1. The certificate regarding non – availability of non-forest land for the projects received from District collector Pathanamthitta is enclosed herewith.
2. Two alternative locations had been identified earlier for the above said project. The details of locations and reason for rejection are furnished below.
 - (i) The south side of Hill top parking area.
 - (ii) Left side of chalakayam - Pampa road

Both the land parcels are situated in the uphill side of road. These locations harbour dense forest land of evergreen type forest with its full biodiversity. If these locations are proposed for the project lot of trees have to be cut and removed besides levelling the uphill position up to 3 meters high, which may result in landslides in the remaining areas. Hence both the locations were rejected for the said project.
