Please refer to your office online EDS dated 07.02.2024 on the subject cited above.

2. The point wise reply to the observations raised vide your letter under reference is furnished as under:-

Sr. No	Deficiencies	Compliance to the Deficiencies
1	The user agency has intimated that there is no non forest land involved in the proposal and no private/non forest area has been mentioned in A-I (ix) in online part-I, where as KML file and lay out plan clearly shows the private/non forest area. The KML file is neither in polygon shape not shown the entire components of the proposal in distinct color. Further village to be benefited should also be marked in KML file.	The user agency has submitted that the detail of non forest/ Private land has been entered in A-I (ix) in online part-I. the needful has been done in KML file. Besides this Part-I "A" check list Sr. No. 04, check list Sr. No. 10 and component wise break up, layout plan and digital, land use Map as submitted by user agency are enclosed herewith.
2	The information furnished in part-11 of part II it reveal that the violation has taken place during the year 2023 and penalty has been recovered from the offender. But Govt of India has pointed out the observations during the years of 2022. The detail mentioned in Para 11 of part II is contradictory to the factual position and it seems that factual position is not being reveled. Hence the clarification may be submitted in this regard.	The user agency has now intimated that the firm has started the work during the year 2022 and leveled the land for stacking of material for this project. The DRs were issued during the year, 2023 as such year of violation has inadvertently mentioned as 2023. Now the year of violation has been corrected as 2022 in online Part-II.

Yours faithfully

Divisional Forest Officer,  
Bilaspur Forest Division,  
Distt. Bilaspur, H.P.
