

No.
H.P. Forest Department.

Dated Rampur, the

From:- C.C.F. Rampur.

To :- Nodal Officer-cum- APCCF (FCA)
O/o Pr. CCF (HoFF) H.P.

Subject :- Diversion of 2.1532 Ha. of forest land for already established stone crusher at Pashada, P.O. Khaneri, Tehsil Rampur Distt. Shimla HP in favour of M/s Bushahr Laghu Udyog VPO Jhakri, Tehsil Rampur Bushahr within the jurisdiction of Rampur Forest Division, Distt. Shimla H.P. (Online Proposal No. FP/HP/MIN/31194/2018).

Memo:

Kindly refer to your office Memo No Ft./FCA dated 16.07.2024 on the subject cited above.

2. The point wise reply to the observations raised vide your office letter under reference is furnished as under:-

Sr. No.	Observation	Reply
1.	The correct KML file and other maps as asked at Point No. 7 has still not revised hence, complete revised documents along with KML file may be revised as per directions of GoI.	User agency has intimated that the average width of the haulage road has been revised to 7 Mtr. and revised documents along with KML file has been uploaded in the appropriate column of online Part-I.
2.	The correct KML file as asked by GoI in Point No. 9 is still not found uploaded, which may be uploaded on Part-I at appropriate column as per the observation.	Revised KML file as per required correction has been uploaded against Column C (1) in online Part-I by the user agency.
3.	In reply to point No. 12, comments about mitigation measures to be adopted for stabilization of Nallah, Top Soil and mine wastes has neither been furnished not and detailed plan in this regard has been uploaded online.	User agency has intimated that the mining work will be carried out in very systematic and scientific manner; the stochasticity of landslide will be reduced to minimum by adopting the mitigation measures like Barricades/Check Dams, R/Wall etc. around the susceptible points. The mine waste along with top soil will be used to establish green belt in the lease area. During heavy rainfall the mining activity will be suspended, the working will be for 300 Days for a year excluding rainy season. During benches and soil dump the angle of repose will be maintained to prevent any land slide hazard in the area. Detailed Mining Plan has been uploaded against the appropriate column in online Part-I. The information regarding mitigation measures are at pages 8, 34,35 & 39 of mining plan.

4.	Neither the comments of CWLW nor Wild Life Management Plan has been found uploaded. Same may be uploaded.	The comments of CWLW has been uploaded as additional information at Sr No.42 of online Part-I.
5.	The column E (ii) & E (iii) is still not rectified.	The column E (ii) & E (iii) of Part-I have been corrected by the user agency.
6.	The certificate of non-availability of same material/ore in nearby non-forest area duly issued by competent authority has still not been found, instead of this an undertaking has been uploaded which does not serve the purpose.	The certificate of non-availability of same material/ore in nearby non-forest area duly issued by competent authority has been uploaded against additional information in online Part-I. Sr. No. 37 by the user agency.

This is for favour of information and further necessary action please.

Chief Conservator of Forests,
Rampur Bsr, H.P.
