Discrepancy need to be revisited by the State Government and exact number of trees to be felled in the proposal shall be submitted.	290 trees are less since Eco Sensitive Zone of Chaprala Wildlife Sanctuary deletion.
6	Details of employment potential in terms of man days of skilled, semiskilled and unskilled persons on permanent (direct and indirect) and temporary (direct and indirect) basis have not been provided. The same needs to be provided by the State Government.	As discussed with the DCF, Allapalii, the approximate employment potential (direct & indirect) in terms of man days generated from the project on permanent basis are as given below: Skilled – 2,800 Mandays Semiskilled – 4,200 Mandays Unskilled – 6000 Mandays On temporary basis are as given below: Skilled – 5,000 Mandays Semiskilled – 10,000 Mandays Unskilled – 13,000 Mandays
