## Panchnama (Record of Observation)

93

1. Mr. Ananta Shankar Sakpal, Age -52, Occupation - Agriculture, Res. Madoshi, Tal. Bhiwandi.
2. Mr. Arjun Maruti Jadhav, Age - 60 years, Occupation - Agriculture, Res. Madoshi Tal. Bhiwandi.

We, the under-signing Pancha (observers) are living in this area and are permanent residents of this area. We have visited the spot at the Forest Department of Dighashi's Rau. Ga. Kra. 30/E/2020 Dated 31/3/2021, in the Protected Forest area, Mauje - 'Kunda' Sec. No. 54, beside Kunde phata- Uchar road towards the West, where a high tower is erected; we, the Pancha are reporting as follows-

Today, on date 31/3/2021, at Forest Dighasi along with forest officer towards the we saw a RCC foundation of an electricity tower, at West besides the Kunde phata- Uchar road, in the Protected Forest which has been constructed by encroaching the Forest land. We the Pancha after visiting the place and inspecting it, write that the accused - Mr. Milind D. Jadhav, Additional Executive Engineer (Civ.) S. V. N. Kalyan, has been questioned in front of us. We got to know that the 220-KV M/ C Lilo, Padgha Kolshet Wada- Illegible text??? Transmission Line Work is under construction, under Mahapareshan Department of Kalyan. Mr. Milind Jadhav is confessing us before the panel that, the said line is under construction on the land of Mr. Laxman Janu Pilane, Mauje - Kunda, Tal. Bhiwandi, he has checked that the land belongs to the above-mentioned person according to the 7/12 extract document. The Forest Conservator confesses that the said area 19, has been given to the local people by the Forest department. The said area is - Protected Forest Sec. No. 54 is not mentioned in the 7/12 extract document.

The rice crop is under cultivation in the said area. There is no barren land in the mentioned area. The person is farming in that area for a long time. After inspecting the said area, we saw that towards the Eastern area of the above said land belongs to Mr. Arjun Lakshman Pisane. The area belonging to the above-mentioned person is under

92

rice cultivation. The land towards the West and the South belongs to Mr. Ladku Ganu Dukale. The land towards the North of the above-mentioned person belongs to Mr. Arjun Laxman Pilane. There is no existing tower or markings in the above-mentioned parts by the Forest Department.

Forest Conservator- Dighashi, took us to the place where the tower was built and we performed GPS reading of the construction. The details are as follows -

1. Area of the construction - 9 mtr. x 9 mtr.
2. GPS reading - N 19 29 647 E 07306948

As per the above-mentioned measurements and GPS reading, the estimation work is incomplete at the higher levels in the above-mentioned area, as the area is not suitable for construction, the Forest Conservator of Dighashi has informed, that is the panel. The encroached area comes under the numbering of Protected Forest Sec No. 54 of Forest Department. The accused, Mr. Milind D. Jadhav, Executive Engineer, said that after inspecting the documents and the area, the construction was done without taking any permission from the Forest Department. Rice cultivation/ Rice farms are seen around the area where the tower is constructed. That is why, by mistake, assuming that it was not belonging to the Forest Department the tower was constructed. We, the Pancha, are of the opinion that the accused has violated the Indian Forest Act law.

This Panchanama is being written between 2. 00 in the afternoon to 3. 30 in the afternoon. According to our understanding, we have ensured that the facts are correct and are now signing below: -

Statement being documented in front of Hon'ble Forest Conservator Padgha, as stated by Mr. Milind D. Jadhav, Additional Executive Engineer (S&I) Additional Senior Inspector, Sub-division, Kalyan, Mahapashan Company Ltd.

Sir, as per your letter, Outward. No. Room-1/Land / Forest/716 Year 2020-21, Padgha 421101 On inquiry dated 23. 2. 2011, I, Milind D. Jadhav, Additional Executive Engineer (S&I) Maharashtra Vidyut Parishan Company Ltd., is providing my statement as follows-

The transmission line of Lilo, 220 KV Padgha -Wada Kolshet Wada and the transmission line 400 KV connecting to Kudus Sub-division has been sanctioned as per M. D. R. 112/26. Thereafter the survey work of the said power lines was handed over to M/s. Vinayak Consultancy by the said Department. According to that, the said contractor completed the survey work in 2017. While surveying, it is observed that this transmission line starts at Mauje Dighashi and goes through the villages of Dighasi, Kunda, Chinchawali and Eksal. The said contractor was clearly instructed by the Electricity department to use the least area or if possible, to not use any area belonging to the Forest Department. As per the letter mentioned above, Tower no. 38 has been constructed in Protected Forest Survey no. 211 at Mauje Dighashi and the Tower no. 37 is constructed in the Protected Forest Survey no. 54 at Mauje Kunda.

Accordingly, you are hereby informed that, during the survey, it was found that the Land survey no. 35/ 4 under the Protected Forest land survey no. 211, Mauje - Dighashi is owned by Occupant 1 Mr. Mahadev Dagdu Jadhav. There is no registration of the Forest Department on this 7/12 extract document. Therefore, it was concluded that the said area is not a forest land. Due to this, by mistake the above-mentioned contractor did not inform the Department that the land belongs to the Forest Department. Similarly, during the survey, according to the inspection, it is found out that Tower No. 37 constructed in Forest Land Survey no. 54. , comes under the Revenue Department according to their 7/12 extract document.

On inspection of the said area, there is no sign of belonging to the Forest Department. The said area is under cultivation. Therefore, it is not indicated that said land comes under the Forest Department.

Looking at the above-mentioned constructed towers, the 7/12 extract documents, and the existing land, the area appears to be agricultural land. Thus, unintentionally, this department confirmed that the said land is not under the Forest Department and constructed the towers. At that time, they had no deliberate intention of constructing Transmission line towers in this Forest Land area.

However, according to the letter given, if the Forest Department rules regarding the work are violated due to the negligence of the Electricity department, then an appropriate decision should be taken at your level. This statement is being given accordingly.

Witness

Mr. Milind D. Jadhav, Additional Executive Engineer (S&I) Subdivision, Kalyan, Mahapareshan Company, Ltd. is giving the statement to Forest Circle Officer, Dighashi.

Sir, according to your letter no. Room/04/Dighashi/ year- 2024-25, Padgha - 421101 Dated- 04/04 /2024. I, Mr. Milind D. Jadav, Additional Executive Engineer (Civ.), Maharashtra Electricity Pareshan Company Ltd. , is giving his statement as follows.

The transmission line of Lilo, 220 KV Padgha -Wada Kolshet Wada and the transmission line 400 KV connecting to Kudus Sub-division has been sanctioned as per M. D. R. 112/26. Thereafter the survey work of the said power lines was handed over to M/s. Vinayak Consultancy by the said Department. According to that, the said contractor completed the survey work in 2017. While inspecting this transmission line starts at Mauje Dighashi and goes through the villages of Dighasi, Kunda, Chinchawali and Eksal. The said contractor was clearly instructed by the Electricity department to use the least area for the power line, under the Forest Department. As per the letter mentioned above, Tower no. 38 has been constructed in Protected Forest Survey no. 211 at Mauje Dighashi, and Tower no. 37 is constructed in the Protected Forest Survey no. 54 at Mauje Kunda.

Accordingly, you are hereby informed that, during the survey, it was found that Land Survey No. 35/ 4 under the Protected Forest land survey no. 211, Mauje - Dighashi is owned by Occupant 1, Mr. Mahadev Dagdu Jadhav. There is no Forest Department registration on this 7/12 extract document. Therefore, it was concluded that the said area is not forest land. Due to this, by mistake the above-mentioned contractor did not inform the Department that the land belongs to the Forest Department. Similarly, during the survey, according to the inspection, Tower No. 37 constructed in Forest Land Survey no. 54., comes under

the Revenue Department according to their 7/12 extract document. On inspection of the said area, there is no sign of it belonging to the Forest Department. The said area is under cultivation. Therefore, it is not indicated that said land comes under the Forest Department.

Looking at the above-mentioned constructed towers and the registered 7/12 extract documents, and also the existing land, the area appears to be an agricultural land. Thus, unintentionally, this department confirmed that the said land is not under the Forest Department and constructed the towers. At that time, they had no deliberate intention to construct Transmission line towers in this Forest Land area.

However, according to the letter given, if there is a violation of the rules, of the Forest Department regarding the work due to the negligence of the Electricity department, then appropriate decision should be taken at your level. This statement is written accordingly.
