

**Certificate Regarding Non Availability of Non Forest Land for
Colony for Song Dam Drinking Water Project
Proposal No.(FP/UK/Water 40701/2019)**

It is certified that, only field office and temporary residences for technical and other workers engaged in the project will be constructed and the structure will be removed on completion of project. The main residential colony for the personnel is to be located in non-forest land. Only operational infrastructure will be located in the proposed area.
