**Sub:** Proposal for diversion of 0.0144 ha of forest land in favour of Jio Reliance Infocom Ltd for setting up of Mobile Tower at Hillajhora forest compartment

**Madam/Sir,**

Inviting attention to the above-mentioned subject and reference, an EDS Query was raised by IRO/KOL/WB/Others/145923/2021/141 dated 12th April 2023 in connection with the forest land diversion proposal (0.0144 ha) submitted by Reliance Jio Infocom Ltd. for setting up a mobile tower at Hillajhora forest compartment of this forest division. The queries were carefully examined by this office, and the replies are furnished below.

- 1) The user agency has replied to this query by attaching a copy of the communication by the Nodal Officer, FCA West Bengal, relying upon a clarification provided by DG Forest on the provisions of raising compensatory afforestation dated 13-06-2023. (Regarding provision of providing Non-Forest Land for CA, as per the Circular of MoEF & CC vide ref no FC11/118/2021-FC dated 13th June 2022, clause V.(b) for diversion of Forest Land less than a Hectare alternate land is not required for CA) (Enclosure-I). Submitted for your kind verification and further consideration.
- 2) The compensatory afforestation scheme has been revised as instructed, and the revised CA scheme for the creation and maintenance of 100 seedlings has been uploaded to the portal (Enclosure-II).
- 3) As per the Geo-coordinates provided by the user agency, a joint survey was conducted in the proposed area. However, the need for tree felling was neither pointed out by the user agency nor found necessary during the survey, as the area proposed for diversion is quite small. However, clearing of some bushes and weeds is required; the user agency has already given a declaration stating that they are ready to bear the cost of felling, logging, and transportation in the case of felling, if any. The forest adjacent to this area is quite dense.

This is for your kind attention and necessary action.
