Subject:- Re-alignment of 220 kv KPTL & 132 KV CSTL for the four lanning of National Highway 44 between Ramban - Banihal Section (FP/JK/TRANS/143878/2021) regarding

Reference:- Ministry of Environment, Forest and Climate Change IRO Jammu No. 9- JKA-083/2021-Jammu Dated:-16-11-2021

Sir,

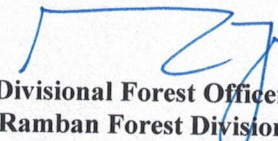

Kindly refer to the Ministry of Environment, Forest and Climate Change IRO Jammu No. **mentioned above** in which some queries were raised. The reply submitted is as under:-

S.No.	Query raised BY IRO MoEF Jammu	Reply
1.	Complete details of the erstwhile approved proposal (15.0318 ha) to be submitted including the details of the trees proposed for felling in that proposal	The erstwhile approved proposal has been uploaded under additional document Part-II.
2.	In the justification of the extant proposal it is mentioned that the trees on already diverted land are to be cut which were overlooked earlier by the field staff. Whereas elsewhere it is highlighted that 0.339 ha forest land needs to be diverted towards re-aligning of the transmission towers coming in the way of NH-44 widening. Clarification solicited.	The User Agency has submitted that the 0.339 ha has already been diverted but the details under Part I A1(VIII) cannot be kept zero. Since the area under patch of trees to be felled is 0.339 ha, so it has been shown under the column mentioned above.

Hence submitted for information and necessary actions at your end please.

No. RFD/FCA/ **5229**
Dated:- 24-11-2021

Yours faithfully,

Divisional Forest Officer
Ramban Forest Division
