To.

Deputy Conservator of Forests,
Belagavi Division, Belagavi.

Sir,

Subject:	Diversion of 26.9255 Ha (Revised from 33.0507) Forest land for construction of diversion weir, jackwell cum pump house, electrical substation, pipeline & power line in kanakumbi & other village of khanapur taluk, belagavi district for construction of Kalasa Nala diversion scheme.
Reference:	Your office letter No:D1/FC-157327/CR-08/2023-24/747 Dated:06.06.2023.

With reference to the above subject & reference, CA area identified in Halalli Sy No.66 of Athani taluk receives average annual rain fall of 538-559 mm and has very little natural vegetation, Keeping the above factors in mind, Big size poly bags ie 14*20 with 1*1*1 m pit size is chosen to be suitable for planting. This along with watering provisions that is included within the datasheet, soil & moisture conservation measures and overall protection in terms of chain link fencing can result in raising good plantation & forest in future.

Hence, The CA scheme proposed now from this office meets the silvicultural requirement for afforestation in dry area.

CA Scheme Attached

Deputy Conservator of Forests,
Ghataprabha Division, Gokak.

2) EDS raised on 03.04.2023

With reference to the above subject, please find below the compliance to the EDS;

Sl.No	EDS	Compliance
1.	The State Government may explore the possibility for strengthening the CA scheme from the perspective of silvicultural requirements for afforestation in a dry area.	Karnataka Forest Department may address this issue technically and suggest silviculturally sound Package of Practices for raising Compensatory Afforestation as desired by IRO, MOEFCC, Bangalore. KNNL is ready to bear the additional cost towards the same, if any.
2.	Since the project site is falling in the Tiger Corridor, CWLW may consider incorporating suitable mitigation measures in the Mitigation plan and the requirements prescribed under MoEF&CC Guidelines dated 17/5/22 in such cases.	As per the OM Dt: 17.05.2022, application seeking SBWL/NBWL recommendation has been uploaded in Parivesh portal on 31.05.2023 vide proposal no. WL/KA/DRKWATER/431333/2023 and the acknowledgment is enclosed as Annexure-1 .
3.	The document enclosed with the proposal bearing 12011/12/2019-1A (R) dated 17.10.2019 wherein the MoEF&CC, GOI has made certain observations /prescribed conditions pertaining to the earlier proposal	Kalasa Nala Diversion Scheme is a Drinking Water Supply project and drinking water supply projects are not listed in the schedule of EIA Notification, 2006 and its subsequent amendments. Hence, do not require Environmental

The User Agency informed that the same for this proposal is awaited, which may also be furnished to know the requirements if any from the ecological angle that may be suggested by MoEF&CC.	Clearance for the project. As per the MOEFCC letter Dt: 17.10.2019, necessary environmental safeguards will be implemented as per Environmental Management Plan. Further, as suggested in the letter, application seeking NBWL approval has been uploaded in Parivesh portal as stated above.

Kindly consider the same and it is requested to forward the same to IRO, MOEFCC, Bangalore for according the Stage-I Forest Clearance for the project.

Yours faithfully,
