for different projects. The proposals are at various stages of approval and there is no assurance of the sanction/ allotment of budget required at a time. It is also submitted that in view of the land hunger in the surrounding areas. Chain link fencing is essential for protection from the encroachments.</p> <p>However the budget allotted for this project will be utilized for this patch only.</p>
5.	The reply furnished in respect of protection measures proposed to be taken to protect the balance forest land along the road. It was not categorically stated on the proposed protection measures by the State Forest	The revised DFL area map is submitted herewith. The District Forest Officer, Kamareddy has informed that the area proposed now is prone for encroachment and the biotic interference is high.

-129-

<p>Department. As the forest patch adjacent to the proposed road is in degraded state and is also prone to encroachment. The CA may be carried out within this area instead of DFL area identified at far place.</p>	<p>Cattle Proof Trench and Bund Stabilization is proposed for effective protection of the land and plantations. Hence the CA-DFL is revised and submitted herewith.</p>
	<p>The Estimated cost of Rs.77.808 lakhs. Since the area is 4.242 Ha only, the unit cost is on higher side when compared to other projects, which may be accepted considering this as a unique case.</p>

The copies of the report received from the District Forest Officer, Kamareddy along with necessary enclosures are sent herewith with a request to forward the above replies to the IRO, MoEF&CC, Gol, Chennai, for considering the proposal for Stage-I approval for the project at an early date.

The replies are also updated against subject proposal on PARIVESH 1.0 (FP/TG/ROAD/31490/2018).

Encl.:As above

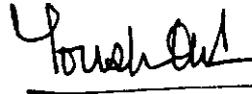

Yours faithfully
