1	The proposal was discussed in the REC meeting of RO, Bhopal held on dated 11.12.2023 wherein it has been observed that the actual area of diversion is 4.633 ha instead of the proposed 4.59 ha, as the area for mining is 4.59 ha including safety zone and the area for approach road is 0.0436 ha and the State Govt. was requested that correct KML file of 4.633 ha shall be uploaded showing diversion area, safety zone area approach road and accordingly necessary corrections in online Part I and II are also required to be done. In this reference, the Govt. of Madhya Pradesh vide letter dated 23.01.2025 has informed that the needful has been done. However necessary corrections in online Part I and II has not been carried out. Therefore the State Govt. is again requested to carry out the necessary corrections in online Part I and II.	इस बिन्दु के पालन में आवेदक संस्थान द्वारा KML फाईल में संशोधन कर ऑनलाईन परिवेश पोर्टल के भाग—01 में KML फाईल अपलोड कर दी गई है।
2	The proposal was discussed in the REC meeting of RO, Bhopal held on dated 11.12.2023 wherein it has been observed that in view of the change in area proposed for diversion, the non forest CA area is also required to be provided for 4.633 ha, hence accordingly the plantation scheme along with other related documents such as maps, CA KML file of 4.633 ha proposed on non forest land shall be submitted/uploaded. In this reference, the Govt. of Madhya Pradesh vide letter dated 23.01.2025 has informed that the needful has been done. However as per DSS analysis the calculated area of KML file of Non-Forest land proposed for CA is found be 4.59 Ha instead of 4.633 ha and moreover the plantation scheme along with other related documents such as maps, CA KML file of 4.633 ha proposed on non forest land has not been submitted/uploaded which needs submission.	इस बिन्दु के संबंध में प्रभावित वनभूमि के बदले में गैर वनभूमि की जानकारी KML फाईल, जियो रिफरेंश मैप अन्य अभिलेखों सिहत तैयार कर ऑनलाईन परिवेश पोर्टल में अपलोड कर दिये गये हैं।

3	The State Govt. shall clarify whether the Letter of intent (LoI) issued by the Mineral Resource Department, Govt. of Madhya Pradesh is still valid as on date or otherwise Details of mineral evacuation plan and how the requirements of electricity and water will be	चाही गई इस बिन्दु की जानकारी के संबंध में आवेदक संस्था द्वारा कलेक्टर, खनिज शाखा जिला रीवा / मऊगंज की सर्वेक्षण रिपोर्ट संलग्न की गई है, जिसकी अविध दिनांक 31.01.2026 तक वैध है। छायाप्रति संलग्न है। इस बिन्दु के संबंध में आवेदक संस्था द्वारा जानकारी प्रस्तुत की है कि खनिज निकासी का

The detail of additional forest land (if any) required for the purpose shall also be submitted.	कार्य यांत्रिकीय विधि से किया जावेगा, खनिज उत्खनन हेतु बिजली की आवश्यकता नगन्य है एवं पानी की पूर्ति हेतु टैंकर के माध्यम से की जावेगी। प्रस्तावित क्षेत्र के अतिरिक्त अन्य वनभूमि की आवश्यकता नहीं है।
5	The user agency in Part-I form reported that the Project does not requires Clearance under the Environment (Protection) Act 1986 (Environmental clearance) whereas the instant project is for mining. A clarification in this regard needs submission.	इस बिन्दु के संबंध में आवेदक संस्था द्वारा पर्यावरण की सुरक्षा एवं प्रदूषण से रोकथाम हेतु प्रस्तावित क्षेत्र के चारों तरफ 7.5 मीटर की चौड़ाई में ग्रीन बेल्ट तैयार किया जावेगा। KML फाईल में उक्त क्षेत्र को दर्शाया गया है एवं धूल की रोकथाम हेतु समय—समय पर पानी का छिड़काव टैंकरों द्वारा किया जावेगा। साथ ही जल की निकासी नहीं की जावेगी, जिस कारण से पर्यावरण (संरक्षण) अधिनियम, 1986 के अंतर्गत अनुमति की आवश्यकता नहीं है।
6	The instant mine has been proposed to be worked upon by mechanized mining with implementation of Open-cast technology. Therefore, the status of muck disposal plan shall be submitted along with relevant details.	इस बिन्दु की जानकारी के संबंध में आवेदक संस्था द्वारा लेख किया है कि परियोजना से निकला हुआ मलबा को निजी भूमि क्रय कर राजस्व क्षेत्र में डम्प किया जावेगा। प्रस्तावित क्षेत्र के अतिरिक्त वनक्षेत्र को प्रभावित नहीं किया जावेगा।
7	Complete copy of an approved mining plan needs submission. The State Govt. shall also ensure that the land-use as proposed in the proposal shall invariably commensurate with the land-use as given in the approved mining plan.	इस बिन्दु के संबंध में आवेदक संस्था द्वारा अनुमोदित खनन योजना की प्रति संलग्न है। प्रस्तावित क्षेत्र में खनन का कार्य माइनिंग प्लान अनुसार किया जावेगा, जिसके लिए आवेदक संस्थान वचनबद्ध है।
8	The State Govt. has not informed as to how much area of the proposed NFL (village wise/patch wise) for raising compensatory afforestation is having specified density as per the Rule-13 of the Van (Sanrakshan Evam Samvardhan) Rules, 2023. Moreover, the State shall also ensure that the area (NFL) proposed for CA is suitable for raising Compensatory Afforestation as per the provisions of Van (Sanrakshan Evam Samvardhan) Rules, 2023 and the crop improvement programme of the forest crop in the NFL proposed for CA shall be submitted.	इस बिन्दु के संबंध में आवेदक संस्था द्वारा वन (संरक्षण एवं संवर्धन) नियम, 2023 के नियम—13 के अनुसार ग्राम सरदमन में एक ही पैच में 4.59 हेक्टेयर क्षेत्र प्रस्तावित है, जिसका घनत्व 0.2 से 0.4 है एवं प्रभावित वनभूमि के बदले गैर वनभूमि एवं डबल डिग्रेटेड वैकल्पिक वृक्षारोपण योजना भी प्रस्तावित है।

Para 2, Rule-13 of the Van (Sanrakshan Evam Samvardhan) Rules, 2023 says that "Provided that in case the non-forest land or portion thereof provided by the user agency is not fit for raising compensatory afforestation of a specified density, then additional compensatory afforestation shall be raised on a degraded notified or unclassed forest land under the management control of the Forest Department which is twice in size of such shortfall in the given compensatory afforestation land and the user agency shall also bear the additional cost on such account". Keeping this in view, the KML file of the Degraded forest land which is twice in size of such shortfall in the compensatory afforestation land needs to be submitted (if applicable) along with Maps, CA scheme, Site suitability certificate etc.

इस बिन्दु के संबंध में आवेदक संस्था द्वारा वन (संरक्षण एवं संवर्धन) नियम, 2023 के नियम—13 के पैरा 2 अनुसार प्रभावित वनभूमि के बदले गेर वनभूमि की जानकारी KML फाईल, जियो रिफरेंश सहित अभिलेख वनमण्डलाधिकारी, दक्षिण सागर द्वारा तैयार कर अपलोड कर दी गई है। छायाप्रति संलग्न है। साथ ही वनमण्डलाधिकारी, सिंगरौली द्वारा दुगने बिगड़े वन की जानकारी तैयार कर प्रस्तुत की गई है। छायाप्रति संलग्न है। भारत सरकार/राज्य सरकार द्वारा जो भी शर्त अधिरोपित की जावेगी शर्त के पालन हेतु आवेदक संस्थान वचनबद्ध है।

Given the density of 0.4 of the proposed forest area of 4.59 ha, number of project affected trees reported as 10 appears to have been estimated on lower side. The same needs to be reconfirmed by the State. It may also be clarified whether the tree enumerations have been done as per actual standing trees on ground or through sampling method or by adopting any other method

इस बिन्दु के संबंध में वनमण्डल, रीवा के परिक्षेत्र मऊगंज के कक्ष क्रमांक पी.एफ. 334 में प्रस्तावित क्षेत्र 4.59 हेक्टेयर भूमि को मौके से जाकर गणना की गई है। गणना पत्रक अनुसार 10 नग वृक्ष एवं 81 नग बांस भिर्रा मौके पर मौजूद है। मौका पंचनाम की प्रति संलग्न है।

The State Govt. in the Part-II form reported that the proposed forest land is not prone to soil erosion whereas as depicted through satellite imagery the lease is situated at hilly terrain. Therefore, factual details in this regard needs submission along with the mitigation plan/ Soil Erosion Treatment Plan duly approved by the DCF concerned to choke the soil erosion.

इस बिन्दु के संबंध में प्रस्तावित क्षेत्र चट्टानी क्षेत्र है। चट्टानी क्षेत्र होने के कारण मिट्टी का कटाव होना असम्भव है। इसके उपरांत भी आवेदक संस्था द्वारा प्रस्तावित क्षेत्र के चारो तरफ 7.5 मीटर की चौड़ाई में ग्रीन बेल्ट तैयार किया जावेगा। इसके अतिरिक्त अन्य कोई उपचार योजना तैयार किये जाने की आवश्यकता नहीं है।

The forest land proposed for diversion is located in Rewa District whereas the land proposed CA has been proposed in the Sagar and Singrauli District. Thus, the land for diversion is situated at an aerial distance of approximately 70 Km away from the land for CA. The State Govt. shall ensure that the Para 2.2 (xiii) of Chapter-2 given in the consolidated Handbook of Guidelines issued under the Van (Sanrakshan Evam Samvardha) Rules-2023 has been followed while selecting the land proposed for CA.

इस बिन्दु के संबंध में आवेदक संस्थान द्वारा प्रभावित वनभूमि के बदले गैर वनभूमि वनमण्डल, दक्षिण सागर में प्रदाय की गई है एवं डबल डिग्रेटेड वैकल्पिक वनमण्डल, सिंगरौली में वैकल्पिक वृक्षारोपण योजना तैयार की गई है।

13	The KML files indicating the different components of the projects like safety zone/ Green belt, Infrastructure, OB dump etc shall be submitted along with land use map. The component wise details of the proposed forest land shall also be updated on the PARIVESH portal	इस बिन्दु के संबंध में आवेदक संस्थान द्वारा सेफटी जोन / ग्रीन बेल्ट 7.5 मीटर प्रस्तावित क्षेत्र के चारों तरफ तैयार किया जाएगा, जिसे KML फाईल में दर्शाया गया है। (मानचित्र की छायाप्रति संलग्न है) जैसी बुनियादी ढांचे संबंधी जानकारी ऑनलाईन परिवेश पोर्टल में दर्ज कर दी गई है।
14	DSS analysis revealed that the user agency has uploaded incorrect KML file of the Non-forest land proposed for CA because the part of the proposed CA land is partly falling in forest compartment.	इस बिन्दु के संबंध में आवेदक संस्थान द्वारा प्रस्तावित गैर वनभूमि की संशोधित KML फाईल ऑनलाईन परिवेश पोर्टल में अपलोड कर दी गई है।
15	The CF, Rewa circle while approving the CA scheme reported that against diversion of 11.26 ha forest land for mining in three leases of same user agency, the State govt. has only proposed 8 ha forest land for CA. This needs clarification along with complete copy of CA scheme. The State Govt. shall also ensure that the proposed CA shall be in proportionate to the forest land for diversion	इस बिन्दु के संबंध में आवेदक संस्थान द्वारा प्रभावित वनभूमि के बदले गैर वनभूमि दक्षिण सागर में प्रदाय की गई है, जिसकी छायाप्रति परिवेश पोर्टल पर अपलोड है।
16	The CF, Rewa circle while approving the CA scheme reported that the instant proposal is for establishment of crushing plant instead of mining. This needs clarification. The State shall also ensure that the forest land cannot be diverted for any non-site specific activities.	इस बिन्दु के संबंध में आवेदक संस्थान से वचन पत्र प्राप्त किया गया है, जिसमें आवेदक संस्था ने लेख किया है कि प्रभावित वनभूमि में केवल खनन का कार्य ही किया जावेगा, अन्य कोई गतिविधि नहीं की जावेगी, जिसके पालन हेतु आवेदक संस्थान वचनबद्ध है।

अतः प्राप्त जानकारी संलग्न प्रेषित कर निवेदन है कि प्रकरण में भारत सरकार की आवश्यक अनुमित प्राप्त कर अवगत कराने का कष्ट करे। संलग्न:— उपरोक्तानुसार।
