4	In reply to point 2 of EDS dated 15.06.2015 of this office, Administrative Approval mentioned to have been attached is just a tabular statement without signature of any Authority. Further, as per detail given in this table, the road is sanctioned from Pokhari to Kandai and hence this does not explain the issue raised in the EDS as to why the proposal for construction of this road is starting from Gugli & going up to Khataw.	1. The Administrative sanction vide letter no.1760/पी03-यू0आर0आर0 डी0ए0/09 दिनांक 24 दिसम्बर 2009 and The financial Administrative sanction vide letter no .p.17024/27/2013.RC dated 4 feb2014 of the proposed road has been uploaded 2. ग्राम गुगली लो0नि0वि0 पोखरी के अधीन पोखरी -आली काण्डई मोटर मार्ग के किमी0 3 में पडता है। जो कि पोखरी की सीमा से लगा हुआ है।-यू0आर0आर0 डी0ए0/09 दिनांक 24 दिसम्बर 2009 के द्वारा पोखरी काण्डई मोटर मार्ग की प्रशासनिक स्वीकृति आली काण्डई गुगली शरणाचाई, सोडामंगरा आदि बसावटों को संयोजित किये जाने हेतु प्राप्त थी, जिनकी डी0पी0आर0 गठन के दौरान काण्डई को लो0नि0वि0 गौचर द्वारा निर्मित मोटर मार्ग से संयोजित कर दिया गया था, जिस कारण संरक्षण को शरणाचाई एवं त्रिशूला (खटाव) के लिए तैयार किया गया तथा मोटर मार्ग का नाम पोखरी काण्डई मोटर यथावत रखा गया।

6	The digital map of the proposed road uploaded at C (iv) Part I online, is on google earth image which does not serve any useful purpose and geo coordinates are also not shown at all turning points. May provide/upload scanned copy of GIS software generated geo referenced digital map showing geo coordinates at 200 to 300 m interval along the alignment of the proposed road including all turning points (.TIFF, .IMG or .JPEG). 7	The CA, as per location shown in various maps is proposed on four patches totalling 14.70 ha area. However, the geo referenced digital map of CA uploaded at L (V) Part I is on google earth image which does not serve any useful purpose. Further, the geo coordinates of these patches are shown only at one point each for three patches and not shown at all for the fourth patch. May provide/upload GIS software generated geo referenced digital map of the area proposed for CA providing geo coordinates at all corner points in shape (polygon/closed area) file for each of the patches proposed for CA having area more than one ha. Point coordinates will only be accepted if the area of a particular patch is less than one ha. May also indicate patch wise breakup of CA area.	The required geo referenced maps of all patches selected CA land (14.70 ha.) has been uploaded at L(v) part I online
8	Shape file of all patches of CA may also be uploaded as KML file at column 13 (i) Part II or L (c) Part I so that Decision Support System Analysis could be carried out.	Shape file of all patches selected CA in form of KML file has been uploaded at L(C) part I online
9	The monetary figures given in cost benefit analysis ratio sheet do not tally with the monetary figures given in the Annexure-VI (b) - parameters for evaluation of loss of forests and Annexure-VI (c) - parameters for evaluation of benefits notwithstanding loss of forests. In addition, environmental losses have also not been quantified, which may be done as per Govt of India guidelines given in Annexure VI (b). Further, the employment details given in cost benefit analysis do not match with the figures provided online at Part I E.	The objection regarding cost benefit analysis certificate file has been corrected and uploaded accordingly at part I E.
10	Vide point 5 of EDS dated 15.6.2015 it was requested to fill the desired information in various columns of Part II where "no data" has been written. However, it is noticed that even now instead of providing desired information, "no data" has been mentioned at column 8 (V), 9 (i), 10 (i), 11 (i) & 12.	पार्ट II के निर्धारित कालम में सुधार कर अपलोड किया गया है।
