Point wise reply of the above observation given as under:-

Sr.	Observation	Compliance
1	In reply S.no. 1 REPLY NOT ACCEPTED The information is the same as previous. The State Govt. may rectify KML as it shows that alternatives 1 and 2 are rejected; however, Joint Inspection Report shows that alternatives 2 and 3 are rejected. Furthermore, State Govt. need to clarify to find out width of the existing bridle path, which is just above the benefitted village (Screenshot attached), if required same will be widened instead of constructing a new road which requires the felling of 20 trees.	User Agency has submitted that the KML file has not been rectified and width of existing bridal path is less than 1.5m, moreover, the bridal path is in very steep gradient of 1:4 to 1:5 which can't be used as road even if it is widened.

A digital copy of the layout Plan in an appropriate scale which must include a legend and the proper dimensions of each component, as well as area-wise calculations and Forest/Non-Forest area in different colors duly authenticated by the concerned DFO's needs to be uploaded. No. 29 as "Observation attended" at Page No. 2 of the PDF attached, please.
3	In reply S.no. 9 REPLY NOT ACCEPTED. Administrative Approval and approved DPR for the complete proposed stretch of the road needs to be uploaded.
