

OFFICE OF THE EXECUTIVE ENGINEER (R&B) DIVISION VAILOO

Title of Project: - Construction/Up gradations of Bindoo Dramdalow via Bidder to Tantraypora Zamalgam Verinag CRF J&K-2017-18 (Job N: 265 s NO:43) proposal NOFP/JK/Road/46843/2020 dated:11-01-2021.

Subject:- EDS raised over the road from Bindoo to Zamalgam Verinag in Anantnag Forest Division by PWD.

Reference: - PCCF/FCA/3274/2241-44 dated: - 27-09-2021.

The proposed road connects, Bindoo Dramdalaw Tanaerypora and Zamalgam. In fact the road started from Bindoo and passed through dense forest via Dramdelow Tantarypora up to Zamalgam. After the joint inspection with the forest department this stretch from Bindoo to Dramdelow was dropped, keeping in view the involvement of large forest area and cutting of large numbers of trees. Also in between there is no habitation between Bindoo and Dramdalaw.

Therefore first section involved joining of habitation at Bindoo with the main road, national highway. NH244

Second section was therefore proposed from Dramdelow via Tantraypora to Zamalgam. Firstly this section is the shortest route between Tantarypora and Zamalgam whereas the other existing roads terminate away from Zamalgam.

Secondly this proposed road will remain open throughout out the year. While as the other connectivities are risky and remain closed due to snowfall during the winter.
