I/172505/2023

Accordingly, instructions were issued to the District Forest Officer., Kothagudem for preparation of CA scheme proposal as per the FC Act / FC Rules, 2003 as the proposal are submitted and processed before FC Rules, 2022.

The District Forest Officer, Bhadradi Kothagudem has reported that the as per the instructions issued by the Collector & District Magistrate, Bhadradi Kothagudem vide Procs.No.E1/3171/2020, dt. 19-02-2020, the Tahsildar, Allapally has been issued mutation certificate vide Rc.No.B/191/2020, dt. 21-10-2020 for an extent of 114.8625 ha in Sy.No.28 of Ulvchelka (V) & Sy.No.60 of Pedda Venkatapuram (V) of Allapally Mandal. The above land now proposed for CA is a part of the land.

The District Forest Officer vide ref 3<sup>rd</sup> cited has submitted has CA scheme proposal in NFL and Degraded Forest Land with a financial outlay of Rs.229.87240 Lakhs.

The land identified for CA is falling within the notified Rangapuram enclosure in Markode RF, which is notified U/s-15 of PA forest Act, 1967 vide GO Ms No 217, F&RD (For.III) Dept, dt.08.07.1974.

The said area is falling in Core area of Kinnersani WL Sanctuary and is covered with tree growth of species Nallamaddi, Tani, Chinduga, Buruga, tuniki, Pala, Pachara, Karangi, Teak, Revadi etc., with canopy density varying from 0.2 to 0.4 and as such cultural operations, fire tracing works, weed removal, SMC measures etc., are proposed and rejuvenation of vegetation is proposed with a financial outlay of Rs.126.16408 Lakhs.

Instead, CA is proposed in Degraded Forest Land (DFL) by retrieving forest land over an extent of 10.7249 ha under Semi Mechanical Method with 3m x 3m escapement. The details of Degraded Forest Land for raising CA with a financial outlay of Rs.103.70831 lakhs are as follows:

| Sl. No. | Range     | Section      | Beat            | RF Block  | Compt. No. | Area proposed for CA |
|---------|-----------|--------------|-----------------|-----------|------------|----------------------|
| 1.      | Allapally | Venkatapuram | Venkatapuram(E) | Allapally | 27         | 10.7249              |

Apart from the above, the EE vide ref 4<sup>th</sup> cited has informed that he has inspected the area and the proposed alignment is only suitable due to the following reasons:

1. The shortest path is rocky and no proper cart track.
2. streams flows on this path at many places for a length of 100 Mt to 200 M and also needs construction of two bridges.
3. This path passes through valley between hills for a length of about 1.0 Km which is not suitable for road formation and it may be washed out due to flow of water through valley during rains.
4. The public are using the proposed alignment only as it is a proper cart track and due to above drawbacks in other alignment even though it is of shorter length

In view of the above, the above replies alongwith revised CA scheme proposals and other documents are enclosed herewith with a request to forward the above replies to the IRO, MoEF&CC, GoI, Hyderabad for according Stage-I approval at the earliest, as the proposal is

being regularly monitored by Ministry of Rural Development and Ministry of Home Affairs, Government of India, as the road is proposed under LWE scheme.

Encl.: As above.
