दिनांक :- 25/06/2025

सेवा में,

वन संरक्षक,  
प्रदेशिक अंचल, बोकारो।

विषय :- सी0सी0एल0, सेलेक्टेड ढोरी, खुली खदान परियोजना में सन्निहित वनभूमि का कुल रकवा-143.05 हे0 के नवीकरण हेतु वनभूमि अपयोजन के प्रस्ताव के संबंध में।

- प्रसंग:-
- (1) प्रधान मुख्य वन संरक्षक-सह-कार्यकारी निदेशक, बंजर भूमि विकास बोर्ड, झारखण्ड, राँची का ज्ञापांक-151 दिनांक-21.02.2025
  - (2) अपर प्रधान मुख्य वन संरक्षक, बोकारो का ज्ञापांक-731 दिनांक-30.04.2025
  - (3) परियोजना पदाधिकारी, सेलेक्टेड ढोरी परियोजना का पत्रांक-515 दिनांक-24.05.2025

महाशय,

उपर्युक्त विषयक प्रासंगिक पत्र के संबंध में सूचित करना है कि वन, पर्यावरण एवं जलवायु परिवर्तन मंत्रालय, भारत सरकार के पत्र सं0-शुन्य दिनांक-12.02.2025 द्वारा विषयगत परियोजना में कुल-16 बिन्दुओं पर आपत्ति की गयी है। जिसके आलोक में प्रयोक्ता अभिकरण द्वारा आपत्ति का निराकरण कर प्रतिवेदन कुल-6 प्रति में समर्पित किया गया है, जो इस पत्र के साथ संलग्न है। प्रयोक्ता अभिकरण द्वारा समर्पित कुल-16 बिन्दुओं पर अनुपालन प्रतिवेदन निम्नवत् है:-

Sl. No.	Query Title	Reply by UA	DFO, Bokaro Remarks											
i.	As per the provisions under Van (Sanrakshan Evam Samvardhan Adhiniyam), 1980 it has been mentioned that all mining projects for which diversion of forest land have been approved before 27.05.2015, the UA should have obtained approval of forest land in the safety zone. The State Govt. shall provide details in this regard and intimate the status of diversion of forest land involved in the safety zone of the mining lease/project.	<p>Details of Forest Land for which diversion have been approved before 27.05.2015 are as follows:</p> <table> <tr> <th>Sl.</th><th>Forest Area (Ha)</th><th>Date of Diversion</th><th>Safety Zone (Ha)</th></tr> <tr> <td>1</td><td>143.05</td><td>01.07.1996</td><td rowspan="2">117.60</td></tr> <tr> <td>2</td><td>69.183</td><td>02.03.2009</td></tr> </table> <p>NPV of the entire safety zone area of 117.60 Ha has been paid to the State Forest Department. As per the guideline of MoEFCC dated 17.01.2025,</p> <p><b>Quote,</b></p> <p>"There may be existing mining leases, where diversion of forest land was approved before 27.05.2015 and approval under section 2(2)(iii) of the Van (Sanrakshan Evam Samvardhan) Adhiniyam, 1980 has been granted by the State Government in accordance with para 7.3(iv) of Handbook of erstwhile Guidelines and the clarifications issued by the Ministry on 28.03.2024 and requisite compensatory levies i.e. CA and NPV have already been realized from the User Agency in respect of the forest area included in the safety zone. In such cases, the approval for diversion of safety zone proposal under section 2 (2)(ii) of the Adhiniyam for safety zone shall not be required provided the safety zone is being maintained by the User Agency in such leases for the sole purposes of safety zone as per standard norms.</p>	Sl.	Forest Area (Ha)	Date of Diversion	Safety Zone (Ha)	1	143.05	01.07.1996	117.60	2	69.183	02.03.2009	UA has submitted that the total Area of Safety Zone is 117.60 Ha For which NPV has been paid. Further, UA has submitted that the Safety Zone is being maintained & hence as per the guideline of MoEFCC dated 17.01.2025, its diversion is not required. Details provided by the UA are attached at Annexure-1, 1* & 2

No.: 8-69/2004-FC dated 02.03.2009 for which diversion has been given earlier for a period of 20 years.</p> <p><b>Enclosed:</b></p> <ol style="list-style-type: none"> <li><b>Annexure-3:</b> Stage-II Compliance Report of 143.05 Ha FC Proposal</li> <li><b>Annexure-4:</b> Stage-II Compliance Report of 69.183 Ha FC Proposal</li> </ol>	<p>The UA has submitted that the current proposal for renewal of 143.05 hectares of Notified Forest Land was earlier diverted vide F. No. 9-122/90-FC dated 01.07.1996. Additionally, there is another FC proposal involving 69.183 hectares of Notified Forest Land, which was diverted vide F. No. 8-69/2004-FC dated 02.03.2009. The diversion for this land was granted for a period of 20 years and is valid until 01.03.2029. Details of the Compliance Report are attached as <b>Annexure-3 &amp; 4.</b></p>
iii.	<p>The CCF, Bokaro his Site Inspection Report has reported the project area and its surroundings beings undulating with a series of hillocks of over burden and hillocks are prone to erosion. Further, it has been mentioned that a site-specific wildlife management plan and soil conservation plan needs to be submitted by project proponent. The State Govt. shall offer its comment in this regard.</p>	<p>State Government may offer its comments in this regard.</p>	-
iv.	<p>The DFO, Bokaro in its Site Inspection Report has reported that the Selected</p>	<p>Total Project involves two Forest Patches, details of which are as follows:</p> <ol style="list-style-type: none"> <li>143.05 Ha diverted vide F. No. 9-122/1990-FC</li> </ol>	<p>The UA has submitted that entire Project Area of 211.82 Ha is Notified Forest Land &amp;</p>

Sl. No.	Query Title	Reply by UA	DFO, Bokaro Remarks
	<p>Dhori Group of Mines is a brownfield opencast coal mining project which has been under operation prior to pre-nationalization era. However, complete report indicating total project area, details of approval obtained of the forest area within the project, approval yet to be obtained of the forest land within Project, current production capacity, enhanced production and reason for delayed submission of forest validity extension/renewal proposal after the lapse of approx. 18 years has not been clarified. The same needs submission.</p>	<p>dated 01.07.1996 (the current renewal proposal).</p> <p>2. 69.183 Ha diverted vide F. No. 8-69/2004-FC dated 02.03.2009.</p> <p>Herein, it may be noted that the current Mining Plan of 2.0 MTPA was approved by CCL Board on 25.12.2021 for a project area of 211.82 Ha, which consists the earlier diverted FC Proposal of 69.183 Ha &amp; 142.637 Ha out of earlier diverted FC Proposal of 143.05 Ha. A part area of 0.4113 Ha out of earlier 143.05 Ha FC Proposal is currently not included in the existing Project Area/Mining Plan but very soon it will be the part of upcoming Project/Mining Plan.</p> <p>Within the Project Area, approval for renewal of 143.05 Ha FC Proposal is yet to be obtained/under process.</p> <p>The current production capacity of the project is 2.0 MTPA.</p> <p>In light of the envisaged increase in production capacity in phased manner from 2.0 MTPA to 2.4 MTPA (+20%) to 2.8(+20%) MTPA to 3.0 MTPA (+10%) u/s 7(ii) of EIA Notification, 2006, the renewal of 143.05 Ha Notified Forest Land within the Project Area has been proposed/required.</p> <p><b><u>Reason for delayed submission of this renewal proposal:</u></b></p> <p>Initial approval in the year 1996 for diversion of 143.05 Ha Notified Forest Land was sought based on the Feasibility Report of August, 1979, wherein it was proposed only for the exploitation of thick &amp; combined Karo group of UPPER Coal Seams (Seam-VI to Seam-X) by Opencast Mining Method. The underlying Coal Seams (Seam-III &amp; Seam-V) were not proposed for mining in the aforesaid Feasibility Report.</p> <p>More detailed drilling investigations were done by CMPDIL in the later part of 1978. Based on this, a Project Report of Kalyani OCP (Capacity- 2.0 MTPA &amp; Peak Capacity-2.7 MTPA) was prepared in the year 2014, wherein for the first time it was proposed for extraction of underlying Seam-III &amp; Seam-V. Thereafter, based on the aforesaid Project Report, a Mining Plan (2.0 MTPA) was prepared in the year 2021 for extraction of underlying Coal Seams i.e. Seam-III &amp; Seam-V.</p> <p>In light of the aforementioned facts, 143.05 Ha Notified Forest Land was applied for its renewal on 17.05.2021 after a gap of 15 years. After doing compliances of queries raised by the PCCF cum ED Nodal &amp; DFO Bokaro, finally the said proposal was recommended &amp; forwarded by the Govt. of Jharkhand to the Head Office, MoEFFCC, Delhi on dated 03.01.2025, wherein the ministry has raised EDS on dated 12.02.2025.</p>	<p>it doesn't involve any Non-Forest/Tenancy Land. Details of Forest Patches are as follows: 1. 143.05 Ha diverted vide F. No. 9-122/1990-FC dated 01.07.1996 (the current renewal proposal). 2. 69.183 Ha diverted vide F. No. 8-69/2004-FC dated 02.03.2009.</p> <p>Herein, it may be noted that the current Mining Plan of 2.0 MTPA was approved by CCL Board on 25.12.2021 for a project area of 211.82 Ha, which consists the entire earlier diverted FC Proposal of 69.183 Ha &amp; part area of 142.637 Ha out of earlier diverted FC Proposal of 143.05 Ha. A part area of 0.4113 Ha out of earlier diverted 143.05 Ha FC Proposal is currently not included in the existing Project Area/Mining Plan but very soon it will be the part of upcoming Project/Mining Plan. Within the Project Area, approval for renewal of 143.05 Ha FC Proposal is yet to be obtained/under process.</p> <p>The current production capacity of the project is 2.0 MTPA. In light of the envisaged increase in production capacity in phased manner from 2.0 MTPA to 2.4 MTPA (+20%) to 2.8(+20%) MTPA to 3.0 MTPA (+10%) u/s 7(ii) of EIA Notification, 2006, the renewal of 143.05 Ha Notified Forest Land within the Project Area has been proposed/required. Earlier due to technical reasons, the underlying Seams i.e. Seam-III &amp; Seam-V were not mineable but as per the current Mining Plan, the aforementioned underlying seams have been proposed for mining. Hence, 143.05 Ha Notified Forest Land was applied for its renewal on 17.05.2021 after a gap of 15 years.</p>
v.	The State Govt. shall ensure that the proposed land use in the instant	<div>LAND USE AS PER THE APPROVED MINING PLAN &amp; PROPOSED IN THE RENEWAL PROPOSAL</div>	UA has submitted the Land Use Plan of 143.05 Ha FC Proposal which commensurate

viii.	An area of 7.43 ha of forest land has been proposed for colony & other infrastructure, which is non-site-specific activities. Therefore, the State Govt. shall provide the detailed justification as to why these activities could not be carried out on the non-forest land.	Colony & Other infrastructures namely Dispensary & Workshops have been built over 7.43 Ha area of 143.05 Ha Forest Patch as per previous FC vide F. No. 9-122/1990-FC dated 01.07.1996. Therefore, this area of 7.43 Ha has been proposed in the current renewal proposal of 143.05 Ha FC Proposal. However, it is to mention that out of this 7.43 Ha, infrastructures over 2.37 Ha will be dismantled & the land will be utilized for mining purpose.	UA submitted that Colony & Other infrastructures namely Dispensary & Workshops have been built over 7.43 Ha area of 143.05 Ha Forest Patch as per previous FC vide F. No. 9-122/1990-FC dated 01.07.1996. Therefore, this area of 7.43 Ha has been proposed in the current renewal proposal of 143.05 Ha FC Proposal. However, it is to mention that out of this 7.43 Ha, infrastructures over 2.37 Ha will be dismantled & the land will be utilized for mining purpose.
ix.	DFO, Bokaro in its Site Inspection Report has reported that the compliance of the some of the conditions imposed in past approvals is pending at M/s CCL level. The State Govt. shall submit the detailed report in this regard.	As far as, Selected Dhori Opencast Project is concerned, compliances of the conditions imposed in past approvals have been submitted to DFO Bokaro. Subsequently, it was directed to revise the Soil & Moisture Conservation Plan prepared by CMPDIL in the year 2012 for compliance of condition no.-3 of Stage-II of 69.183 Ha FC Proposal. Thus, UA hereby undertakes that revised SMCP will be submitted within a period of 4-6 Months. <b>Annexure-5*</b> : Undertaking regarding submission of SMCP	It may be noted that in 69.183 Ha diverted FC Proposal, there was one condition of Soil & Moisture Conservation Plan. The aforesaid SMCP Plan has been prepared by CMPDIL way back in 2012 but not approved by the competent authority. Therefore, the UA has been directed to submit a fresh/revised SMCP. An undertaking in this regard has been submitted by the UA at <b>Annexure-5*</b> .
x.	It has been reported that the areas around the mine are important from wildlife point of view and thus buffer area is significant from ecological & wildlife perspective. Therefore, comments from the CWLW shall be provided.	CLWL may offer its comments in this regard.	-
