-000-

I submit that the details as called for by the Principal Chief Conservator of Forests, Chennai in the 1st reference cited is as below

Sl. No	Quires raised by the Principal Chief Conservator of Forests, Chennai	Reply
1	Whether the proposal is for alternate road for re-construction of damaged bridge across Malattar River in Thiruthuraiyur R.F or for reconstruction of damaged bridge	The Proposal is only Temporary diversion road
2	If the present proposal of diversion of forest land is for alternate road for reconstruction of bridge, then there will be no need of use for alternate road on completion of reconstruction work. In such a situation, lease required for a period of 25 years as recommended by the Conservator of Forests is not required	yes

3.	The District Forest Officer and Conservator of Forests have not reported the details of Right of Way allowed for the existing road cum bridge portion.	The road totally owned by Highways Department they demont is just a alternative road till the reconstruction of damaged bridge in their road .as the entire road belongs to Highways Department the question of Right of Way not arise here.
