संदर्भ :- 1-प्रस्ताव सं०-FP/UK/ROAD/34380/2018
2-आपका ई०डी०एस० दि० 05-10-2019।

महोदय,

उपरोक्त संदर्भित पत्र के क्रम में विषयगत प्रस्ताव में लगाई गई आपत्तियों का निराकरण आख्या ऑनलाईन निम्नानुसार है -

S.No	Shortcomings	Report/Resolved
1	Copy of non encumbrance certificate is not uploaded at para L-iv-h of online part-I. Instead suitability certificate of land selected for CA is uploaded non encumbrance certificate should be bearing the declaration that land selected of CA is free of any legal dispute and not occupied by any one, not allotted for any other purpose to anyone or any institution etc.	Non encumbrance certificate for CA land is uploaded online at L-iv-h of Part-I by user agency.
2	In the list of trees uploaded at additional information details of online part-I., total 140 trees have been counted only in 6.00 metre width whereas in other documents contained in hard copy of proposal (Prapatra-21, 21.1 and 24) total 314 trees have been mentioned to be felled. Further more on the observation of other documents like certificate of width and length of project, Joint inspection report, Bar chart and pratedan, it has been found that width of road in forest land is 7 metre. But trees counting list uploaded online is of 6 metre width. User agency and DFO provide clarification or do the necessary correction in this regard.	Since the number of trees falling along 7 m width is a large number. The proposed road is connecting to only the designated village. So it does not require much width of the road as there would not be much traffic. Therefore in order to avoid unnecessary felling of trees, 7m width of the road and to the preserve the valuable tree wealth, it is being proposed to fell trees along 6 m width of the road. Consequently the proposed number of trees has been reduced.

अतः आख्या ऑनलाईन आवश्यक कार्यवाही हेतु प्रेषित है।

भवदीय,

(दीप चन्द आर्य)
