No. 8068 /9F (MG) - 24/2011  
Dated, Bhubaneswar the 14<sup>th</sup> March 2024

From

**Sri Susanta Nanda, IFS**  
Principal Chief Conservator of Forests  
(Forest Diversion & Nodal Officer, FC Act)  
O/o the PCCF & HoFF, Odisha, Bhubaneswar

To

**The Deputy Inspector General of Forests (FC)**  
Government of India,  
Ministry of Environment, Forests & Climate Change (F.C. Division)  
Indira Paryavaran Bhawan, Aliganj, Jor Bagh Road  
New Delhi-110003

Sub:- **Diversion of balance forest land of 746.3325 ha including 11.8305 ha. (excluding 95.60 ha. of pre 1980 broken up forest land already diverted and 4.467 ha. of forest land being proposed for diversion in separate proposal for mining infrastructure of Daitari (ML) within total forest land of 846.3995 ha. located within approved Mining lease area of 1018.3085 ha. for Iron Ore Mining in Daitari Mining Lease in Cuttack Forest Division of Jajpur District and Keonjhar Wildlife Division, Anandapur of Keonjhar district, Odisha of M/s OMC Ltd.**

Ref:- Ministry's Letter No. 8-28/2015-FC dt. 10. 05. 2023.

Sir,

In inviting a reference to the Letter No. cited above on the captioned subject the following compliance is submitted for your information and necessary action.

**Observation (i):-** The State Government shall submit a detailed report on the present status of Jhum/Shifting cultivation and the time period during which the Jhum/shifting cultivation has taken place within the mining lease area.

**Compliance:-** DFO, Keonjhar (WL), Anandapur vide his L. No. 3548 dt. 24.08.2023 addressed to the user agency and vide L. No.3296 dt. 10.08.2023 addressed to the Range Officer, Brahmanipal Range had requested to furnish a detailed report on the present status of Jhum/ Shifting cultivation and the time period during which the Jhum/ Shifting cultivation has taken place within the mining lease area as per Ministry's Letter dated 10.05.2023. the copy of which are enclosed as **Annexure-1 & Annexure-2** respectively to this compliance as there was no records available in Division office about the time period during which the Jhum/ Shifting cultivation had taken place within the mining lease area.

In reply to the aforesaid letter, the General Manager (Geology) of M/s OMC Ltd. has reported vide his letter No. 13808/ OMC/ F&E/ 2023 dated 25.08.2023, the Copy of which is enclosed as **Annexure-3** that, the above land parcel is very close to Talapada village and the tribal people depend on

the said land for cultivation for their livelihood. Further, he has reported that the satellite images as per the advice of National Remote Sensing Centre have been downloaded by the OMC Ltd. from the web server for the period from 1973 to 1991 which are enclosed to this compliance as **Annexure-3/A**. The satellite images pertaining to different years have been super imposed over the Kml file of 28.67 ha. and following tabulated observations have been inferred.

Sl. No.	Images downloaded for the year	Analysis of imagery data
1.	1973	Partly cleaned area for Jhum/shifting cultivation is observed.
2.	1975	Cleaned area for Jhum/shifting cultivation is observed.
3.	1976	Cleaned area for Jhum/shifting cultivation is observed.
4.	1980	Partly cleaned area for Jhum/shifting cultivation is observed.
5.	1986	Re-growth of vegetation is observed.
6.	1988	Re-growth of vegetation is observed.
7.	1989	Partly cleaned area for Jhum/shifting cultivation is observed.
8.	1991	Cleaned area for Jhum/shifting cultivation is observed.

In addition to above, the Range Officer, Brhmanipal Wildlife Range, Daitari has reported vide his Memo No. 1113 dated 07.09.2023 that, no plantation has been taken up by the Department in the area of Jhum /Shifting cultivation, the copy of which is enclosed as **Annexure-4**. Further, the Range officer has tried his best to collect information from the aged persons of the village regarding commencement of the jhum/Shifting cultivation on the discussed site within the mining lease area. During his discussion with the villagers of Talapada village he came to know that the Jhum/Shifting cultivation had been done in two patches during 1970 to 1980 over an area of 28.67 ha. (Patch no.1- 25.69 ha + Patch no.2- 2.98 ha). The exact year of cultivation could not be determined. After that, the Jhum/Shifting cultivation has not been taken up in the area. The Range officer has furnished the GPS Co-ordinates of the patches as well as the still photographs of the present existing vegetation also. The copies of recorded evidences from the villages, GPS co-ordinates and the still photographs are enclosed as **Annexure-4** to this compliance.

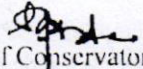

DFO, Keonjhar (WL) had also requested to the Chief Executive, ORSAC vide his office Letter No. 4501 dt. 19.10.2023 enclosing the Kml files over an area of 28.67 ha. to supply the high-resolution images pertaining to period 1970 to 1980 to ascertain the actual time period during which the Jhum/ Shifting cultivation had occurred in the mining lease area, the copy of which is enclosed as **Annexure-5**. Dr. S.D. Sahu, Scientist, I/c of Map Sales of ORSAC, Bhubaneswar has intimated vide his Letter No. 4866 dt. 04.11.2023 that, the HRSI images for the Daitari Mines area for the year 1970 to 1985 is not available with National Remote Sensing Centre (NRSC), ISRO, Dept. of Space, Govt. of India, Hyderabad as reported by the NRSC, Data Centre, Hyderabad through mail on dated 09.08.2023 with a copy to OMC Ltd. the copy of which is enclosed as **Annexure-6**.

The DFO, Keonjhar (WL) Division has also visited the site on 09.11.2023 and has observed that the site where Jhum/Shifting cultivation had been done earlier is now infested with invasive weeds like *Lantana camara* and *Azerratum conyzoides* etc. During discussion with the villagers of Talapada village on the said date, it was learnt by him that, the Jhum/Shifting cultivation has commenced from the year 1970 (Approximately). The recorded statements are enclosed herewith as **Annexure-7**.

In view of the above, the compliance to the observations dated 10.05.2023 of the Gol, MoEF & CC (FC Division); New Delhi is sent herewith for favour of kind information and necessary action.

Yours faithfully

**Sub:** Diversion of balance forest land of 746.3325ha including 11.8305ha for safety zone(excluding 95.60ha pre-1980 broken up forest land already diverted and 4.467ha of forest land being proposed for diversion in separate proposal for mining infrastructure of Daitary ML) within total forest land of 846.3995 ha located within approved mining Lease area of 1018.3085ha for Iron ore mining in Daitary Mining lease in cuttack Forest Division of Jajpur District and Keonjhar(WL) Division of Keonjhar District, Odisha of OMC Ltd.- Submission of final study report regarding.

**Ref:** (i) Letter No.8-28/2015 FC dt.10.05.2023 of MoEF & CC, Govt. of India (FC Division).  
(ii) Letter No. 3548/3F (Mining) dt. 24.08. 2023 by DFO, Keonjhar Wildlife Division, Anandapur.

Sir,

The MoEF & CC, Govt. of India vide letter under reference (i) has sought clarification on the time period during which the Jhum/shifting cultivation has taken place over an area of 28.67 ha of revenue forest land within Daitari ML area of 1018.3085 ha of OMC Ltd located in Keonjhar and Jajpur district of Odisha. DFO, Keonjhar Wildlife Division, Anandapur while referring the above letter has sought clarification on the following vide letter under reference (ii):

- i. Under which circumstances the Jhum/shifting cultivation has taken place within the lease area?
- ii. The time period during which the same has happened?
- iii. To intimate the steps taken by OMC.
- iv. To intimate the present status of Jhum/shifting cultivation.

In compliance to the above observations it is submitted that the land parcel is very close to Talapada village and the tribal people depend their livelihood by cultivation. Although, OMC provided employment to the villagers, as a traditional habit of the villagers, the vegetation has been partly removed with an intermittent time period.

In order to ascertain the time period during which the Jhum/shifting cultivation has occurred, OMC requested ORSAC to provide satellite imagery at five yearly intervals for the year from 1970 to 1985. Since the images were not available with ORSAC, they requested NRSC Data Centre, Hyderabad to provide the required images for the aforementioned period. The images, as per the advice by NRSC were downloaded from the web server but of very poor quality. The available images for different period have been superimposed with the kml file of 28.67 ha and following are the observations:

Sl. No.	Images downloaded for the Year	Analysis of imagery data
1	1973	Partly cleaned area for Jhum/shifting cultivation is observed.
2	1975	Cleaned area for Jhum/shifting cultivation is observed.
3	1976	Cleaned area for Jhum/shifting cultivation is observed.
4	1980	Partly cleaned area for Jhum/shifting cultivation is observed.
5	1986	Re-growth of vegetation is observed

3F  
21/8/23  
DA  
21/8/23

6	1988	Re-growth of vegetation is observed
7	1989	Partly cleaned area for Jhum/shifting cultivation is observed.
8	1990	Partly cleaned area for Jhum/shifting cultivation is observed.
9	1991	Cleaned area for Jhum/shifting cultivation is observed.

The copies of the images are given at **Annexure-I** for reference. Although, the original images are very poor in resolution but it gives a fair idea about the period i.e. 1975, 1976 and 1991 during which Jhum/shifting cultivation has taken place. Re-growth of vegetation during non-cultivation period i.e. 1986 & 1988 has been observed.

As an alternate approach, the statement of respected persons (Age Group of 50 to 80) of Talapada village was recorded in presence of Sarpanch, Bareiguda Gram Panchayat and Forester, Brahmanipal on dt 18.08.2023 to ascertain the period during which Jhum/shifting cultivation has taken place. The reasons of doing such activities by the Juang community were attributed to traditional cultivation to feed their family members. It is revealed from the statement that the time period of above activity has taken place within 1975 to 1978. The copy of the statement in Odia and its translation in English with photographs of the gathering on dt 18.08.2023 is enclosed as **Annexure-II** for kind reference.

The CSR Team of OMC is spreading awareness on disadvantages of podu cultivation to the villagers in common gathering. The security personnel of OMC patrol the area regularly to prevent tree felling. OMC has adopted Talapada village and provided all facilities which resulted complete stoppage of podu cultivation in the region. OMC supports the villagers and people around by distributing saplings free of cost to generate green cover. Besides, natural regeneration is coming up in the area by preventing forest fire. The plantation programme initiated by the DFO, Keonjhar Wildlife Division, Anandapur adds to the green cover to compensate the loss.

The mapping of present day topography does not show any podu cultivation in the region and natural growth has come up in many parts of earlier degraded land.

Therefore, it is requested to kindly recommend the above clarification for necessary further action by MoEF & CC for grant of stage-I forest clearance pertaining to Daitari Iron Ore Mines of OMC Ltd.

Encls. as above

Yours faithfully,

(Dr Suman Krishna Sit)

STATEMENT ON TIME PERIOD DURING WHICH JHUM/SHIFTING CULTIVATION  
TOOK PLACE WITHIN DAITARI ML AREA OF OMC OVER 28.67 HA  
RECORDED ON DT 18.08.2023.

Name: Sri Gangadhara Juanga  
Father's name: Late Bhaiga Juanga  
Age: 50 years  
Place of birth: Talapada

Question asked: *"Will you please tell us the time period during which the Jhum/Shifting cultivation over 28.67 ha of Gramya Jungle kissam land within Daitari ML area of OMC Ltd has taken place."*

Sir, I am around 50 years old. I can not express the exact time period of Taila/Pudu cultivation but it was continuing since my grandfather's time. My father had also cultivated the land. We were depending upon over that land but now it is not sufficient to maintain the family. Some villagers are cultivating the land. They do not use it continuously due to non-productive output.

Question asked: *"Will you please tell us the time period during which the Jhum/Shifting cultivation over 28.67 ha of Gramya Jungle kissam land within Daitari ML area of OMC Ltd has taken place."*

Sir, I am around 60 years old. I am unable to see and illiterate. During our young age we used to earn our livelihood by fishing from the dam nearby. Some villagers are cultivating the land prior to my grandfather periods. The land which you are showing has been used more than 58 years in different spells to produce Corn crop and mustard. They do not use it continuously due to non-productive output. I do not remember anything.

OFFICE OF THE FOREST RANGE OFFICER  
BRAHMANIPAL WILDLIFE RANGE, DAITARI

Memo No. 1113 / Dtd. 07/09/2023

DA  
Most Urgent  
11/2  
07/9/23

To  
The Divisional Forest Officer  
Keonjhar (WL) Division, Anandapur.

Sub: - Present status of Jhum/ shifting cultivation within the mining lease area of M/s. OMC Ltd.  
- reg.

Ref: - Your Office Memo No. 3296 /dt.10.08.2023

Sir,  
In inviting a kind reference to Memo No. cited above on the captioned subject, it is to intimate you that, the staff of Daitari Section of Brahmanipal (WL) Range have conducted field verification of jhum/ shifting cultivation area and found that, the above area was regenerated and high growth trees are available in the area. Plantation has not been done by this Department in that area. Further, as per discussion with the Talapada villagers, jhum cultivation has been done in between 1970 to 1980. Jhum cultivation has been done in two patches during that period covering an area 28.67 ha. (Patch No.1 :- 25.69 Ha. & Patch No.2 :- 2.98 Ha.). After that period, jhum cultivation has not carried out. Map, GPS co-ordinates and Notecam colour photographs of the area are enclosed herewith for your kind perusal.

This is for favour of your kind information and necessary action.

Encl:  
As above

Yours faithfully,

  
Forest Range Officer  
Brahmanipal(WL)Range  
Daitari

OFFICE OF THE  
DIVISIONAL FOREST OFFICER, KEONJHAR WILDLIFE DIVISION, ANANDAPUR.  
e-mail id: dfo.keonjharwl@odisha.gov.in / dfowl\_andpur@rediffmail.com

Letter No. 4501/3F(Mining)- /2022  
Dated, Anandpur the 19<sup>th</sup> October'2023.

To,

The Chief Executive,  
Odisha Space Applications Center (ORSAC),  
Plot No. 45/48, Jayadev Vihar,  
Near Gopabandhu Academy of Administration,  
Unit-16, Bhubaneswar - 751023.

Sub: - Diversion of balance forest land of 746.3325 ha. including 11.8305 ha. (excluding 95.60 ha. of Pre-1980 broken up forest land already diverted and 4.467 ha. of forest land being proposed for diversion in separate proposal for mining infrastructure of Daitari ML) within total forest land of 846.3995 ha. located within approved Mining lease area of 1018.3085 ha. for Iron Ore Mining in Daitari Mining Lease in Cuttack Forest Division of Jajpur District and Keonjhar Wildlife Division, Anandapur of Keonjhar district, Odisha of M/s OMC Ltd.

Ref: - (1) No. 8-28/2015FC dt. 10.05.2023 of the Govt. of India, Ministry of Environment, Forest & Climate Change, FC Division.  
(2) Memo No. 15389/9F(MG)-24/2011 dt. 01.08.2023 of the Conservator of Forests (Nodal), O/o the PCCF & HoFF, Odisha, Bhubaneswar.

Sir,

In inviting a kind reference to the Memo Nos. cited above on the captioned subject, this is to inform you that, the Govt. of India, Ministry of Environment, Forest & Climate Change, Forest Conservation Division has desired a detailed report on the present status of jhum/ shifting cultivation and the time period during which the Jhum/ shifting cultivation has taken place within the mining lease area of M/s OMC Ltd. The kml file and GPS Co-ordinates of the area is enclosed herewith for favour of your kind perusal. In this connection, the General Manager, Orissa Mining Corporation Limited, OMC House, Bhubaneswar was requested vide this office Memo No. 3548 dt. 24.08.2023 to clarify about the circumstances and the time period in respect of the Jhum/ shifting cultivation within the lease area. Further, the Range Officer, Brahmanipal Wildlife Range, Daitari was requested to submit a detailed report on plantation activities carried out in the area. In response to the aforesaid letters the General Manager (Geology), Orissa Mining Corporation Limited, OMC House, Bhubaneswar has intimated that, the Jhum/ shifting cultivation has been occurred from the year 1970 to 1985 as per the images obtained from the NRSC Data Centre, Hyderabad by the ORSAC. The images as per advice of the NRSC were downloaded from the web server but of very poor quality. The details of analysis of the imagery data as submitted by the OMC Ltd. after due superimpose with the kml file of 28.67 ha. are furnished below for favour of your kind perusal.

Sl. No.	Images downloaded for the year	Analysis of imagery data
1.	1973	Partly cleaned area for Jhum/ shifting cultivation is observed.
2.	1975	Cleaned area for Jhum/ shifting cultivation is observed.
3.	1976	Cleaned area for Jhum/ shifting cultivation is observed.
4.	1980	Partly cleaned area for Jhum/ shifting cultivation is observed.
5.	1986	Re-growth of vegetation is observed.
6.	1988	Re-growth of vegetation is observed.
7.	1989	Partly cleaned area for Jhum/ shifting cultivation is observed.
8.	1991	Cleaned area for Jhum/ shifting cultivation is observed.

Also, the Range Officer, Brahmanipal Wildlife Range, Daitari has intimated that, the Jhum cultivation is said to have been occurred between 1970 to 1980.

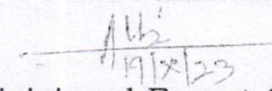

In view of the facts narrated above, it is requested to kindly supply the high-resolution images of the kml file covering an area of 28.67 ha. year-wise since the inception of Jhum/ shifting cultivation along with its analysis report focusing on the following two points for onward transmission to appropriate quarters for taking necessary action at their end.

- (1) Present status of Jhum/ shifting cultivation covering an area of 28.67 ha. as per the enclosed kml file.
- (2) The time period during which the Jhum/ shifting cultivation has taken place within the mining lease area.

This is for favour of your kind information and necessary action.

Encl: - As above.

Yours faithfully,

  
Divisional Forest Officer,  
Keonjhar Wildlife Division, Anandapur.
