

**GOVERNMENT OF ANDHRA PRADESH  
FOREST DEPARTMENT**

Rc.No. 2422/2019-D1,  
Dated. 13.05.2023.

Office of the Divisional Forest Officer,  
Rampachodavaram Division,  
Rampachodavaram.

From  
Sri.G.G.Narentheran, I.F.S.,  
Divisional Forest Officer,  
Rampachodavaram Division,  
Rampachodavaram.

To  
The Chief Conservator of Forests,  
Rajahmundry Circle,  
Rajamahendravaram.

Sir,

Sub: APFD - F(C) Act, 1980 - Diversion of 26.57 ha of Forest land (Mining area - 17.43 ha & Road area - 9.14 ha) in compt.no.750 of Tadepalli PF, D.Velamalakota Beat, Seethapalli section, Foulkspeta Range, Survey no.37&38 of Maddiveedu, H/o.Tadepalli (v), Maredumilli (M) & compt No.398 & 399 Denduluru RF & compt.No 754 of Cheruvupalem PF, Devarapalli Beat of Rampachodavaram Range of Rampachodavaram division for Quarrying of Laterite in favour of M/s Rajiv Tribal Q.L.C.C.S Ltd - Final Inspection Report - Submission of - Reg.

<<<>>>

With reference to the above, it is to submit that, the Principal Chief Conservator of Forests (HoFF), Andhra Pradesh, Guntur has accepted the proposals

for diversion of 17.43 ha of Forest land in compt.no.750 of Tadepalli PF, D.Velamalakota Beat, Seethapalli section, Sudikonda Range and Survey no.37&38 of Maddiveedu, H/o.Tadepalli (v), Maredumilli (M) for Quarrying of Laterite in favour of M/s Rajiv Tribal Q.L.C.C.S Ltd vide reference 1st cited and issued instructions to the user agency to submit Hard copies of the proposals.

Further, the Site inspection (Mining area 17.43 ha.) was conducted on 26.08.2021 by the District Forest Officer, erstwhile Kakinada division along with concerned staff. The Final Inspection Report has been submitted to the Chief Conservator of forests, Rajahmundry Circle, Rajamahendravaram vide reference 9<sup>th</sup> cited. The Chief Conservator of forests, Rajahmundry has returned the proposals and issued instructions to include the road area which is proposed for transportation of the Laterite mineral. Accordingly, instructions were issued to the user agency and concerned Forest Range Officers to include the road area in the Mining proposals.

The road area of 8.63 ha of forest land (Foulkspeta Range 6.98 Ha. RCvaram Range 1.65Ha.) was included in the proposals with the same width of existing road from Maddiveedu to Busigudem and the revised proposals were submitted by M/s Rajiv Tribal Q.L.C.C.S.Ltd., Maddiveedu H/o Tadepalli (V) to the Principal Chief Conservator of Forests (HoFF), Andhra Pradesh, Guntur for obtaining permission under Forest Conservation Act, 1980.

Further, the Site inspection was conducted on 14.03.2023 by me along with the concerned staff. During my field inspection along with the concerned staff, some omissions were noticed in the proposals. In Rampachodavaram Range, the user agency has proposed road for 1.65 ha only instead of 2.16 ha.

1. Denduluru RF -  $1172.62\text{mt} \times 8.\text{mt} = 0.95 \text{ Ha.}$
2. Cheruvupalem PF -  $895.20\text{mt} \times 8.\text{mt} = 0.70 \text{ Ha}$
3. Cheruvupalem PF -  $1360.00\text{mt} \times 3.6\text{mt} = 0.51 \text{ Ha.}$
- Total - 2.16 ha.**

As per the above information, the user agency has to be included the remaining road length ( $1360.00\text{mt} \times 3.6\text{mt} = 0.51\text{ha}$ ) in between Busigudem to Rampa which was not covered in the proposals. The same informed to the user agency vide reference 18<sup>th</sup> cited. Further, the user agency has included the total road area in the proposals and changed the total proposals area from 26.06ha to 26.57 ha in PARIVESH portal and submitted the revised part-I proposals to this office for taking further action, vide reference 23<sup>rd</sup> cited.

Further, the site inspection was conducted on 20.04.2023 by me along with the Sub-Divisional Forest Officer, Rampachodavaram, the Forest Range Officers, Foulkspeta, Rampachodavaram and concerned staff. As per my field inspection and inspection reports of the concerned staff and as per the proposal submitted by the user agency the following are the observations.

1. The proposed area for diversion of forest land for mining lease over an extent of 26.57 ha is in compt.no.750 of Tadepalli PF of D.Velamalakota Beat, Seethapalli section of Foulkspeta Range and compt No.398 & 399 Denduluru RF & compt.No 754 of Cheruvupalem PF, Devarapalli Beat of Rampachodavaram Range of Rampachodavaram division (Mining Area: 15.44

ha, Safety Zone Area: 1.34 ha Mining Road Area:0.65 ha and Road area 9.14ha).

S.No	Range	RF & Compt no	Details	Area in ha.
1	Foulkspeta	Tadepalli PF, compt.no.750 of D.Velamalakota Beat	Mining area	15.44 ha
			Safety Zone Area	1.34 ha
			Mining Road Area	0.65 ha
		<b>Total Mining area:</b>		<b>17.43 ha</b>
1	Foulkspeta	Tadepalli PF, compt.no.750 of D.Velamalakota Beat	Road area	6.98 ha
2	Rampachoda varam	Denduluru RF, compt No.398 & 399, Devarapalli Beat	Road area	0.95 ha
		Cheruvupalem PF, compt.No 754, Devarapalli Beat	Road area	1.21 ha
		<b>Total Road area:</b>		<b>9.14 ha</b>
		<b>Total area proposed for diversion:</b>		<b>26.57 ha</b>

- The Forest type is dry mixed deciduous forests (5A/C3) and sub type is Mixed Forest. The proposed area is mostly covered with the dominating species of seedlings, saplings and young plants about 3 meters tall and trees including poles and bajus like *Xylia xylocarpa*, *Spondias pinnata*, *Chloroxylon swietenia*, *Lagerostroemia parviflora*, *Lannea coromandelica*, *Borassus flabellifer*, *Artocarpus heterophyllus*, *Dillenia pentagyna*, *Pterocarpus marsupium*, *Dellinea pentagyna* and bush growth species *Zizyphus oenoplia* (thorny sps& abundantly), *Carissa carandas*, *Ficus tsiela* and climbers species *Bauhinia vahlii*, *Acacia concinna* (abundantly) medicinal plants species like *Glorisa superba*, *Curculigo orchoides*, *Asparagus racemosus*, *Cicca acida*, *Andrographis paniculata*, *Achyranthes aspera*, *Abrus precatorius*, *Mucuna pruriens*, *Terminalia chebula* and natural regeneration is good in the proposed area.
- In this proposed area, existing timber species enumeration has been taken up by the Forest Section Officer, Seethapalli section and total 40 tree are existing in Foulkspeta Range and the value of trees is **Rs.4,04,895/-**.
- This proposed area 26.57 ha is the focal point for places like Maddiveedu and Tadepalli villagers. Due to the RoFR claims issued in other than mining areas in Tadepalli P.F., the villagers are farming in the lower part of the mining area, in three directions from decade. Due to the constant collision of human beings and vehicles, did not see **any animal movement during the inspection.**
- However for protection of wildlife against the mining operations, taking up of safety measures as a precaution is very much essential. Erection of Chainlink mesh of suitable gauge to a height of 2.00 mts around the safety zone area prevents entry of the wildlife into the proposed mining area thus the possible damage if any to the wildlife can be avoided.
- The proposed area is not a part of a National park or Sanctuary, Biosphere Reserve, Tiger Reserve or Elephant corridor. No Archeologically important

structures are present in the proposed area. The proposed forest land for diversion is located at aerial distance of **16.44 Kms** from Papikonda National Park and 6.44 Kms away from default Eco-Sensitive zone area.

7. Blasting in the mining area causes harm to the wildlife but open cast mining may not harm wildlife. In view of this, a condition "**ban on blasting**" is to be imposed to avoid any possible injuries or death of animals. **Working in the night also may not be permitted.**
8. The areas are prone for soil erosion, due to their being gentle to moderate slopes. SMC measures like constructing CCTs is required in the vicinity. However, there is no scope for construction of Percolation tanks due to shallow depth of soils.
9. Reclamation of mined areas is required in a phased manner. The dugout pits shall be refilled with fertile soil besides bench terracing if required and planted with tall plants of native species.
10. Permanent demarcation of the mining area by erection of RCC pillars is essential to avoid disputes as well as checking encroachment into adjoining forest areas not granted for mining purpose.
11. As per the guidelines of Forest (Conservation) Act, 1980 provision for safety zone all around the proposed mining areas shall be made.

Sl. no	Name of the applicant	Area proposed for mining	Area Proposed for mining road area	Area earmarked for safety zone (Exempted in CA)	Road Area proposed for transportation of mining material	Total area proposed for diversion
1	M/s Rajiv Tribal Q.L.C.C.S.Ltd.	15.44 Ha.	0.65 Ha.	1.34 Ha.	9.14ha	26.57 ha.

13. There are no claims received under RoFR Act, 2006 in the proposed mining area. The Gram Sabha was conducted on 12-10-2010 in Tadeipalli Gram Panchayat of Maredumilli Mandal and a resolution was passed expressing no objection for mining the mineral Laterite from the proposed mining areas in Tadeipalli PF by the M/s Rajiv Tribal Q.L.C.C.S.Ltd.,
14. The Project Officer, ITDA, Rampachodavaram has conducted Gram Sabha in the presence of Sarpanch, Villagers, VSS members and concerned officers on 16.03.2022 and submitted the Resolutions of Gram Sabha and FRC's stating that no RoFR claims had been received.
15. The District collector, erstwhile East Godavari district, Kakinada has issued Form-II certificate for mining area of 17.43 ha and the District Collector, ASR District, Paderu has issued Form-I certificate for Road area of 8.63ha. The user agency has submitted the undertaking for remaining 0.51 ha of road area.

Based on the above field observations and interaction with the field staff and local villagers, the following special conditions in addition to the general conditions are proposed to be imposed for diversion of forest land for permitting the mining proposals.

- a. Chain link fence of suitable gauge to a height of 2.0m shall be erected around the safety zone area to prevent entry of the wildlife into the mining area at the cost of the user agency.
- b. To collect @ of Rs.1.00 lakh per ha of forest area (26.57 ha) proposed for diversion (Mining area 17.43 ha + Road area 9.14 ha = Total area 26.57 ha) from the user agency for taking up wildlife conservation measures and monitoring of works in the vicinity of the proposed mining areas. [it amounts of Rs.26.57 lakh]. *"As per guidelines issued in Stage-II approval of Indira Sagar project (Polavaram project), condition No.05 states that in addition to the Net Present Value of the forest land, 5% of the project cost shall be deposited with the State Forest Department for conservation and protection of National Parks Sanctuaries in the state of Andhra Pradesh:"*
- c. Blasting in the mining areas shall be banned. Mining in the night shall not be permitted.
- d. An amount of Rs.1.00 lakh per ha shall be deposited for carrying out Soil and moisture conservation works, slope stabilization and Sinages in the vicinity of the mining area. [it amounts of Rs.26.57 lakh]
- e. The mined areas (dugout pits) shall be refilled with fertile soil and bench terracing be done if required besides raising successful plantations with tall plants of native species at the cost of the user agency as a part of reclamation of the mined area.
- f. Permanent demarcation of the mining area by erection of RCC pillars at the cost of the user agency to avoid disputes as well as to check encroachment into adjoining forest areas not granted for mining purpose.
- g. User charges equivalent to the cost of permit charges @ Rs.10/- per MT as fixed by the Government in GO Ms.no.63 EFS&T (For-I) dept; dt.06.02.2010 for the permits issued for transportation of laterite on quarterly basis shall be paid through DD in favour of the Divisional Forest Officer, Rampachodavaram for using the existing road.
- h. Administrative cost at the rate of Rs.10/- per MT of Laterite transported shall be paid by the user agency on quarterly basis for meeting the administrative expenses like maintenance of records, conveyance and communication charges, supervision and monitoring charges etc., to the Divisional Forest Officer, Rampachodavaram through DD.
- i. Pollution control measures shall be taken up by the user agency in the nearby villages at the cost of user agency.
- j. The user agency shall not use any roads other than those approved in the mining proposal.
- k. The User Agency shall procure one 4\*4 SUV Vehicle, seating 7 people and shall hand over to DFO, Rampachodavaram for monitoring and evaluation purpose.

Further, it is to submit that, the Forest Range Officer, Addateegala has submitted a detailed report on the CA land identified by the user agency. The CA land was an enclosure in Kota R.F., in the middle of the Reserve Forest. The crown

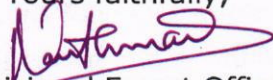

density is 0.6. and contains very good regeneration and all tree growth is natural and luxuriant growth of trees such as Konda tangedu, Garugudu, Rewadi, Yerrakarra, Yegisa, Maddi, Juvvi, Gummadi, Neredu, Thada etc., There is no possibility to take up plantation in CA area (Report enclosed).

In this regard, the Forest Range Officer, Rajavommangi has been instructed to identify the degraded forest land over an extent of 27.00 ha and the Forest Range Officer, Rajavommangi has inspected the area along with concerned staff on 29.04.2023 and identified 27.00 ha of degraded forest land in Compt No.530, Rajavommangi RF of Rajavommangi Beat of Rajavommangi Range. The FRO, Rajavommangi has submitted CA scheme for an amount of Rs.150.00 lakh and the CA scheme is enclosed herewith for favour of information.

This is submitted for favour of kind information and necessary action.

Encl: As above.

Yours faithfully,

  
Divisional Forest Officer,  
Rampachodavaram Division,  
Rampachodavaram.

Copy submitted to the Collector and District Magistrate, ASR Paderu District, Paderu for favour of kind information.

Copy submitted to the Project Officer, ITDA, Rampachodavaram for information.

Copy to the Sub-Divisional Forest Officer, Rampachodavaram and Addateegala for information and necessary action.

Copy to the Forest Range Officer, Foulkspeta for information and necessary action. He is directed to ensure that no work in violation of F(C) Act, 1980 takes place. He is requested to see that the said proposed work is not commenced in anticipation of the permission.

Copy to the Forest Range Officers, Addateegala and Rajavommangi for information and necessary action.

  
Divisional Forest Officer,  
Rampachodavaram Division,  
Rampachodavaram.

**SITE INSPECTION NOTE ON CA (DEGRADED FOREST LAND) OVER AN  
EXTENT OF 27 HA. IN RAJAVOMMANGI RANGE OF RAMPACHODAVRAM  
DIVISION.**

As per the directions issued in hand book of Forest Conservation Act, 1980 guidelines communicated vide GoI, MoEF, New Delhi F.No.5-2/2017-FC, Dt.28-03-2019, and as per the special provisions of the said guidelines, Compensatory Afforestation shall be raised and maintained at the cost of user agency on Compensatory afforestation land in extent the forest land diverted in case of the projects implemented by the Central Government/PSUs and State Sector Projects implemented by the Central Government/PSUs. As per these guidelines, it is mandatory to raise Compensatory Afforestation over an extent of 26.57 ha. In this regard the non-forest land identified by the user agency over an extent of 26.93ha. in Sy.No 13-2A to 13-2F OF Tadikonda village. in lieu of diversion of forest land of 26.57ha. for mining of laterite and mining material transportation(Compartment no.750 of Tadepalli PF, Denduluru RF & Cheruvupalem PF, Foulkspeta & Rampachodavaram Ranges, Rampachodavaram Division) in favour of M/s Rajiv Tribal Q.L.C.C.S Ltd., Maddiveedu village, H/o Tadepalli village.

Further, the identified CA land was an enclosure in Kota R.F., in the middle of the Reserve. The crown density is 0.6. and contains very good regeneration and all tree growth is natural and luxuriant growth of trees such as Konda tangedu, Garugudu, Rewadi, Yerrakarra , Yegisa, Maddi,Juvvi, Gummadi, Neredu, Thada and etc.,. There is no possibility to take up plantation in CA area.

The topo map/DGPS map of CA proposed for treatment in Tadikonda village of Y.Ramavaram Mandal of Rampachodavaram Division in an extent of 26.93 ha have been uploaded in PARIVESH portal.

In this regard, I have instructed to the Forest Range Officer, Rajavommangi to identify the degraded forest land over an extent of 27.00ha. In this connection, the Forest Range Officer, Rajavommangi identified the 27ha degraded forest land identified in Compt No 530, Rajavommangi RF of Rajavommangi Beat of Rajavommangi Range.

The FRO Rajavommangi has inspected the above degraded forest land area along with concerned staff on 29.04.2023 and submitted remarks as follows.

The basic aim of the present scheme is to compensate the loss sustained due to the diversion of the forest land and to protect and develop in extent of Compensatory afforestation land into artificial forest with main emphasis on protection of soil from erosion through soil and moisture conservation works.

**CA AREA PROPOSED FOR TRATMENT:** The following forest area is identified for raising Compensatory afforestation, over an extent of 27.00 ha. in Rajavommangi Range of Rampachodavram division of ASR Paderu district as follows:

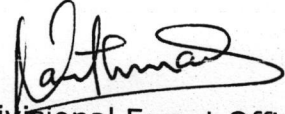

Sl. No.	Name of the Range	Name of the area	Total extent of area	Compt.No	Treatment Proposed area (in ha)
1	Rajavommangi	Rajavommangi RF	27.00ha.	Compt No 530	27 ha

The CA scheme is prepared for Rs.143.50 lakh with the following items.

Sl. No.	Intervention	Physical (Qty)	Financial out lay Rs.in lakh
I	Nursery Establishment		
	1. Nursery raising (Misc., species)	38530	10.038
II	Creation		
	1. Nursery maintenance	38530	3.889
	2. Advance and Raising of plantations with mangrove Plantation (800 plants per ha)	26.57 ha	20.135
III	Maintenance of plantations		
	1st year maintenance	26.57 ha	5.162
	2nd year maintenance	26.57 ha	5.642
	3rd year maintenance	26.57 ha	4.573
	4th year maintenance	26.57 ha	5.030
	5th year maintenance	26.57 ha	5.533
	6th year maintenance	26.57 ha	6.087
	7th year maintenance	26.57 ha	6.695
	8th year maintenance	26.57 ha	7.365
	9th year maintenance	26.57 ha	8.101
	10th year maintenance	26.57 ha	8.911
IV	Providing barbed wire fencing & maintenance	700 RMT	16.915
V	SMC works		22.50
V	Over heads		13.424
	<b>Grand Total</b>		<b>150.00</b>

The Compensatory afforestation scheme is prepared with a financial outlay of Rs.150.00 lakh for implementation over a period of 10 years and year wise details are furnished in the statement of Compensatory afforestation Scheme and the same is enclosed herewith.

Divisional Forest Officer  
Rampachodavaram Division,  
Rampachodavaram

29/4/12

**SITE INSPECTION NOTE ON SZA (DEGRADED FOREST LAND) OVER AN  
EXTENT OF 2.10 HA. IN RAJAVOMMANGI RANGE OF  
RAMPACHODAVRAM DIVISION.**

As per the directions issued in hand book of Forest Conservation Act, 1980 guidelines communicated vide GoI, MoEF, New Delhi F. No. 11-125/2014 - FC Dt.04-07-2014, and as per the special provisions of the said guidelines, Afforestation on degraded forest land, to be selected elsewhere.. one and half times the area under safety zone shall also be done by the user agency at the project cost under the supervision of the State Forest Department. As per these guidelines, it is mandatory to raise plantations in degraded forest area over an extent of 2.10 ha.

In this regard, I have instructed to the Forest Range Officer, Rajavommangi to identify the degraded forest land over an extent of 2.10ha. In this connection, the Forest Range Officer, Rajavommangi identified the 2.10ha degraded forest land identified in Compt No 530, Rajavommangi RF of Rajavommangi Beat of Rajavommangi Range.

The FRO Rajavommangi has inspected the above degraded forest land area along with concerned staff on 17.05.2023 and submitted remarks as follows.

The basic aim of the present scheme is to compensate the loss sustained due to the diversion of the forest land and to protect and develop in extent of safety zone land into artificial forest with main emphasis on protection of soil from erosion through soil and moisture conservation works.

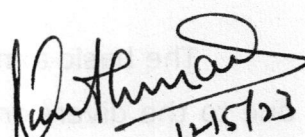

**SZA AREA PROPOSED FOR TREATMENT:** The following forest area is identified for raising ANR plantation, over an extent of 2.10 ha. in Rajavommangi Range of Rampachodavram division of ASR Paderu district as follows:

Sl. No.	Name of the Range	Name of the area	Total extent of area	Compt.No	Treatment Proposed area (in ha)
1	Rajavommangi	Rajavommangi RF	2.10ha.	Compt No 530	2.10 ha

The SZA scheme is prepared for Rs.1.7696 lakh with the following items.

Sl. No.	Intervention	Physical (Qty)	Financial out lay Rs.in lakh
I	Nursery Establishment		
	1. Nursery raising (Misc., species)	38530	0.310
II	Creation		
	1. Nursery maintenance	38530	0.097
	2. Advance and Raising of plantations with mangrove Plantation (800 plants per ha)	2.1 ha	0.064
III	Maintenance of plantations		
	1st year maintenance	2.1 ha	0.080
	2nd year maintenance	2.1 ha	0.025
	3rd year maintenance	2.1 ha	0.026
	4th year maintenance	2.1 ha	0.029
	5th year maintenance	2.1 ha	0.031
	6th year maintenance	2.1 ha	0.035
	7th year maintenance	2.1 ha	0.038
	8th year maintenance	2.1 ha	0.042
	9th year maintenance	2.1 ha	0.046
	10th year maintenance	2.1 ha	0.051
IV	Providing Bio fencing	1500 RMT	0.540
V	Over heads		0.161
	<b>Grand Total</b>		<b>1.7696</b>

The SZA scheme is prepared with a financial out lay of Rs.1.7696 lakh for implementation over a period of 12 years and year wise details are furnished in the statement of Safety Zone Area Scheme and the same is enclosed herewith.
