## No.F.6-1124/FC/For-2017/ 10 5& Government of Tripura Forest Department

Dated, Wovember, 2022.

To
The Deputy Director General of Forests (C),
Ministry of Environment, Forests & Climate Change,
Integrated Regional Office,
Law-U-Sib, Lumbatngen, Near M.T.C. Workshop,
Shillong-793021.

Subject: - Proposal for diversion of additional forest land over 0.341 ha of forest land for construction of Garjee Station approach road in connection with construction of Agartala-Sabroom BG Line under DFO, Gomati by N.F. Railway Construction Organization -regarding.

Organization -regarding.

Ref: - F. No. 3-TR B 066/2021-SHI/1998-99 dated 13<sup>th</sup> October, 2022.

Sir,

With reference to the subject cited above, I am directed to inform you that, the IRO, MoEF & CC, Shillong conveyed the final approval under Forest (Conservation) Act, 1980 for diversion of 9.94 ha of forest land for construction of New BG Railway line between Agartala-Sabroom vide letter F. No. 8-17/2013-FC (pt.)/1298-99 dated 21<sup>st</sup> July, 2022 (copy enclosed).

In this connection, the NF Railway, Agartala submitted an additional proposal on 03.04.2019 in complete shape for diversion of forest land over 0.341 ha for the construction of Garjee Station approach road at Mouja- Garjeecherra in connection with construction of New BG Railway line between Agartala-Sabroom under DFO, Gomati.

Meanwhile, the DFO, Gomati conducted a joint enquiry of the above proposal on 26.04.2019. During joint enquiry it was found that, the user agency had violated the Forest (Conservation) Act, 1980 as the user agency had constructed approach road to access the Garjee Station. It is also informed that they were ignorant about the prevailing various forest laws/ acts/ rules. The user agency has also agreed to pay the penalty, if any.

In order to settle the issue, the DFO, Gomati took action as per provision on occurrence of offence under Section 26 (A) sub-section 1(A) of Indian Forest Act, 1927 against of offender and subsequently the offence case was compounded by the authorized officer under Section 68 of Indian Forest Act, 1927 (Annexure-A) and all the concerned officers who were posted during the material period of the detection of violation have already been transferred to other Beats/ Ranges & Sub-Divisions.

In view of the above, I am further directed to enclose herewith the proposal vide No.F.6-1324/FC/For-2017/1158-63 dated 16.12.2021 (Annexure-B) and request you to kindly approve the above proposal under Forest (Conservation) Act, 1980 as the area is less than one hectare and the user agency may asked to plant and maintenance 100 nos forest fruit bearing trees for birds & others wildlife as compensation around the Railway Station.

Enclo: As stated.

(Sanjib Das)
Addl. Secretary to the Government of Tripura

Sub: Diversion of 9.94 ha of forest land for construction of New (BG) Railway line between Agartala to Sabroom of Mouja Purba Patichari & Garjee R.F. under Trishna Wildlife Sanctuary.

Sir.

This has got reference to the State Government of Tripura letter vide No.F.6-965/FC/For-2013/502-506 dated 08.08.2013 on the above mentioned subject seeking prior approval of the Central Government under Section-2 of the Forest (Conservation) Act, 1980 and to say that the said proposal has been examined by the Forest Advisory Committee constituted by the Central Government under section-3 of the aforesaid Act.

- 2. After careful examination of the proposal of the State Government of Tripura and on the basis of the recommendation of the Forest Advisory Committee, the Central Government hereby agrees to accord **Stage-II approval** under Forest (Conservation) Act, 1980 for diversion of **9.94 ha** of forest land for construction of New (BG) Railway line between Agartala to Sabroom of Mouja Purba Patichari & Garjee R.F. under Trishna Wildlife Sanctuary, subject to certain conditions:
- (1) Legal status of the diverted forest land shall remain unchanged:
- (2) Compensatory afforestation shall be raised and maintained over the degraded forest land, twice in extent to the forest land being diverted by the State Forest Department at the cost of the User Agency; As far as possible, a mixture of local indigenous species shall be planted and monoculture of any species may be avoided;
- (3) The additional NPV, if any, shall be calculated as per the latest guidelines of MoEF & CC dated 06.01.2022, wherever applicable.
- (4) The boundary of the diverted forest land shall be demarcated on ground at the project cost, by erecting four feet high reinforced cement concrete pillars, each inscribed with its serial number, forward and back bearing and distance from pillar to pillar;
- (5) The KML files of the area to be diverted, the CA areas shall be uploaded on the e-Green watch portal by the State Government.
- (6) The User Agency shall obtain the Environment Clearance as per the provisions of the Environmental (Protection) Act, 1986, if required;
- (7) No labour camp shall be established on the forest land;
- (8) The User Agency shall provide fuels preferably alternate fuels to the labourers and the staff working at the site so as to avoid any damage and pressure on the nearby forest areas;
- (9) The conditions stipulated by the standing committee of NBWL shall be complied with.
  - (i) Among the three alignments explored for the construction of railway line between Udaipur and Sabroom, the committee is convinced that Alignment-2 requiring 9.94 ha of sanctuary land is the most practical for the construction of railway line with least conservation impact and technical/economic/social viability.

- (ii) Fencing/funneling in vicinity of underpass on either side of the track passing through the forest should be done at least for 100 m distance. Any steep embankment on either side of the railway line needs to be made more gentle or flattened as these often trap wildlife on the railway track causing mortality by fast moving trains. The peed of the trains plying through the forest patches of the sanctuary need to be regulated to below 45 km per hour.
- (iii) Separate smaller passage ways for small mammals, reptiles and amphibians are required with herp-fences all along the railway track when passing the forest corridor patches. Design of these provided in Eco-friendly Measures to Mitigate Impacts of Linear Infrastructure on Wildlife (2016) compiled by the Wildlife Institute of India, Dehradun shall be considered while according stage approval for this project. Precise local of these messages can be decided by the Railways in consultation with the Tripura Forest Department.
- (iv) The committee deliberated at length the appropriate management category of the 13 sq. km Bhairabnagar Bison Conservation Area. Based on the field visit to this area, discussions with senior officials including PCCF of Tripura Forest Department, the presence of cultivation and settlement in this relatively-isolated small forest patch and its proximity to the Bangladesh border, the committee recommends that the Bhairabnagar Bison Conservation Area be managed as a Conservation Reserve under the Wildlife (Protection) Act, 1972. This would be the most appropriate and practical means of ensuring conservation of the forest and the wildlife.
- (v) About 30 sq. km of the Garjee Reserve Forest, close to Paratia FRH (Garjee beat) should also be established as a Conservation Reserve under the Wildlife Protection Act.
- (10) Speed regulating signage will be erected along the railway line at regular intervals in the Protected Areas/Forest Areas.
- (11) The user agency shall provide suitable under / over pass in Protected Area / Forest Area as per recommendation of CWLW / NBWL / FAC / REC.
- (12) No additional or new path will be constructed inside the forest area for transportation of construction materials for execution materials for execution of the project work.
- (13) The period of diversion under this approval shall be co-terminus with the period of lease, if any, to be granted in favour of the user agency or the project life, whichever is less.
- (14) The layout plan of the proposal shall not be changed without the prior approval of the Central Government;
- (15) The forest land shall not be used for any purpose other than that specified in the proposal;
- (16) The forest land proposed to be diverted shall under no circumstances be transferred to any other agency, department or person without prior approval of the Central Government;
- (17) No damage to the flora and fauna of the adjoining area shall be caused;
- (18) The user agency in consultation with the State Government shall create and maintain alternate habitat/home for the avifauna, whose nesting trees are to be cleared in this project. Bird's nests artificially made out of eco-friendly material shall be used in the area, including forest area and human settlements, adjoining the forest area being diverted for the project;
- (19) No quarry shall be established in forest area without prior permission.
- (20) The reclamation of quarry should be done under the supervision of the State Forest Department. The quarry shall be reclaimed and afforested completely before the project is closed.
- (21) Overburden shall not be dumped outside the width of the Railway Line. The muck generated in the earth cutting will be disposed off at the designate dumping side and in no case the muck/debris shall be allowed to roll down the hill slopes.
- (22) The user agency will provide retaining walls, breast walls and drainage as per requirement to make the slope stable;

- (23) The User agency will undertake comprehensive soil conservation measures at the project cost in consultation with the State Forest Department;
- (24) The State Government shall complete settlement of rights, in terms of the Scheduled Tribes and Other Traditional Forest Dwellers (Recognition of Forest Rights) Act, 2006, if any, on the forest land to be diverted and submit the documentary evidence as prescribed by this Ministry in its letter No. 11-9/1998- FC (pt.) dated 03.08.2009, and 05.07.2013 in support thereof;
- (25) User Agency will assist the State Government in preservation of flora and fauna of the area in accordance with the plan prepared by the Chief Wildlife Warden of the State. Attention will be particularly given to providing safe crossing and corridor for wildlife species and protecting sensitive habitat like wetlands, grassland and woodland from degradation.
- (26) Where Canopy continuity is required for particular species, special measures shall be prescribed by the Chief Wildlife Warden for providing crossing point. Where certain trees used for nesting/ rookeries of species like birds of prey, herons/storks, hornbills, etc. are to be destroyed, alternative structure shall be provided and the trees transplanted;
- (27) All other conditions proposed by the State Government at the time of submission of the proposal to the Central Government shall be complied with by the User Agency;
- (28) Any tree felling shall be done only when it is unavoidable and that too under strict supervision of the State Forest Department;
- (29) Rehabilitation of project affected families shall be done as per the National Rehabilitation policy / State Rehabilitation policy whichever is better in consultation with the State Forest Department at the cost of user agencies;
- (30) The transfer of forest land to the user agency shall not affected by the state Government till formal order approving the diversion of forest land area issued by the Central Government;
- (31) All conditions stipulated by Hon'ble Supreme Court of India vide its order dated 31-07-2015 passed in I. A. No. 182 of 2015 in W.P. No. 337/1995 shall be strictly complied with;
- (32) The State Government shall ensure controlled speed limit if the trains passing through the forest portion to enable the trains drivers to react to the sudden appearance of the wild animals on the track;
- (33) Ex-situ conservation of endemic species of flora/fauna lost/disturbed in the process of execution of the project may be ensured;
- (34) The designing of culverts/bridges, if any, over the natural streams/rivers/canals should be done in such a manner that it does not hamper the natural course of water, does not give rise to water-logging, and also does not hamper movement of wild animals;
- (35) The user agency shall submit the annual self compliance report in respect of the above conditions to the State Government and to the concerned Regional Office of the Ministry regularly;
- (36) Any other condition that the IRO of this Ministry may stipulate, from time to time, in the interest of conservation, protection and development of forests & wildlife;
- (37) The User Agency and the State Government shall ensure compliance to provisions of the all Acts, Rules, Regulations and Guidelines, for the time being in force, as applicable to the project.

This is issued with approval of Deputy Director General of Forests (C).

No.F.6-1124/FC/For-2017/1158-63 Government of Tripura Forest Department

Dated, Agartala, the 16 December, 2021

To

The Deputy Director General Forests (Central), Ministry of Environment, Forests & Climate Change Integrated Regional Office, Law-U-Sib, Lumbatngen, Near M.T.C. Workshop, Shillong-793021

Subject: - Proposal for diversion of 0.341 ha of forest land for construction of Garjee Station Approach Road at Mouja-Garjecherra in connection with Agartala-Sabroom in BG line project under District Forest Officer, Gomati

Proposal No.:- FP/TR/RAIL/25849/2017

Madam.

I am directed to send herewith a proposal received from the Dy. Chief Engineer/Con N.F Railway, Agartala seeking clearance u/s 2 (ii) of the Forest (Conservation) Act, 1980 for construction of Garjee Station Approach Road at Mouja-Garjecherra in connection with Agartala-Sabroom in BG line project under District Forest Officer, Gomati.

- Brief Description: This proposal submitted by the user agency seeks diversion of 0.341 ha of forest land for construction of Garjee Station Approach Road at Mouja-Garjecherra in connection with Agartala-Sabroom in BG line project under District Forest Officer, Gomati as per land description given in the Part-I of Form-"A". The User Agency has intimated that the area proposed for diversion is for construction of Garjee Station approach road. The forest area proposed for diversion for the non-forestry purposes in this case is barest minimum and unavoidable for the said project. Therefore the proposal for diversion is adequately justified. This is a linear project. The user agency informed that they will submit RoFR, Act 06 certificate over the proposed land on issuance of Stage-I clearance.
- Details of forest land proposed for diversion:- The land particulars in respect of the forest land proposed for diversion are annexed with Part-I of the Form-"A". Purpose wise break up has been furnished in Part-I of the Form-"A". The total land involved in the project is 0.341 ha only out of this the forest land in the State of Tripura is as follows:-

(a) RF

- 0.341 ha

(b) PRF

- Nil

(c) Unclassed

- Nil

(d) Village forests - Nil.

(e) Private forest - Nil Total:

0.341 ha

Forest land identified for proposed location

District	Forest Sub- Division	Compartment	Block	Area in ha	Working Circle
Gomati	Udaipur	35	Garjee Block	0.341	-

Maps enclosed: - The user agency has furnished the following maps along with the diversion proposals:

- i. Vendyke map showing the location of proposed project in the State and Mouja map for raising compensatory afforestation
- ii. Topo Sheet showing the location of proposed site as well as Compensatory Afforestation site
- iii. Soft copy of (.shp) shape file over the proposed land for diversion.
- iv. Soft copy of (.shp) shape file over the Compensatory Afforestation land.

- 5. Assessment of Forest Stock: The forest area is situated in the Gomati District of the State. The is no tree standing on the proposed land. The density of the vegetation is less than 0.1 and assessed ecological class for the proposed diversion site is Class 1(Tropical Moist Deciduous Forests). The NPV will be charged @ Rs. 7.30 lakh per ha.
- 6. Flora and Fauna and archaeological importance: The area is situated under Gomati District. Moreover, the area does not have importance from archeological view point. There is no significant and endangered species of wildlife. No protected archaeological/ heritage site/ defense establishment or any other important monument is located in the area.

7. Compensatory Afforestation: - The forest land to be diverted for the above project is 0.682 ha. Double degraded forest land has been selected for Compensatory Afforestation. The details are as follow:-

Forest land identified for Compensatory Afforestation

District	Forest Sub- Division	Range	Compartment No.	Area in ha	Block
Gomati	Udaipur	Udaipur	19	0.682	Chandrapur Block

The map showing the above identified land, has been enclosed with the diversion proposal. The identified degraded forest land for raising Compensatory Afforestation, comprising area 0.682 ha.

The above area is proposed to be covered under plantation. The District Forest Officer, Gomati have drawn up compensatory afforestation with a financial outlay of Rs. 2,14,035/-. The compensatory afforestation scheme, envisages block plantation over 0.682 ha.

The Dist.F.O, Gomati has given certificate regarding suitability of land for compensatory afforestation and user agency has given undertaking to bear the cost of compensatory afforestation over 0.682 ha. The user agency has furnished undertaking to deposit the amount of CA scheme, etc after the Stage-I clearance under FCA is granted.

- 8. Displacement of Human Population: No human population is being displaced owing to the project.
- Environmental Clearance: The environmental clearance is required.
- Cost benefits analysis: The cost benefit analysis is enclosed with the Form-A Part-I.
- 11. Violation of Forest (Conservation) Act/ Indian Forest Act: -

The user agency has violated the Forest (Conservation) Act, 1980. Accordingly DFO, Gomati has drawn OR u/s 26(A) Sub-section (1A) of IFA 1927 against the user agency. The District Forest Officer, Gomati has submitted a report in the prescribed format. He is also recommended to accept the proposal as per the guideline issued by the MoEF & CC, (FC Division), New Delhi vide dated 29.01.2018 at Sl.No.3.B.

12. Recommendation of the State Government: - Recommendations of the Nodal Officer, FCA and the State Government are submitted in part IV & V of the Form-"A" respectively and these are enclosed with the proposal. The Assessing Officers have not made any adverse comment on the proposal and it has been suitably recommended by senior officers.

Enclo:-As stated above

Yours faithfully,

(Shakti Kant Singh)

Addl. Secretary

to the Government of Tripura

			Land(ha.)
1	For Garjee Station Approach Road	0.341	0

### C. Maps of forest land proposed to be diverted

(i). Area of forest land proposed to be diverted(in ha.): 0.341

(ii).: Linear

(b). No. of Segments: One

Segment wise details
Segments Segment Area(in ha.) Kml File of Segments

1. 0.341

(iii). Copy of Survey of India Toposheet indicating boundary of forest land proposed to be diverted:

(iv). Scanned copy of the Geo-referenced map of the forest land proposed to be diverted prepared by using GPS or Total Station:

## <u>D. Justification for locating the Project in forest land and details of alternatives examined:</u>

- (i). Copy of note containing justification for locating the Project in forest land: No Data
- (ii). Whether a copy of map indicating location of alternative examine is required to be provided: Yes
- (a). Copy of map indicating location of alternative examined: No Data

#### E. Employment likely to be generated

- (i). Whether the Project is likely to generate employment ?: Yes
- (ii). Permanent/Regular Employment(Number of persons): 0
- (iii). Temporary Employment(Number of person-days): 310

### F. Displacement of People due to the Project, if any

- (i). Whether Project involves displacement?: No
- G. Details of Cost-Benefit analysis for the Project

(i). Whether the Project requires Cost-Benefit analysis?: No

### H. Status of Environmental Clearance

- (i). Whether the Project requires Clearance under the Environment (Protection) Act 1986?: No
- I. Status of Wildelife Clearance
  - (i). Whether the Project or a part thereof is located in any Protected Area or their Eco sensitive zone? : No
- J. Applicability of special provisions governing Scheduled Areas
  - (i). Whether the Project or a part thereof is located in a Scheduled Area? : No
- K. Status of settlement of rights under the Forest Rights Act, 2006 on the forest land proposed to be diverted
  - (i). Whether the process for settlement of Rights under the Forest Rights Acts 2006 on the forest land proposed to be diverted has been completed? : Yes
    - (a). Copy of documentry evidence in support of settlement of rights under the Forest Rights Act, 2006 on the forest land proposed to be diverted: No Data
- L. Details of land identified for Compensatory Afforestation
  - (i). Whether non-forest or Revenue forest land is required to be provided by User Agency?: Not Applicable
  - (ii). Whether the area of non-forest land or Revenue forest land required to be provided by User Agency for raising Compensatory Afforestation is less than area of forest land proposed to be diverted?: Not Applicable
  - (iii) . Reason for not providing Non-Forest Land: Not Applicable

## NORTH EAST FRONTIER RAILWAY

(Construction Organisation)

OFFICE OF THE DY. CHIEF ENGINEER/CON AGARTALA FAX NO. 0381-2375573

## CERTIFICATE FOR BARE MINIMUM

This is to certify that the forest land required is bare minimum area for the purpose and there will be no further requirement of additional area. We as User Agency also certify that we will not shift to any area other then the area as mentioned in the proposal. We also certify that no suitable private or Government non forest land is available at the site required for reasons as mentioned in the proposal.

Date: .03.2017

Place: Agartala, Tripura

(S.S. Khongrymmai)
Dy. Chief Engineer/Con-II
N. F. Railway, Agartala.

### NORTH EAST FRONTIER RAILWAY

(Construction Organisation)

OFFICE OF THE DY. CHIEF ENGINEER/CON AGARTALA FAX No. 0381-2375573

## CERTIFICATE FOR COMPENSATORY AFFORESTATION

We, as User Agency certify that we are willing to bear the cost of raising and maintenance of Compensatory Afforestation and/or penal Compensatory Afforestation as well as cost for protection and degeneration of safety zone, etc as per the scheme prepared.

## NORTH EAST FRONTIER RAILWAY

(Construction Organisation)

OFFICE OF THE DY. CHIEF ENGINEER/CON AGARTALA FAX NO. 0381-2375573

## CERTIFICATE FOR PAYMENT OF NPV

Certified that the User Agency (N. F. Railway, Construction Organisation) will pay the Cost of Net Present Value of Forest land to be diverted for as per State Government order and Hon'ble Supreme Courts' decision in this regard.

Date: .03.2017

Place: Agartala, Tripura

(S.S. Khongrymmai)
Dy. Chief Engineer/Con-II
N. F. Railway, Agartala.

## Annexure-A

For the construction of BG Railway Line between Udaipur-Garjee forest land was diverted and work has been executed. Trial run for introduction of BG Train between Udaipur-Garjee was already been done on 10.03.17 and it is expected that Railway BG Train services in the Udaipur-Garjee section will start from April, 2017 onwards. The existing approach road to the Garjee Station building and Yard is very congested and hence additional land is required for construction of approach road and the area for turning of the vehicle near station building. As this is the land required for approach road and hence, there is no scope for any alternative land.

Date: 17.23.2017 Place: Agartala, Tripura

(S.S. Khongrymmai)
Dy. Chief Engineer/Con-II
N. F. Railway, Agartala.

No. W/207/Con/Agartala-Sabroom/AGTL/

Date. 16.03.2017

To

The District Magistrate & Collector, Gomati District, Udaipur.

Sub: Request for issue of "Non-Encumbrance Certificate" for diversion of forest land to N.F.Railway.

Dear Sir,

With reference to the subject cited above, it is requested to issue 'Non-Encumbrance Certificate in respect of Forest land measuring 0.341 ha of Forest land of Mouja – Garjee Cherra under Gomati Forest Division for construction of approach road and the area for turning of vehicles near Garjee Station building in connection with construction of Agartala - Sabroom new Railway BG line project as per the provision of "Schedule Tribes & Other Traditional Forest Dwellers Act, 2006' before selecting plots and authenticated by you as asked by Chief Conservator of Forest, Govt. of Tripura, Agartala.

So you are requested to please send the required Certificate at the earliest to the undersigned for further action from this end.

Thanking you.

Enclo: Land Statement.

(S.S.Khongrymmai)

Dy. Chief Engineer/Con-2 N. F. Railway, Agartala.

## PART-II

## (To be filled by the concerned Depity Conservator of Forest)

State Serial No. of proposal : TR 013/2019

1. Location of the project/Scheme: Tripura

(i) State / Union Territory: Tripura

(ii) District : Gomati

(iii) Forest Division: Gumti District Forest

(iv) Area of forest land proposed for diversion (in b)

(v) Category of the Proposal: Railway

#### 2. Legal status of forest land proposed for diversion:

S. No.	Division	Forest Land(ha.)	Legal Status
1	Gumti District Forest	0.341	Reserved Forest
0.1	Total	0.341	

#### Division 1. : Gumti District Forest

#### 3. District wise area to be diverted in the division :

S. No.	District	Area(ha.)
1	Gomati	0.341
7	Total	0.341

4. Details of Vegetation available in the forest land proposed for diversion :

(i) Density of vegetation

S. No.	Area(in ha.)	Density	Eco-Class	1
1	0.341	0, 1, 1, 1, 1	Eco 1	
Total.	0.341	7. 14.16		

(ii) Species-wise local/scientific names and girth-wise enumeration of trees at FRL:

S.	Scientific	Local	(0-	(31-	(61-	(91-	(121-	(>150)cm
No.	Name	Name	30)cm.	60)cm.	90)cm.	120)cm.	150)cm.	
				NIL				

- 5. Working plan prescription for the forest land proposed for diversion : Data
- 6. Brief note on vulnerability of the forest area to erosion : Less prone to erosion
- 7. Approximate distance of the proposed site for diversion from houndary of forest(in km.) : 0
- 8. Significance of the forest land proposed for diversion from wildlife point of view :
  - Details of wildlife present in and around the forest land proposed for diversion :
  - (i). Some birds and apes were sighted in the adjoining area
  - Whether forms part of national park, wildlife sanctuary, biosphere reserve, tiger reserve, elephant corridor, wildlife migration corridor etc.: Yes

omati District (at

Details and comments on the impact of Project on such areas : Part of Garjee Conservation Reserve, since the area is less, minimum impact

- Whether the forest land proposed for diversion is located within eco-sensitive zone(ESZ) of the Protected Area notified under Wildlife(Protection) Act, 1972 (iii). (Note: In case, ESZ of a Protected Area is not notified, then, 10kms distance from boundary of the Protection strough by Second of ESZ): No
- Whether any national park, wildlife sanctuary, biosphere reserve, tiger reserve, elephant corridor, wildlife migration corridor etc., is located within 1 Km. from (iv). boundary of the forest land proposed for diversion: No
- Whether any rare/endangered/unique species of flora and fauna found in the (v). area: No

Details of any protected archaeological/heritage site/defence establishment or any other important monument located in the area, if any :

- Whether any protected archaeological/heritage site/defence establishment or (i). any other important monument is located in the area: No
- 10. Comment as to the reasonability of the extent of the forest land proposed for diversion :
  - Whether the requirement of forest land as provosed by the user agency is (i). unavoidable and bare minimum for the project: Yes
- 11. Details of violation(s), if any ,committed:
  - Whether any work in violation of the Act or guidelines issued under the Act has (i). been carried out: Yes

7 716

1 : 1 = 17 11 11 11

- (a)Details of violation(s): clearing of land for creation of approach road
- (b) Period of Work done(year): 4
- (c) Area of forest land involved in violation (in ha.): 0.341

S. No.	Name of person responsible for violation	Designation & Address of person responsible for violation	Action taken against the person responsible for violation
1	Sri Dinesh kr Bharti	JE NE	offence report has been drawn
2	S S Khongrymmai	Dy CE NF Railwa	

12. Whether work in violation is still in progres(Yes/No): No

13. Details of compensatory afforestation scheme :

Patch wise details for Degraded Area (To be earmarked by DFO)

(i). Total Financial Outlay for C.A(lacs): 2.14
