(ii)	Certificate about utility and management of decided land for compensatory afforestation from appropriate authority (Deputy Conservator of Forest)		There is no Encroachment in the area selected for plantation and as per forest management the area is suitable for plantation, in this regard certificate of DFO attached with it.
(iii)	Map showing the detail of boundary of decided non forest land/degraded forest land for compensatory afforestation with near by forest land (Non forest land should also show on forest map) and attached PDA or mobile map survey of the area (soft copy) in cases of less than 5 ha. area 1:3960 Scale. (Patwari Map 16" = 1 mile)		Attested map of 1:50000 scale from DFO is attached.
(iv)	Detail of compensatory afforestation with species to be planted, working agency, time, approximate expenditure detail etc.		7 year compensatory plantation project with attached. Rs. 3.50 Lakh/ha. from year 2016 to 2022 will expend on this project. Mostly mixed species will be planted under this project. Work will be done by forest department/applied agency.
11	Attached site inspection report of DCF (DFO) depicting Facts under column 7 (XI, XII), 8, 9.		Site inspection report of DFO Shri M.L. Ladia (IFS) is attached with it.
12	Department/District profile		
(i)	Geographical area of the district	(i)	Total geographical area of the district is about 4503 sq.km
(ii)	Forest area of the district	(ii)	Total forest area of the district is 2325.48 sq.km. (comment: so detail of separately forest area under forest department and revenue department). Which is 51.64% of total geographical area of the district.
(iii)	Total forest area diverted for non forestry propose since 1980 with total no. of cases.	(iii)	Till today total 1704.953ha. forest land under 21 cases were diverted for non forestry propose.

(iv)	Total compensatory afforestation decided by district/division since 1980. (including punishment compensatory afforestation)	(iv)	Since 24/10/1980 under 21 cases plantation sanctioned from Govt. of India / Govt. of Madhya Pradesh/ Nodal Officer CCF(Land Survey) is as follows						
			Year	Double degraded forest area (ha.)	Punishment plantation on forest land (ha.)	Sanctioned non forest land (ha.)	Punishment plantation on non-forest land (ha.)	Total (ha.)	
				1151.283		1011.624		2162.907	

13	Statement with reason of DFO in respect to acceptance or rejection of the project. Note:- Comment clearly with respect to acceptance or rejection with expected adverse effects on forest in environment of the district/state as well as expected benefit of the project from the diversion of applied forest land. If proposal can be accepted on certain condition give detail about the conditions.	Forest land with total area of 13.775ha. under propose project is located on 5.850km from core boundary of Banddhavgarh Tiger Reserve and attached with protected forest compartment no. P-387. Adverse impact on environment from proposed project is expected to be minimum and can be irrigated total 317ha. agriculture land, so that farmers can increase their income from this project. This project will also ensure self dependency of local farmers for their livelihood. No agricultural work can be done on the land emptied of water logging in winter and summer each year under proposed project. Fishing and other commercial activities can not be done on encachment area of the propose project. No electric line will go around the proposed project as well as no electric pump can be used. Obeying above condition will be responsibly of applied agency for the proposed project. Forest department can have day patrolling, night patrolling (if necessary) on entire area of the proposed project.
