**The Conservator of Forests,
East Circle, Jammu.**

No. WLW/K/2022-23/720-23

Dated: 25-06-2022.

Subject: Diversion of 2.84 Ha. of forest land for Construction of alternative alignment of Lakhanpur-Thein Road Km 11th to 12th due to submergences of 2×39 Mtrs, R.C.C T girder bridge on Nora Nallah (at 410.0 Mtrs Level) PWD (R&B) Division Kathua, UT of Jammu & Kashmir: reg.

Reference: - i) Online proposal bearing on FP/JK/ROAD/155190/2022 received on dated 02.06.2022.

ii) IRO Jammu File No.: 9-JKB-026/2022-Jammu Dated: 23-06-2022.

Sir,

In reference to the aforementioned proposal for Diversion of 2.84 Ha. of forest land for “Construction of alternative alignment of Lakhanpur-Thein Road Km 11th to 12th due to submergences of 2×39 Mtrs, R.C.C T girder bridge on Nora Nallah (at 410.0 Mtrs Level) PWD (R&B) Division Kathua” in Wildlife Division Kathua for Non-forestry purpose in accordance with section-2 of the Forest (Conservation) Act, 1980, the point wise information/clarification as sought by the Integrated Regional Office Jammu have been complied in the online proposal with details submitted as under:

1. The density of the Forest Land has been corrected as 0.4 at 4(i) in Part-II online.
2. With respect to site inspection of undersigned, it is submitted the user agency started digging of earth work on 17/04/2022 which was immediately stopped by the concerned Range Officer and *prima-facia* damage case No. 1 of 2022-23 date 17-04-2022 was registered against the User agency. Further, a four members enquiry committee was constituted to ascertain the quantum of damage by User agency. The enquiry committee submitted his findings that an earth work of 70×30 feet has been excavated on the Private/Agricultural Land by User agency and there is no loss of pole/saplings or trees. Further, the enquiry committee also submitted that the damage site is located on Private/Agricultural Land which falls just outside the boundary of Reserved Forest of comp. 16/KTH of Thein Conservation Reserve. Therefore, the earth work was executed on the Private/Agricultural field and thus there is no damage to any Forest land

Wildlife Warden
Kathua

and tree/pole/saplings as submitted by the enquiry team which was also verified and ascertained by the undersigned during 2nd site inspection on 25-05-2022. (Annexure –I).

3. The area in compartment wise in break-up in Part-I has been corrected as **2.84 Ha**.
4. The correct site suitability certificate of the CA Plan has been submitted after incorporating the CA details and area (Annexure –II).
5. The User Agency has already applied for necessary Wildlife Clearance in the instant proposal vide proposal No. FP/JK/ROAD/155190/2022 Dated 07-05-2022 which has been submitted to the Competent Authority for accord of necessary Wildlife Clearance.
6. The revised CA Plan duly approved by the Conservator of Forests, East Circle Jammu has been uploaded online (Annexure-III).

Hence, submitted for information and necessary action at your end please.

Yours faithfully,

Vijay Kumar, SFS
Wildlife Warden
Kathua

***The Wildlife Warden
Kathua***

No.: ROM/23

Date: 10.05.2022

Subject: Constitution of committee to assess the quantum of damage by Executive Engineer; R&B Division Kathua in Comp. 16 KTH of Their Conservation Reserve

R/Sir,

In context to the above cited subject, it is to submit that-

1. U/S along with the committee constituted, Range Officer Their Conservation Reserve, and staff concerned visited the site as on 22.04.2021.
2. As per site inspection it is found that Executive Engineer; R&B Division Kathua has tendered the work for construction of bridge at Noora Nala which falls in Co. 16/KTH of protected area of Their conservation reserve.
3. As the Contractors started the earth work on 17.04.2022, Staff of Their Conservation Reserve reached at site and managed to stop the work immediately (As stated by the Range Officer, Their Conservation Reserve).
4. Before they stopped the work, User agency has done the Earth work of size 70X30 ft. approx which includes minor cutting and filling of about 5 ft. and there is no loss of tree/poles. (Pics with geo-reference enclosed)
5. As verified from the ground by the enquiry team the damage site apparently found in agricultural land but presently not under agricultural cultivation.
6. During enquiry from the officials of PWD R&B Division Kathua, it was found that the JCB was engaged with an attempt to land/approach on the proposed alignment through Non-Forest land (Private Land). The damage site is located in between the existing road and proposed alignment which falls outside the boundary of comp. 16/KTH of Their CR (copy of google imagery enclosed).

Rohman*

Surinsar
**RANGE OFFICER
Wild Life Range
Surinsar Mansar**

Surinsar
**Range Officer
Wildlife Range
Jammu**

Surinsar
**Range Officer
Wildlife Range
Jammu**

7. As far as negligence of the part of the staff of wildlife protection department is concerned, they have done their job by moving swiftly to the site and managed to stop the work immediately and prevented the PWD R&B Division Kathua to enter in Comptt. 16/KTH/Reserved Forest/Deemed Forest/state land.
8. During the site inspection U/S along with team met with the officials of PWD and they have shown documents with respect to the proposed Project in the comptt. 16/KTH of Their CR.

Therefore, it can be concluded that the damage site falls on Non-Forest land (Private Land) just outside the comptt. 16/KTH of Their CR but the proposed alignment falls in Comptt.16/KTH and involves Reserved Forest/State land thus, requires necessary wildlife/forest clearance for the proposed Project by PWD R&B Division Kathua.

Hence submitted for favour of information and further necessary action please

Full Title of the Proposal: Construction of Alternative Alignment of Lakhanpur-Thein Road Km 11th to 12th due to submergences of 2×39 Mtrs, R.C.C.T Girder Bridge on Nora Nallah (at 410.0 Mtrs Level) PWD (R&B) Division Kathua.

Proposal No.: FP/JK/ROAD/155190/2022.

Date of Proposal: - 07-05-2022.

Site Inspection report by an officer not below the rank of DCF/DFO (For the forest land to be diverted under FCA)

1. A proposal has been received by this office from Er. Vinod Kumar, Executive Engineer P.W.D (R&B) Division Kathua for diversion (under FCA, 1980) of **2.84 Ha.** of forest land for non-forestry purpose. The subject envisages the use of forest land for the **Construction of Alternative Alignment of Lakhanpur-Thein Road Km 11th to 12th due to submergences of 2×39 Mtrs, R.C.C.T Girder Bridge on Nora Nallah (at 410.0 Mtrs Level) PWD (R&B) Division Kathua.** The site inspection of the land involved in the proposal has been done by me on 10-05-2022. On inspection of the site, it is found that the land required by the User Agency is a forest land measuring **2.84 Ha.** The requirement of forest land as proposed by the UA in Col.2 of Part-I is unavoidable and is barest minimum required for the project.
2. Weather any rare/endangered/unique species of flora and fauna found in the area? If so, the details thereof: - Common leopard (*Panthera pardus*).
3. Weather any protected archaeological/heritage site/defence establishment or any other important monument is located in the area? If so, the details thereof with NOC from competent authority, if required:-**No.**
4. (a) With respect to site inspection of undersigned, it is submitted the user agency started digging of earth work on 17/04/2022 which was immediately stopped by the concerned Range Officer and *prima-facia* damage case No. 1 of 2022-23 date 17-04-2022 was registered against the User agency. Further, a four members enquiry committee was constituted to ascertain the quantum of damage by User agency. The enquiry committee submitted his findings that an earth work of 70×30 feet has been excavated on the Private/Agricultural Land by User agency and there is no loss of pole/saplings or trees. Further, the enquiry committee also submitted that the damage site is located on Private/Agricultural Land which falls just outside the boundary of Reserved Forest of comppt. 16/KTH of Thein Conservation Reserve.

Wildlife Warden
Kathua

Therefore, the earth work was executed on the Private/Agricultural field and thus there is no damage to any Forest land and tree/pole/saplings as submitted by the enquiry team which was also verified and ascertained by the undersigned during **2nd site inspection on 25-05-2022.**

5. Specific recommendations for acceptance or otherwise of the proposal:

The total length of proposed road is **3.10 Kilometers** falling inside the Comptt. 16/KTH of Thein Conservation Reserve involving an area of **2.84 Ha**. Thus, total forest land (Reserved Forest) needs to be diverted from Thein Wildlife Conservation Reserve is **2.84 Ha** and **134** total no. of trees/sapling of mainly broadly species are involved in the proposed alignment. The **Construction of Alternative Alignment of Lakhanpur-Thein Road Km 11th to 12th due to submergences of 2×39 Mtrs, R.C.C.T Girder Bridge on Nora Nallah (at 410.0 Mtrs Level) PWD (R&B) Division Kathua** shall provide quality connectivity to the public of 4 Numbers of Tehsils of Kathua District namely Billawar, Mahanpur, Basohli and Bani when completed. No significant negative impact of the current proposal on Thein Wildlife Conservation Reserve is likely to occur in terms of section 29 of the Wildlife Protection Act. 1972, thus there is no significant impact on the corridor of the Wildlife, as there is already existing single lane link Road before 1980.

Dated 25/06/2022

Sub:- CA scheme in respect of FCA Proposal No FP/JK/ROAD/155190/2022: Construction of alternative alignment of Lakhanpur Thein road km 11th to 12th due to submergences of 2x39 Mtrs R.C.C. T-Girder bridge on Nora Nallah (at 410.00 Mtrs level).

Ref:- Your office letter No. WLW/K/2022-23/709 dated 23/06/2022 addressed to DFO Kathua.

Sir,

On the subject and reference cited above, kindly find enclosed herewith, the Compensatory Afforestation Plan to the tune of Rs. 9.61 Lakhs as per new format in respect of FCA Proposal No FP/JK/ROAD/155190/2022: Construction of alternative alignment of Lakhanpur Thein road km 11th to 12th due to submergences of 2x39 Mtrs R.C.C. T-Girder bridge on Nora Nallah (at 410.00 Mtrs level).

In this regard, it is pertinent to mention that due to non-availability of suitable land for carrying out Compensatory Afforestation and also owing to the urgency associated with the project, the instant CA scheme has been prepared by the undersigned instead of DFO Kathua.

Hence forwarded to you for information and further necessary action.

Yours faithfully,
