विषय:

Diversion of 33.71 ha. (5.69 ha. in Jind division. 17.79 ha. in Hisar Division & 10.23 ha. in Fatehabad Division of forest land for construction of channel for supply 180 Cs water to Nuclear Power Plant at Gorakhpur, Tehsil & District Fatehabad through old abandoned Sirsa Branch from RD 388500 to 424780 falling under Forest Division & District Hisar, Jind and Fatehabad, Haryana. Online Proposal FP/HR/Canal/152229/2022

उपरोक्त संदर्भांकित पत्र द्वारा मांगी गई जानकारी आपको निम्नप्रकार से भेजी जाती है:-

1	The State Government has not yet withdraw the earlier project applied under "Thermal" category vide proposal No.FP/HR/THE/ 14154/2015 (E-office file No. 9-HRC 172-2021-CHA).	UA has already been directed to withdraw the earlier project applied under "Thermal" on dated 09-02-2022 by DFO, Jind as per minutes of REC meeting dated 09-02-2022.
2	FRA is not provided for Hisar & Fatehabad Divisions, same may be provided duly countersigned by DFO concerned.	Uploaded on Portal.
3	Village wise breakup of the forest land in part-I under column B-2.3 is not provided.	Village wise breakup of the forest land has been made in Part I.
4	Temporary employment Part-I under column E(iii) is uploaded as 120 (number person days) for construction of approx 3.68 k.m. long canal, same may be justified and accordingly uploaded on the Parivesh Portal.	As per reply submitted by UA, the work for "construction of water conveyance system and allied structure for supply of water to Gorakhpur Haryana Anu Vidut Pariyojna (NPCIL)" (i.e. IInd alternate) is a most important project of Govt. of India which is to be completed in the stipulated period. The tender have already been called and work allotted to the agency. To speed up the work, minimum 5 person is required in a length of approx. 1000 ft. The channel is to be constructed in a length of 36280 ft. After, completion of work, maintenance of channel is also required for 99 years for which approx. 6 number

		persons required during every supply in channel. So, keeping in view of above, approx, 120 number persons have been taken in the project.
5	In online Part-II under column 4(ii) maximum number of species in one column uploaded as 'misc species' needs to upload all species details individually with their scientific and local names.	Corrected and uploaded on portal.
6	Vegetation density for Hisar Division is uploaded in part-II as 0.5 whereas, in Part-II form, it is given as 0.6 as well as for Jind & Fatehabad Divisions are given as 0.03 & 0.02 in Part-1m form, whereas in online Part-II, uploaded as 0.3 & 1.3 respectively, the same be corrected.	Corrected and uploaded on portal.
7	Toposheet number in the SOI toposheet, indicating CA site is missing for Hisar & Fatehabad Forest Division(s), same may be corrected.	Corrected and uploaded on portal.
8	Equivalent non-forest land is not provided by the user agency for this project, as the instant project is for construction of channel for supply 180 Cs water to Nuclear Power Plant at Gorakhpur, which needs clarifications.	<p>In this connection it is intimated that the surplus land available with this office has already been declared as forest protected land and some of pieces of land encroached by the farmers. Many court cases regarding encroachment of land pending in Hon'ble Court.</p> <p>Further, it also mentioned herewith that as per "Memorandum of understanding (MOU) between Nuclear Power Corporation of India Ltd. And Haryana Irrigation & Water Resources Department for construction of Nuclear Power Plant at village Gorakhpur, Tehsil & Distt. Fatehabad, Clause No. 3.3" the Irrigation & Water Resources Department will be constructed of main and alternate water conveyance system on old Sirsa Branch without any financial implication to NPCIL, except that any expenditure for dieversion of forest (including cost of alternate land to be provided to the Forest Department for afforestation). Hence, if any cost will be required for alternate land, the same will be deposited by the NPCIL authority on account of land required for deforestation. Copy of Memorandum of understanding is already uploading on the portal for your kind perusal.</p>

9	Linear plan is not clear W.r.t. dimension-wise/ component-wise forest area requirement of the project. Hence, revised linear plan with component-wise, dimension-wise forest as well as non-forest area requirement in distinct colour in kilometers duly approved by the competent authority and countersigned by the DFO concerned may be submitted.	Uploaded on Portal.
10	Status of Environment Clearance may be provided.	Environment Clearance will be provide by the NPCIL Authority.
11	Total 5389 number of trees to be felled in Fatehabad Forest Division, Revised CA scheme needs to be submitted for $5389 \times 10 = 53890$ plants.	Double of the area to be diverted i.e. 35.58 ha. is taken under CA scheme of Hisar Division.
12	CA Scheme provided by the State Government for plantation of tall plants in all three divisions and the maintenance charges (10 years) for per plant is taken as in Jind Division as Rs.888.15; in Fatehabad Division it is taken as Rs.713/- & in Hisar Division, it is taken as Rs.526.67. Justification needs to be submitted for taking different charges for the same type of plantation scheme/Soil lype.	Corrected and uploaded on Portal.
13	CA scheme needs to be rationalized, as the Wild Life habitat charges, Forest guard hut, Patrolling Vehicle Mahindra Scorpio, Protection Watcher charges are included in Hisar Division CA scheme.	Corrected and uploaded on portal.
14	Proposed Project site checked on FSI-DSS portal and found that it is violating decision rule no. 1 i.e., Hydrological layer: Wetland more than 10 (ha.) found, according to decision rule no.2 in approx. 19 (ha.) under the Open Forest (OF) (canopy density 10-40%) and approx. 14 (ha.) under Non-Forest according to the FSI-DSS portal.	There is no wetland on diverted forest land in this Division.
15	In Fatehabad Division, CA has been proposed in eleven patches. The total area of KML proposed is approx. 63.72 (ha.) out of it 22.76 ha area is available which is not sufficient for the target plantation of 23858 plants, needs to be provide 8dditional area as per 1000 plants/hectare model. All proposed eleven patches of linear CA niten cheeleerd on website and found in approx. 05 (ha.) under the Open Forest (OF) (canopy density 10-40%) and approx.58 (ha.) under Non-Forest according to the FSI-DSS portal. Four number of issue observed regarding DGPS map PDF document uploaded under column 13 (iii) Part2, same may be corrected	Corrected and uploaded on portal.
16	Two CA site proposed Hisar Forest Division.Both patches of linoar sites checked on website and found, in apporx. 07 ha.under the Open Forest (OF) (canopy density 10-40%) and approx. 78 (ha.) under Non-Forest according to the FSI-DSS portal. CA site Rewari Bathinda R/way	Corrected and uploaded on portal

	Line Km. 126-139 L&R not verified because DGPS map latitude/longitude regarding is missine from uplodod pdf under columnn13 (iii)Part2, revised DGPS map needs to be submitted.	
17	Three (3) number of CA has been proposed in one linear patch in Jind Division, which is located under Fatehabad Range and total area of KML proposed is approx. 11.91 (ha.) out of it 9.48 ha area is available which is not sufficient for the target plantAtion of 11380 plants, needs to be provide additional area as per 1000 plants/hectare model. Four (4) numbers of issues have been observed regarding DGPS map PDF document uploaded under column 13 (iii) Part-2.	Corrected and uploaded on portal.
