S.no.	Observation	Reply
1	As per the acknowledgement slip issued with the proposal the proposed forest land diversion applied is 0.3036 ha. whereas the proposal submitted is of 0.1564 ha. This issue needs clarification.	Earlier, user agency have submitted Forest Division having area 0.3036 ha. This proposal was a combination of 0.1472 ha. forest in Gautambuddha nagar Forest Division & 0.1564 ha. forest in Aligarh Division. After the field inspection of the DFO, Gautambuddhanagar vide his letter no. 1915/14-1 dated 21.01.2017 (Copy enclosed) informed the user agency that the proposed land (0.1472 ha.) is not a notified Reserve/Protected Forest. Hence this area (0.1472 ha.) has been deducted from the total proposed forest area i.e. 0.3036 ha. Therefore, the final area proposed for forest diversion is 0.1564 ha. pertaining to the said proposal.
2	Information uploaded regarding copy of map indicating location of alternatives examined at D (ii) (a) of part 1 is incorrect.	Corrected map showing alternative routes with area description examined by user agency has been uploaded.
3	Information provided at Sr. No. 5 of part II regarding "Working plan prescription for the forest land proposed for diversion" mentions that "forest land proposed to be diverted will be incorporated in the existing working plan after prior approval of project". This implies that the proposed forest land is not part of working plan whereas forest Gazette notification (attached at page 50 to 53 of notification) is of 10th February 1960. Clarification regarding this issue needs comprehension.	Necessary correction has been made at information given at Sr. No. 5 of Part II regarding "Working plan prescription for the forest land proposed for diversion".
4	Information provided at Sr. no. 06 regarding brief note on vulnerability of the forest area to erosion mentions 'Soil in the proposed forest area is not exposed to erosion' which is beyond comprehension.	Necessary correction has been made at information given at Sr. No. 6 of Part II regarding 'Soil in the proposed forest area is not exposed to erosion'.
5	Filled up part III & V needs uploading with the proposal.	Filled up part III & V has been uploaded with the proposal.
