There are (160) no. of Misc., trees and 900 Bamboos (in 2 road proposals) existing in the proposed width of the road. Further, the DFO has recommended the above mentioned proposed roads in Vizianagaram Division as the required Forest area is unavoidable and there is no loss to the local flora and fauna and to connect the interior places for facilitating conveyance to the local tribal with no disturbance to the Environment.

Further, the DFO has also reported that, the Compensatory Afforestation land was also identified at Sy.no.279 at Gottivalasa (V), Garugubilli (M) of Vizianagaram District for all the (9) road proposals pending in Vizianagaram District to an extent of 32.23 ha and the authenticated DGPS maps are also submitted along with the proposals.
