2- आपका पत्रांक 502 / 11सी-एफ०पी० यू०पी० / रोड / 30569 / 2017, लखनऊ दिनांक 04.09.2018.

महोदय,

जनपद मीरजापुर में राष्ट्रीय राजमार्ग संख्या-07(वाराणसी-हनुमना सेक्शन) कि०मी० संख्या 49.500 से 140.200 तक के सुदृढीकरण व चौड़ीकरण से प्रभावित 17.3875 हे० आरक्षित वन भूमि एवं 113.6300 हे० संरक्षित वन भूमि, कुल- 131.0175 हे० वन भूमि के गैर वानिकी प्रयोग तथा बाधक 10473 वृक्षों/पाधों के पातन की अनुमति के सम्बन्ध में वन संरक्षण अधिनियम 1980 के तहत प्रेषित प्रस्ताव में उल्लिखित कमियों का निवारण कर अपेक्षित सूचनाओं सहित प्रभागीय वनाधिकारी, मीरजापुर ने अपने कार्यालय पत्र संख्या-1035/मीरजापुर/15, दिनांक 09.02.2018(छायाप्रति संलग्न) द्वारा निर्धारित प्रपत्र (टेबुलर फार्म) में निम्न प्रकार प्रेषित किया गया है।

Observ no	Observation	Reply
1	Area calculation sheet giving details of ROW area utilized for widening / construction of road & balance of width of ROW at different chainage has also not been provided.	As per NHAI letter no 11015/01/MZP/Forest/2018-19/181 dated 23.08.2018 entire area shall be utilized for widening and construction activities. According to NHAI no balance width will be available at the site. Area calculation sheet is enclosed. Annexure:1
2	In site inspection report of CCF, Mirzapur, translocation of 222+155=377 trees have been recommended information regarding cost, modalities & place of relocation must be submit by the State Government & it should be the project cost for which undertaking must be	As per instruction given by CCF, Mirzapur, 377 no. trees which are proposed for translocation, the place of translocation site is identified which is 6.11316 Ha. in Lalganj to Haliya Road for road side strip plantation. GEO map and KML file with land suitability certificate is enclosed Regarding bearing of translocation cost the User agency

	furnished by the user agency.	NHAI has also given an undertaking. Complete Document is enclosed as Annexure:2
3	The net suitable area is for Plantation as per GIS-DSS analysis is 249.92 ha. only which is less then area required.	As per your instruction CA land patch 'Hardi Kala Imali area 79.75 ha. Changed with Jaikar (dangarkheri (K.N.-1) area 50.92 ha. and Vijaypur (Vijaypur K.N.-3) area 40.11 ha. in Forest range Lalganj. GEO map, toposheet, land suitability certificate with site photograph is enclosed as Annexure:3
4	The CA land patch 'Hardi Kala Imali' having gross area 79.75 ha. As per GIS-DSS analysis only 6 ha. is suitable for plantation area i.e. 73.75 ha. Falls under Most Dense Forest (MDF) category .it needs revision.	
5	No of trees felling proposed under the project is very large. It shall be taken care that whatever feasible trees should be translocated and a detailed planed in this regard be submitted. Similarly the trees on the margins/borders may be kept out of enumeration (if possible technically). Keeping in view these facts revised enumeration list of trees should be submitted.	Director NBRI Lucknow recommended 850 nos of trees other then 377 nos trees recommended by CCF Mirzapur for translocation. Thus total 1227 nos. of trees suggested for translocation. List of spices and scientific name is enclosed as Annexure: 4 (Selected area 6.11316 hact. for trees translocation is enclosed in Annexure: 2)

उपरोक्त राष्ट्रीय राजमार्ग के स्थलीय निरीक्षण के उपरांत प्रेषित निरीक्षण टिप्पणी में दिये गये निर्देशों की अनुपालन आख्या के सम्बन्ध में।

A	The trees and poles standing on non-Forest land (ie section of road side plantation not notified as protected Forest) have also been included in the enumeration list. Hence a separate revised Enumeration list for forest trees standing on forest land need to be submitted.	Separate revised Enumeration list for forest trees standing on forest land (With New plantation in 2012-2013 to 2014-2015 Trees 8319 nos.) is enclosed with spices wise scientific name as Annexure: A
B	There exists plantation raised in 17 hectares during the years 2012-13 to 2014-15 which are also going to be affected by widening of road but have not been included in enumeration list.	During the years 2012-13 to 2014-15, 17 ha. plantation raised in Lalaganj forest range, Total 8319 nos of trees affected at this site has been included in final enumerations list as annexure A. Total plantation cost was Rs. 3859820

		Year wise plantation report is enclosed as Annexure: B
C	There exist 377 trees of Tamarind species which have been recommended for translocation by the Forest department. However more trees, poles and Saplings are suitable for translocation.	According to point no. 5 Director NBRI also suggested 850 Nos. of trees for translocation. Including 377 tree as recommended by CCF Mirzapur the total 1227 nos. of trees proposed for translocation (As per point no.2). 6.113 Ha. Land is also identified for 1227 nos. of trees translocation at Lalganj to Haliya Road for Relevant GEO-Map, KML and Land suitability is enclosed as Annexure: 2

अतः प्रभागीय वनाधिकारी, मीरजापुर द्वारा प्रश्नगत के सम्बन्ध में प्रेषित आख्या मय अभिलेखों सहित तीन प्रतियों में एतद्सह संलग्न कर अग्रेतर कार्यवाही हेतु प्रेषित।
